DIVIDEND

With a view to conserve the resources in long run, your Directors have not recommended any Dividend for the year ended 31st March, 2010.

OPERATIONS & OVERALL PERFORMANCE

After being hit back by the economic slow down during the previous year, steel companies had recovered well registering remarkable growth during the year under review. The increase in the demand was mainly caused on the back of growth of various sectors such as automobile, construction, infrastructure and consumer durables. The domestic production of finished steel reported increase of about 4 % during the last year. The steel prices depressed during the first half of the year under review and picked up during the last quarter. Increase in demand and better price realizations had a good impact on the operating margins and profitability of the steel companies in the later half and trend is expected to continue during the current year as well.

During the year under review, the production of Sponge Iron was **168144 MT** against 173000 MT in the previous year. The Total Income of the Company was **Rs. 577.07** crores during the year as against Rs.527.76 crores in the previous year, showed an increase of **9 %**. The Company has reported Net profit of **Rs.17.87** crores during the year under review as against Rs. 28.44 crores in the previous year. With this, brought forward losses of Rs. 17.26 Crores has been wiped out. The figures of Total Income and Net Profit for the year under review are not comparable as previous year's figures includes 7 months operations of Steel Pipe & Tube Unit – since demerged. The reduction in the Net Profit is also attributed to increase in cost of raw materials, plant shut down during some part of the year. In order to utilize and harness the

Waste gases generated while producing Sponge Iron, the Company is setting up a 30 MW co-generation power plant at its Sponge Iron plant site which is under commissioning stage.

During the year 2004-05, the company floated a wholly owned subsidiary for the purpose of Iron ore mining activities. As per the order of Mines Tribunal, the revised letter issued by Government of Maharashtra (GoM) in favour of subsidiary has been set aside. Subsequently the original status has been restored by GoM and a lease has been granted in favour of the company. A case filed by a competitor before Delhi High Court in this matter has been dismissed. In the meanwhile, the company has received all statutory permissions and necessary sanctions from the concerned authorities to commence mining operations and the mining operations are expected to commence in due course.

ENVIRONMENT & SOCIAL OBLIGATION

The Company maintains the pollution free environment in and around its plant. The Companies' plant comply with all norms set up for clean & better environment by Competent Authorities.

MANAGEMENT DISCUSSION AND ANALYSIS

The core business of the Company is manufacturing and marketing Iron and Steel. The Management discussions and analysis is given hereunder :-

- Industry structure and development:** After facing severe beating in terms of price and demand of steel during the previous year, the steel industry has shown good signs of recovery during the current year led by increase in demand and capacity addition by domestic steel companies.
- Opportunities and threats:** The Steel industry has a very good growth potential in years to come with rising domestic as well as global consumption on back of growing demand by sectors like automotive, infrastructure and consumer durable sectors. The constant increase in prices on the back of hike in raw material cost may affect the steel industry.
- Segment-wise performance:** The Company is operating on only one broad segment, Iron and Steel and hence separate segmental reporting is not applicable. The Company has no activity outside India.
- Outlook:** The Steel Industry outlook in immediate future looks reasonably well due to stability in the domestic as well as global steel industry.
- Risk and concerns:** Steel Industry always runs risk of Industry cycle. The Company is continuously monitoring the supply management practices, Technological obsolescence, input prices, price sensitivity and demand volatility are an inherent business risks. The Company undertakes continuous development, training and modernization programme to keep its business efficient.
- Internal control system:** The Company maintains adequate internal control systems, which provide adequate safeguards and proper monitoring of the transactions. The Company has appointed an Internal Auditor who reports to the Managing Director and Audit Committee of the Board. The Internal Auditor conducts quarterly audits to ensure that the Company's control systems are adequately followed and all statutory requirements are complied with.
- Discussion on financial performance with respect to operating performance :** The operating performance of the Company has

been discussed in Directors Report under the head 'Financial Highlights' & 'Operations and Overall Performance' in the current year.

- h) **Human resources and industrial relations** : During the year under review the Employee/ Industrial relations remained harmonious. Steps were taken continuously by the Company for training its employees in various disciplines. Number of employees as on 31st March, 2010 was **302**.
- i) **Cautionary Statement** : The Management Discussions and Analysis describe Company's projections, expectations or predictions and are forward looking statements' within the meaning of applicable laws and regulations. Actual results could differ materially from those expressed or implied. Important factors that could make a difference to the Company's operations include economic conditions affecting demand and supply and price conditions in domestic and international market, changes in Government regulations, tax regimes, economic developments and other related and incidental factors.
