This allotment was as per the MOU signed between the Company and Stanley, for strengthening the mutual partnership by increasing technical and equity participation and thereby tapping the new business opportunities, in the back drop of changed business environment in the country.

Consequent to the merger of the Laser Lamps (Haryana) Ltd. with the Company the Equity base has been expanded by 8.50 lacs shares and with the result holding of Stanley has decreased to 17.96% of the present total Equity Capital Rs.834.77 lacs. DIVIDEND:

A dividend of 22% pro-rata (22% for previous year, 1996-97) is recommended on the equity shares for the year ended 31st March, 1998 for the approval of members.

Share holders of erstwhile Laser Lamps (Haryana) Ltd. will get full rate of Dividend as the appointed date of merger is w.e.f. 1.4.97

The Board also recommends 12% dividend on cumulative Convertible Preferential shares (CCPs) for 15 days. The CCPs were converted to equity shares in April 97.

PERFORMANCE:

There has been a general sluggishness of the Indian economy and the Automotive Industry has been worst hit. The growth in the Automotive Industry as a whole, as per AIAM has been 0%, while many sectors like Commercial Vehicles, Passenger Cars, etc. have shown negative growth.

Against this backdrop, the company has recorded a turnover of Rs. 1302.02 million for the year 1997-98 while the Net Profit was Rs. 83.26 million. The figures given for the year ended 31st March 1998 include figures of erstwhile Laser Lamps (Haryana) Ltd. (LLHL) consequent to the approval of Scheme of Amalgamation, effective from 01.04.97. Therefore current year figures are not comparable to those of the previous year. Nonetheless, the performance has been noteworthy in view of the dismal performance of the Auto Industry and in view of the fact of heavy interest burden as the company has invested Rs. 300 million in setting up a modern production facility at Dharuhera.

The Book Value of the equity share (excluding Revaluation Reserve) comes to Rs. 69.10 (against Rs. 59.15 in 1996-97).

PROSPECTS:

Production at Dharuhera plant has commenced. This plant will be the only lighting equipment plant in India having the facility for manufacture of polycarbonate lenses with silicon hardcoat. This will add to the company's competitive edge. The company has already secured orders from most new entrants to the vehicle industry and with its state-of-the-art facilities and strategic technical collaborations, it continues to be the first choice supplier for all OEMs in the country.

Moreover, the erstwhile LLHL unit at Sohna has also come under the Lumax fold. Through this the company is strengthening its upstream integration by enhancing its capability in bulb manufacture.

The directors thus feel confident of the company achieving higher growth in the year 1998-99.

DIRECTORS:

In accordance with the provisions of the Companies Act, and the Articles of Association of the company, Shri Rajan Jain and Shri T Kamoshita retire by rotation as directors and being eligible offer themselves for reappointment.

Shri A. Nakamura nominee of Stanley Elec. Co. Ltd. Japan (Collaborator) was inducted to the Board on 7.8.97 as Additional Director. The Board recommends his continuance as Director in the Board and for which members approval is required.

The 5 year Term of Shri D.K. Jain Managing Director expires on 31.7.98. He is being re-appointed for another 5 years and the members approval is sought for in the coming AGM.

Similarly, the 5 year term of Sh. S.C. Jain, Sr. Managing Director is expiring on 30th June 1999. His re-appointment on the existing terms and conditions is also put up for the approval of members.

AUDITORS:

Members are requested to approve the re-appointment of M/s K. S. Gupta & Company (Statutory Auditors) and M/s D. R. Barve and Company, Pune (Branch Auditors). Necessary Certificate pursuant to Section 224(1B) of the Companies Act, 1956 have since been received from the above said Auditors.
