Dear Shareholders,

I am pleased to write to you again at end of another wonderful year for Kwalita Limited. We have stayed on course to achieve our growth. Our business has performed well across all operating verticals including export as robust business model has helped us in facing tough external environment. We take pride in having kept the consumer delighted and milk producers happy by paying remunerative price to the lakhs of these small milk producers. We have realized that ensuring sustained income and livelihood to the milk producers is at the core of our strength.

We believe that commercial activities and corporate social responsibility must go hand in hand. Your Company has been closely associating with the farming community to help them improve the per animal productivity through provisions of nutritious readymade cattle feeds, feed supplements and priding ayurvedic and allopathic medicines to improve the health of their livestock, providing facilities for vaccinating animals to prevent occurrence of epidemic and endemic diseases, providing facilities to train, educate and enhance skills of the young farmers in clean milk production, animal health management. We have also sponsored financial inclusion initiative by collaborating with many public sector banks to provide loans to progressive farmers and entrepreneurs. For such efforts the Ayurvet Knowledge Symposium has awarded Dr. R. S. Khanna, Director with "Integrating Agriculture and Livestock for Sustainability". He received this award on behalf of Kwalita Limited on the hands of Late Dr. APJ Abdul Kalam, Former President of India.

Your Company has shown all round development in such spheres as the milk procurement, milk processing, product development, expansion of sales network of consumers and institutions, projecting our brand and marketing. Your Company has recorded a consolidated growth of 17.47% in sales turn over increasing to Rs. 5,876.98 Crore this year as compared to Rs. 5,002.79 Crore last year and a growth of 14.90 % in net profit increasing to Rs. 166.93 Crore this year as compared to Rs. 144.93 Crore last year. During the year under preview the exports of the company showed an increase of 189% at Rs 530.21 crore in comparison to 183.45 crore of previous year. Your Company has performed much better considering that Indian dairy sector is not a major player in the international market.

I would also like to inform and ensure that Kwalita Limited performs better during the forthcoming years, the dairy plant has been strengthened with new milk powder plant to manufacture novel dairy products, and has added vertically integrated units for manufacture of UHT Milk, Table Butter, sterilized sweetened flavoured milk and juices, a variety of ethnic products like Dahi, Chhach, Lassi, Paneer and western dairy products that would include a wide range of cheese and yogurts.

I place on record my appreciation and gratitude to the Central and State Governments, financial institutions, consumers, business partners, associates, vendors, farmers, and to you the shareholders for the trust and support to the Company.

Sanjay Dhingra
Chairman & Managing Director
