Management Discussion and Analysis Report

Your Directors submit for your consideration the Management Discussion and Analysis Report on the working of the Company for the financial year ended 31st March, 2020.

Education Industry review

India has the world's largest population of about 500 million in the age bracket of 5–24 years, which provides a great opportunity for the education sector. The education sector in India was estimated at US\$ 91.7 billion in FY18 and is expected to reach US\$ 101.1 billion in FY19.

Number of colleges and universities in India reached 39,931 and 993, respectively, in FY19. India had 37.4 million students enrolled in higher education in FY19. Gross Enrolment Ratio in higher education reached 26.3 per cent in FY19.

The country has become the second largest market for E-learning after the US. The sector is expected to reach US\$ 1.96 billion by 2021 with around 9.5 million users.

The total amount of Foreign Direct Investment (FDI) inflow into the education sector in India stood at US\$ 3.24 billion from April 2000 to March 2020 according to the data released by Department for Promotion of Industry and Internal Trade (DPIIT).

The education and training sector in India witnessed some major investments and developments in the recent past. Some of them are:

- On September 4, 2020, Avanse Financial Services, launched a' education loan offer for children who plan to pursue their higher education, take up teacher training courses and teachers who aim for up-skilling courses.
- In September, GoLearn, India's first AI-powered English Language Teaching and Learning (ELTL) platform is launched to meet the growing demand for English teachers.
- On September 2, 2020, Indian Institute of Technology (IIT) Delhi established an independent "School of Artificial Intelligence (ScAI)" on its campus to offer post graduate and PhD courses. The new school also aims to become the one-stop center for industry participants or the Government for AI innovation/ funding/ collaborations.
- In September 2020, LinkedIn and National Skill Development Corporation (NSDC) partnered to provide free access to LinkedIn Learning resources to upskill young professionals in the country and create a future-ready digital workforce.
- Between January 2020 and August 2020, venture capital investors invested ~US\$ 1.19 billion across 36 deals, against the ~US\$ 409 million across 43 deals between January 2019 and August 2019.
- From January 2020 to September 2020, BYJU's was at the top in the edutech sector, with a raised capital of US\$

1.12 billion in four branches from investors including Silver Lake, Tiger Global, General Atlantic, Owl Ventures and DST Global.

Government Initiatives

Some of the other major initiatives taken by the Government are:

- In September 2020, to help the administration implement policies for human resource development, Jammu and Kashmir Lt Governor inaugurated the State Council of Education, Research and Training (SCERT) on the lines of NCERT.
- In September 2020, UGC issued new guidelines for distance learning courses. As per norms, no university whether central, state, private or deemed to be university, can offer its programmes by franchising agreements with private coaching institutions to admit learners and conduct courses through open and distance learning and online mode.
- To engage students at home amid the coronavirus pandemic through educational activities, an alternative academic calendar for students, parents and teachers for all Classes I–XII has been developed by the NCERT under the guidance of the Ministry of Education.
 - o Alternative Academic Calendar (AAC) for four weeks and the next eight weeks for primary and upper primary stages had been released.
- To ensure equal access to online/digital education, the Government of India has taken the following initiatives:
 - o Under the flagship Initiative, SWAYAM-Prabha, Ministry of Education is providing 34 educational TV channels, covering educational contents for schools and higher educational institutions.
 - o Extensive use of radio, community radio and CBSE Podcast – ShikshaVani.
 - o Special e-content for visually and hearing impaired was developed on Digitally Accessible Information System (DAISY) and in sign language on NIOS website/ YouTube.
- According to Union Budget 2020–21, Government allocated Rs 59,845 crore (US\$ 8.56 billion) for Department of School Education and Literacy.
- Revitalising Infrastructure and Systems in Education (RISE) by 2022 was announced in Union Budget 2020–21 with a proposed outlay of Rs 3,000 crore (US\$ 429.55 million).
- Under Union Budget 2020–21, Government proposed apprenticeship embedded degree/diploma courses by March 2021 in about 150 higher educational institutions.

Road Ahead

In 2030, it is estimated that India's higher education will:

- combine training methods that involve online learning and games, and is expected to grow 38 per cent in the next 2–4 years
- adopt transformative and innovative approaches in Higher education
- have an augmented Gross Enrolment Ratio (GER) of 50 per cent
- reduce state-wise, gender based and social disparity in GER to 5 per cent
- emerge as the single largest provider of global talent with one in four graduates in the world being a product of the Indian higher education system
- be among the top five countries in the world in terms of research output with an annual R&D spend of US\$ 140 billion
- have more than 20 universities among the global top 200 universities

Various Government initiatives are being adopted to boost the growth of distance education market besides focusing on new education techniques, such as E-learning and M-learning.

Education sector has seen a host of reform and improved financial outlays in recent years that could possibly transform the country into a knowledge haven. With human resource increasingly gaining significance in the overall development of the country, development of education infrastructure is expected to remain the key focus in the current decade. In this scenario, infrastructure investment in the education sector is likely to see a considerable increase in the current decade

The Government of India has taken several steps including opening of IIT's and IIM's in new locations as well as allocating educational grant for research scholars in most Government institutions. Furthermore, with online mode of education being used by several educational organisations, the higher education sector in India is set for major change and development in the years to come.

THREATS AND OPPORTUNITIES

The long term shutdown of educational sector and other business operations to contain the Covid-19 menace, the resultant liquidity crunch along with the time and resources needed to return to normalcy of business operations, are threats that your Company shares with other business entities globally. Times of such adversity pose challenges to outperform and your Directors and Senior Management of the Company with

co-operation and dedication of its personnel at all levels stand committed to counter the threats with innovative strategies and over extending the reach of technological boundaries.

The Company is pro-actively identifying and pursuing opportunities by developing new key accounts and focusing on other available opportunities.

Company continues to put in place a comprehensive and robust enterprise-wide risk management structure, to enable all the businesses to recognize risks in advance based on the key initiatives by the business, so that appropriate and adequate mitigation plans can be worked out to ensure the goals are achieved. The risk management mechanism is an integral part of the Company's core process and involves recording, monitoring, independent testing and controlling of the internal functions of the enterprise by way of establishing Risk Control Matrix (RCM) to ensure process control, Business Risk Management (BRM) framework for business objectives, and Entity Level Control (ELC) for a comprehensive risk reporting. The rapid changes in technology across the globe have necessitated a dynamic change in the Company's business and delivery models. As risk-taking is an intrinsic part of all the businesses, it has been MT's constant endeavor to balance risk appetite in each line of business to ensure that each of the businesses generates high risk-adjusted returns, with the underlying objective of maximizing value for the shareholders.

MT has taken proactive steps to identify and prioritize the risks upfront, document them in consultation with the business groups and define the risk management framework. The Company has laid out internal controls over Financial Reporting to be followed by the Company. Such internal financial controls are adequate and operate effectively. At entity level, MT's risk management framework addresses all the significant risks of the businesses as envisaged by the management from time to time, based on the experience, the environment surrounding each business activity and future initiatives, to achieve the business group's objectives along with the relevant mitigation strategy. The mitigation strategy is simultaneously addressed by the respective business group for each of the identified risks while finalizing strategic and operational parameters of the business. The compliances and assurance of the risk mitigation strategies are addressed by the Internal Audit and Assurance Group. The Company has identified the major and significant risks into two broad categories, External Risks and Internal Risks, with mitigation strategies of each. The Company is well-diversified in terms of both its service offerings and geographic spread.

OUTLOOK

The world is still in throes of Covid-19. It will take considerable time for the economy to get on its feet and grow in strength. Under such a scenario, it would not be prudent to make any definitive forecast or commitment in respect of the Company's outlook for F.Y.2020-21.

RISK & CONCERNS

Your Company's Board of Directors have put in place adequate risk assessment and risk mitigation measures. The Executive Management has an appropriate framework that generates confidence of foreseeing and mitigating the risks, which every manufacturing company faces in the form of fluctuations in the supply and pricing of fuel, energy and essential raw material. However, no measures are adequate when confronted by force majeure event like Covid-19.

INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

The Company has adopted global practices for evaluating and reporting on internal controls, based on its operational experience. It has also implemented one of the leading ERP solutions in its operations to integrate various facets of business operations, including Human Resources, Finance, Logistics, and Sales. This has enabled the Company to control and monitor its operations and strengthen the ability of internal controls to function most optimally. These procedures ensure that the transactions are properly authorized, validated and reported and that the assets of the Company are safe-guarded. Additionally, the Company has laid down policies, wherever required, the Company has desired internal control & mechanism in place & more has designated internal auditor from internal source to complete the audits as per a defined plan in place from time to time. The Statutory Auditors also verify the adequacy of the internal financial controls as well as compliances with the applicable laws and statutory regulations.

The Audit Committee of the Board with an Independent Director as its Chairman, meets quarterly and as & when required with the Management and Auditors to review the reports and to address the exceptions, if any.
