ANNEXURE TO NOTICE

EXPLANATORY STATEMENT PURSUANT TO SECTION 173 (2) OF THE COMPANIES ACT, 1956

Item No.6

The Company was incorporated in the year 1986 under the name "MANALI PETROCHEMICAL LTD." for implementing PO/PG/Polyol Project. Initially it had only one manufacturing facility, at Manali and in the year 2000, SPIC Organics Limited was merged with the Company. Over the years, the size and operations of the Company have grown and at present the Company manufactures multiple ranges of petrochemical products, which aspect is not clearly reflected in the current name.

Therefore it is proposed to change the name of the Company as "Manali Petrochemicals Limited".

Change of name of the Company and consequential alterations to the Memorandum and Articles of the Company require the approval of the Members, by Special Resolutions.

Your Directors recommend the resolutions for the approval of the Members. None of the Directors of the Company is interested or concerned in the resolutions.

REPORT OF THE DIRECTORS AND MANAGEMENT DISCUSSION & ANALYSIS

To

The Shareholders

The Directors present their 25th Annual Report on the business and operations of your Company and the Audited Statement of Accounts for the year ended 31st March 2011.

FINANCIAL RESULTS

(Rs. in Crores)

DESCRIPTION	2010-11	2009-10
Profit Before interest & Depreciation	40.76	35.54
Interest	1.54	1.50
Depreciation	4.91	4.04
Profit Before Tax	34.31	30.00
Provision for Taxation	9.04	8.94
Profit After Tax	25.27	21.06
Cash Profit	31.60	29.01

During the year, the Company achieved a profit before tax of Rs.34.31 Crores and a profit after tax of Rs. 25.27 Crores. The process units were continued to be operated at higher capacity. The new polyol plant at Plant-2 commenced production in Feb. 2011. The trend of the profits and sales turnover for the past few years is given in Page 4 of the Annual Report.

OPERATIONAL HIGHLIGHTS

During the year, the debottlenecked PG plants and the retrofitted 'PO' plant were optimized and the production was stepped up and streamlined. The benefits of these augmentation schemes could be realized during the financial year. The new polyol plant train with a capacity of 17,000 MT per annum of polyol, was successfully commissioned in February 2011. The operation of the plant is being optimized. Thus, the production capacities of the PO, PG and polyol for the company has gone up to 36000 MT, 20000 MT and 50000 MT respectively. The bio-mass fired 4.2 MW co-generation captive power plant functioned to its best ability, thus alleviating problems posed by the restrictions on power supply.

Production was also fortified at Plant-2 with standby nitrogen plant and upgradation of the cooling water circulation system in view of the large augmented capacity of the process plants at that site. Sufficient storage tanks to handle the additional production have also been added.

Maximum utilization of the process plant can be achieved if sufficient quantities of imported 'PO' is available, which is currently imported in ISO containers. Steps are being taken to install an import terminal at Ennore Port to import 'PO' in bulk to improve availability of 'PO'. Though the derivative plants of PG and polyol have capability to process 60,000 MT of 'PO' per annum, the Company can produce only 36,000 MT per annum and hence arrangements are being made to import the balance.

During the year, 5,44,05,000 equity shares were transferred by SPIC to Dr. A C Muthiah and SIDD Life Sciences Private Limited as inter se transfer among promoters.

DIVIDEND

Your Directors recommend a 10 % dividend i.e. 50 paise for every equity share of Rs. 5/- each fully paid-up, for the year 2010-11, aggregating to Rs. 8.60 Crores, excluding dividend distribution tax.

MARKET SCENARIO

The market conditions in India continued to be good throughout the year. The polyurethane market improved considerably in India. Since our market share is less than 50% in all the segments, we sold all the quantities that we produced, comfortably. Scope exists for further improvement in market share with improved production capacities.

The international market also improved and hence better selling prices that prevailed during the year helped to improve profitability, inspite of increasing raw material costs.

During the year, the Company achieved a higher turnover of Rs. 496.72 Crores, an increase of 18 % over the previous year.

FUTURE OUTLOOK AND NEW PRODUCTS

Polyurethane industry is growing in excess of 20% in India. The automobile industry is growing phenomenally and India is becoming an export hub. Resulting from the expansion plans of auto companies and other PU industries, the 2nd tier market is expected to double within the next 5 years, and hence the outlook is good for the 3rd tier polyol & isocyanate manufacturers.

The multinational foam suppliers to auto companies are blending their formulations, and this has thrown open the possibilities for the Company to sell the base polyols directly to them without the need for completing the system with other chemicals / isocyanates. The unsaturated polyester industry and food / flavor industries are also growing in excess of 20%, and thus there is scope for expanding the Glycol facilities further.

OPPORTUNITIES AND THREATS

The various free trade agreements with ASEAN countries could pave way for large scale import of intermediate and finished products. However, it also gives the Company an opportunity to import the raw materials at concessional duties which would give it an edge in the market. The duty levels are already low and in view of the expansion we have completed and in view of the bulk storage tanks which we are planning, the threat and opportunities are likely to balance each other.

RISKS AND CONCERNS

Chennai Petroleum Corporation Ltd. being the sole supplier of propylene, even though is perceived as a big risk, their performance is consistent and has not posed any big constraint so far. However, the periodic long duration maintenance shutdown effected every alternate year would impact our operations and profitability. The PO import terminal planned by the Company would be of help in maintaining the operations without any shortfall.

ENVIRONMENT AND SAFETY

The periodic surveillance audits of ISO 9001 and ISO 14000 have been done regularly and the recertification audit is due in April 2011.

CONSERVATION OF ENERGY

As required under Section 217(1)(e) of the Companies Act, 1956 read with Rule-2 of the Companies (Disclosure of particulars in the Report of Board of Directors) Rules, 1988, information on conservation of energy, technology absorption, foreign exchange earnings and outgo, are annexed to and form part of this Report.

A Report on Corporate Governance is made a part of this Report and a Certificate from the Auditors of your Company regarding compliance with the conditions of Corporate Governance is attached to this report.

DETAILS OF UNCLAIMED SHARE CERTIFICATES

As per the information provided by the Registrars and Share Transfer Agent, 17,43,308 equity shares of Rs. 5 each are remaining unclaimed by 7,176 shareholders, for which they are in the process of sending reminders to the concerned shareholders as required under Clause 5A of the Listing Agreement. The shares in respect of the unclaimed share certificates would be dematerialized on completion of the prescribed process and dealt with in accordance with the requirements of the said Clause 5A.

COST AUDIT

The Government of India has ordered the Company to conduct audit of the cost accounts in respect of 'Chemicals' manufactured by the Company and accorded its approval for appointment of M/s. S Gopalan & Associates, Cost Accountants, as the Cost Auditors of the Company for the year 2010-11.

AUDITORS

Your Company's statutory Auditors M/s. Deloitte Haskins & Sells, Chartered Accountants, Chennai, retire at the conclusion of this Annual General Meeting and are eligible for re-appointment.

ADEQUACY OF INTERNAL CONTROLS

Your company has in place adequate internal control systems combined with delegation of powers. The control system is also supported by internal audits and management reviews with documented policies and procedures.

ACKNOWLEDGEMENT

Your Directors express their grateful thanks for the assistance, co-operation and support extended to the Company by the Government of India, the Government of Tamilnadu, the Promoters and the consortium of Banks. The Directors wish to thank the shareholders for their continued support.

The Directors also place on record their appreciation of the consistent good work put in by all cadres of employees.

DISCLAIMER

The Management Discussion and Analysis contained herein is based on the information available to the Company and assumption based on experience in regard to domestic and global economy, on which the Company's performance is dependent. It may be materially influenced by macro economic/environment changes, on which the Company may have no control and impacting the views perceived or expressed herein.
