PERFORMANCE HIGHLIGHTS

SALES

Driven by renewed vigour and aggression in the market, Maruti recorded its highest ever sales of over 4.72 lac vehicles in the domestic & export markets which resulted in gross sales revenue of Rs.112,840 million – a growth of 25.8 per cent over 2002-03. It is the highest top-line growth in the last 7 years.

EPS

High sales growth, coupled with significant improvements in operational efficiencies, has translated into much higher returns on investment – earnings per share (EPS) more than trebled from Rs.5.14 in 2002-03 to Rs.18.77 in 2003-04.

IPO

Government of India divested a majority of its shares through an initial public offer (IPO) and made way for greater participation from you – the shareholders in the fortunes of India's leading passenger car manufacturer.
