### 2. OPERATIONS

The extraordinary delay in obtaining approvals and sanctions caused havoc to the operations of the Company. The Company's main project The Atrium, a residential development was the victim of the delay which resulted in number of cancellations of bookings previously made by the customers in the earlier years, causing uncertainty about the fate of the project. However, the Company was successful in obtaining approvals and sanctions and re-launch the project during the year and the sales have now started to pick-up.

Demand for under construction project have been low. But, since The Atrium deliveries and occupancies have started, customers' confidence have been building up slowly leading to a fair number of bookings for under construction and ready to occupy apartments.

The company has launched two further projects for deliveries in 2000/2001 and difficulties with regard to sanctions and approvals are not likely to be encountered.

The Company had a strain on cash flow resources due to non-performance of their part of the contract by a local business house. The Company is planning to take legal steps for recovery of the money.

#### 3. FUTURE OUTLOOK

The outlook of the Company for the coming year in spite of the difficulties mentioned above seems to be reasonably bright. The company continues to develop properties for upper segment of the market where though volumes are limited, the profitability is reasonable, by taking on mainly Joint Venture project limiting investments and consequently the interest burden.

Interest burden of the Company will progressively be reduced to more affordable levels which itself will lead to higher profitability in future years.

Sales of the main project The Atrium is now regularly taking place and the Company proposes to advertise to create an awareness so that in the remaining months of this year a substantial volume is sold.

#### 4. DIVIDEND

As a move to conserve the resources for the deployment in the business, your Directors are pleased to recommend a dividend of 3.75% only on the paid up equity capital of Rs.3.20 crores.
