The Board recommends the passing of the resolution proposed at item No. 6 of the accompanying notice.

None of the Directors are interested in passing of the resolution proposed at item No. 6 except Mr. M.V. Doshi.

#### Item No. 7

The company has been engaged, inter alia, in the business of Money Changing for which the Company operates Full Fledged Money Changing counters at 35 branches in 28 cities in India.

These branches, the Regional Offices and Corporate office employs approximately 301 employees. The annual income of this business for the last 3 accounting years ended 31st March, 1999, 2000 & 2001 has been Rs. 787.82 lacs, Rs.907.33 lacs and Rs.1037.58 lacs.

The business carried out under the Brand name, "LKP Forex" has operated efficiently and has been profitable. The company's composite Financial statements do not specifically reflect the profitability and the strong market position commanded by this business. In order to express correctly the true worth of the money changing business, to ensure complete and undivided focus on this business, and to consolidate all money changing operations in one entity, it is considered necessary to transfer this business division to its Wholly Owned Subsidiary "LKP Foreign Exchange Bureaux Ltd." (to be named "LKP Forex Ltd."). This subsidiary company operates as Restricted Money Changer as against the money changing division of the company which operates as a Full Fledged Money Changer.

Your company's money changing business along with all its present employees, and such assets and liabilities as the board of directors at their discretion deem fit, will be transferred to the subsidiary in total conformity of law to ensure that the concerned employees

would have continuity of service and full protection of their existing terms and conditions of service with the existing subsidiary company becoming the new owner of this business. This will enable the company to express correctly the true worth of this business, have undivided top management focus on this business, offer more value added services and products, consolidate its money changing operations in one entity and to explore possibilities of seeking a strategic partner. The proposed transfer to the subsidiary company could provide a structure that would enable the company to achieve the aforesaid objectives.

The Board is satisfied that it would be in the best interest of the Company, its shareholders and its concerned employees to transfer the money changing business as referred to in the Ordinary Resolution set out at item No. 7 of the Notice convening the meeting, to LKP Foreign Exchange Bureaux Ltd. (to be named "LKP Forex Ltd.") a Wholly Owned Subsidiary of the Company.

The Board accordingly commends the Ordinary Resolution set out at item 7 of the Notice to seek members' authority to implement the proposed transfer for their acceptance. It will be implemented after seeking all necessary approvals including that of the Reserve Bank of India.

None of the Directors of the Company are deemed to be interested in passing of the above resolution.

#### Item No. 8 and 9

With the object of undertaking new business and thrive for entering into new fields of business activity and in particular entering into partnership with reputed organization, the company is contemplating to start retail outlets for establishing refreshment chains. In anticipation of the same, it would be advisable to incorporate new clauses in part C - Other objects of Clause III of Memorandum of Association. It is therefore considered advisable to incorporate clause 43 and 44 in part C - Other Objects after existing clause 42.

In accordance with the provisions of Section 17 of the Companies Act, 1956, the Object Clause of the Memorandum of Association can be altered only by a special resolution. Further, as a matter of prudence, approval of the shareholders is also sought at a General Meeting as required under Section 149 (2A) of the Companies Act, 1956 to enable the Board of Directors from time to time as it considers appropriate to commence and undertake all or any of the business specified in the new clauses 43 and 44.

The Board of Directors, therefore, recommend the passing of the Special Resolution of the accompanying notice. None of the Directors are deemed to be interested in passing the above resolution.

#### Item No. 10

The Board is desirous of seeking greater responsibility and accountability from the company's management team. The company has proposed to appoint Presidents and Vice Presidents for its management and to entrust them with substantial powers of management as Divisional Heads but subject to superintendence, control and direction of the Board of Directors. The present sub-

clauses of articles number 109 of Articles of Association do not contain the above authority.

It is, therefore, proposed to incorporate new sub-clauses in article no. 109 of the Articles of Association of the company providing for authority for the Board to manage company by President and Vice President whereby they shall be treated as Managers of the company under statutory requirements.

This is enabling resolution and Board recommends the same for approval. None of the Director is interested in the proposed resolution.

#### Item No. 11

The Provisions of Section 372A(1) (b) of the Companies Act, 1956 provides that prior approval of members by a Special Resolution is required before giving of guarantee or providing of securities in certain cases where giving guarantee or providing securities exceeds 60% of the company's paid up capital and free reserves or 100% or more of the company's free reserves, whichever is more. The Board may give guarantee, without being previously authorised by a Special Resolution if;

- (a) a resolution is passed in the meeting of the Board authorising to give guarantee;
- (b) there exists exceptional circumstances which prevent the company from obtaining previous authorisation by a Special Resolution in general meeting for giving a guarantee;
- (c) the resolution of the Board is confirmed within twelve months in a general meeting of the annual general meeting held immediately after passing the Board Resolution, whichever is earlier.

The Global Trust Bank Limited has renewed credit facility through its Nariman Point Branch, Mumbai granted to our associate company M/s. LKP Shares & Securities Limited. The Company as Guarantor for the repayment and discharge of the said credit facility has executed guarantee deed and passed Board resolution in the meeting held on 20th February 2001 subject to the confirmation of the same in the annual general meeting. The Board has opined the renewal of the facilities to LKP Shares & Securities Limited by Global Trust Bank Limited as furthering the business interest of the group as whole and exercised its power to give guarantee by passing resolution in accordance with the provisions of the Companies Act, 1956.

The members' approval of the above for ratifying the powers utilised by the Board of Directors is for the purpose of fulfilling the conditions laid down in Section 372A(1) (b) of the Companies Act, 1956. Mr. M.V. Doshi, as Director is interested in the resolution to the extent of his shareholding in LKP Shares & Securities Limited.

All the documents referred to in this statement will be available for inspection by the members of the company at the Registered Office of the company between 11.00 a.m. 1.00 p.m. on any working day of the company till 15th September 2001.

By order of the Board of Directors

### 3. DIVIDEND

In view of the company having made losses for the above period, the Board regrets its inability to recommend any dividend for the year.

### 4. PERFORMANCE REVIEW

The strong economic growth for the year 1999-2000 had raised hopes of another growth year in 2000-01. However, these hopes were sadly belied. Most of the economic indicators reflect a slowdown in growth - not only in the Indian economy but in many countries worldwide. With the inflow of gloomy economic news worldwide, corporates and individuals initiated strong measures for cutting costs at all levels. One of the first segments to be hit is foreign travel. This cost control measure by our clients coupled with increasing competition has put pressure on the margins of our money changing business.

As you are aware, your company's focus area has been in strengthening its Money Changing business. Your company's strength has been its distribution reach. During the year, your company further strengthened distribution reach by opening new branches at Varanasi and Pondicherry. Your company now operates its Money Changing business from 35 branches located at 28 leading cities in the country. Your company continues to be recognised as one of the leading Money Changers in the country.

Your company has proposed to transfer the Money Changing business to an existing wholly owned subsidiary company so as to improve focus on the business, increase value added services and retain its market share. Shareholders approval is being sought through Postal Ballot.

Your company's travel related Insurance business in the year under Report has grown steadily. This division offers services at 8 cities as of now and there are plans to expand

the reach. Over 14,000 policies have been issued till 31st March, 2001. It is satisfying to note that this business has crossed the break even level and we are confident that it will improve further from this year.

During the year under review, the stock markets saw large fall in market values of nearly all companies. This phenomenon is not common to the Indian stock markets. Your company had actively participated in investment activities during the year, 1999-2000 and had earned substantial income therefrom. However in the year 2000-01, the company has faced a great setback due to the downturn witnessed in the stock market. The total market capitalisation of all shares listed on the Stock Exchange, Mumbai fell by over 40% during the period 31st March 2000 to 31st March, 2001. The fall in values compounded by the tremendous fall in volumes of shares traded, meant that your company was not able to liquidate its investments position in a large number of companies when the market kept falling. It was only when the volumes of shares traded increased, that your company was able to liquidate its investment positions in companies.

From 2nd July 2001, the Indian stock markets have entered a new era. The structural changes introduced by SEBI in nearly all aspects of the stock markets-like doing away with the vyaj-badla system, introducing Rolling settlement for some of the most prominent and active stocks etc - have deeply impacted the volumes and prices of stocks traded. This, together with the series of other negative developments faced by the stock markets from March, 2001 has cast a pall of gloom over the stock markets. The unpredictable nature of the stock markets is more evident now than ever before. The coming few months will be the most difficult months for your company.

Legal remedies against borrowers and lessees who had defaulted in either repayment of loans or in payment of lease rentals continue to be pursued by the company.

### 5. CERTIFICATE FOR ISO 9002

Your company continues to maintain high level of quality services to its customers in the Money Changing business. This has been supported by the Surveillance Audits carried out by KPMG Quality Registrar for the Money Changing operations at Mumbai, New Delhi, Chennai and Pune.

### 6. LISTING

The company's equity shares are listed on the Stock Exchange, Mumbai and the Company has paid the listing fees upto and for the year 2001-02.

### 7. DELISTING

As reported last year, an appeal has been filed with Securities and Exchange Board of India against the Stock Exchange, Ahmedabad, subsequent to their refusal of
