CHAIRMAN'S SPEECH

It gives me immense pleasure to present your Company's results for the financial year ended March 31, 2013 at this 10th Annual General Meeting of the Company.

The Global economic scenario continues to be sluggish owing to slower growth in major economies and uncertainty in Eurozone. The macroeconomic and industrial scenario in the country during the year under review has been extremely challenging due to reduced GDP growth, high interest rates, steep inflation, high input costs coupled with adverse currency movements and fluctuating global commodity prices. The growth in GDP during 2012-13 is estimated at 5% as compared to a growth rate of 6.2% in 2011-12.

Your Company has achieved production of 5003 MT in 2012-13 as compared to 3166 MT during the previous year due to successful commissioning of its new press in the year under review. The Company is committed to further augment the production capacity provided there is a conducive business environment.

Your Company achieved a turnover of Rs. 10105.59 lacs during the year under review as against Rs. 12061.67 lacs during the earlier year.

The net margins in the main line products of your Company have been under pressure inspite of increased production, resulting in the net profit for the year under review reducing to Rs. 39.69 lacs as compared to the net profit of Rs. 40.23 lacs during the earlier year.

There is need for continuous improvement in the products and the methods to achieve greater operational efficiencies and manufacturing of value added products. The development of new infrastructure in developing economies and replacement assets in developed economies are leading to increased demand for aluminium, and various measures taken by your Company are targeted to achieve a step up in its share in the domestic and overseas markets.

Your Company remains focussed on quality control, cost control and productivity improvement vide further automation of the production process. These efforts would facilitate in achieving partial offset of its high costs of production.

I would like to take this opportunity to thank all our consumers, business partners, shareholders and employees for continued commitment and support. I gratefully acknowledge the confidence and faith reposed by the shareholders in the Board and the Management team which has, in my view, spurred the Company to take on more challenges. Finally, I must applaud the tireless efforts, dedication and commitment of our employees who have helped us reach where we are now and look forward to their continued support in the journey forward.

Ravinder Nath Jain
Executive Chairman

EXPLANATORY STATEMENT pursuant to the provisions of section 173(2) of the Companies Act, 1956.

ITEM NO. 7

The Board of Directors at the meeting held on 5th October, 2012 has appointed Ms. Priti Jain as Additional Director of the Company in accordance with the provisions of Section 260 of the Companies Act, 1956. Pursuant to Section 260, a director appointed under the Section holds office upto the date of the next Annual General Meeting. The Company has received a notice from a member of the Company under Section 257 of the Companies Act, 1956 proposing her candidature for the office of the Director. Her office shall not be liable to retire by rotation, as per the provisions of the Companies Act, 1956.

Ms. Priti Jain aged 30 is a Master in Business Administration.

The Board recommends the resolution for approval of the members as an ordinary resolution.

Except Ms. Priti Jain herself, Mr. Ravinder Nath Jain, Executive Chairman and Mr. Mohinder Jain, Managing Director, Mr. Adish Jain, Director, none of the other Directors of the Company is concerned or interested in the resolution.

ITEM NO. 8

Mr. Ravinder Nath Jain aged 54, is a hardcore businessman. He established aluminium trading business in 1980, and has gained vast experience of about 33 years in various capacities. He is responsible for planning & execution, finance & accounts, marketing, team building, interacting with clients etc.

The Board of Directors and also the Remuneration Committee in their respective meetings held on 28th March, 2013 re-appointed Mr. Ravinder Nath Jain as Executive Chairman of the company for a period of three years w.e.f. 1st April, 2013.

The broad particulars of remuneration payable to and the terms of the appointment of Mr. Ravinder Nath Jain during his tenure as Executive Chairman are as under:

Basic Salary: Rs. 2,50,000/- p.m.

Perquisites and Allowances: In addition to the basic salaries, the Executive Chairman shall also be entitled to such facilities, Perquisites and Allowances, which may include accommodation (furnished or otherwise) or house rent allowance in lieu thereof; house maintenance allowance together with reimbursement of expenses and/or allowances for utilisation of gas, electricity, water, furnishing and repairs; medical reimbursement; leave travel concession for self and family including dependents; club fees, provision of car with chauffeur, medical/ accident insurance and such other perquisites, allowances, as may be decided by the Board of Directors.

Minimum Remuneration: The remuneration payable to Mr. Ravinder Nath Jain, including salary, is subject to overall ceiling of Rs. 36 lacs per annum. Further, where in any financial year comprised by the period of appointment, the Company has no profits or its profits are inadequate, the aforesaid salaries shall be paid to the Executive Chairman in accordance with the applicable provisions of Schedule XIII of the said Act and subject to the approval of the Central Government, if any required.

For the purpose of calculating the above ceiling, the said perquisites and allowances shall be evaluated, wherever applicable, as per the Income Tax Act, 1961 or any rules framed there under (including any statutory modification(s) or re-enactment thereof, for the time being in force). In the absence of any such rules, perquisites and allowances shall be evaluated at actual cost. Provision of car for company's business and telephone at residence for official duties will not be considered as perquisites. However, the Company's contribution to Provident Fund, Superannuation or Annuity Fund, to the extent these singly or put together are not taxable under the Income Tax Act, gratuity payable and encashment of leave at the end of the tenure, as per the rules of the Company, shall not be included in the computation of limits for the remuneration which includes salary, perquisites and bonus.

Since the remuneration payable to Mr. Ravinder Nath Jain requires the approval of the members of the Company in General Meeting pursuant to Section 198, 269, 309 and 311 read with Schedule XIII to the Companies Act, 1956, the respective resolution as set out in the accompanying notice are recommended for approval of the members.

Except Mr. Mohinder Jain, Managing Director, Mr. Adish Jain, Ms. Priti Jain and Mr. Ravinder Nath Jain himself, none of the Directors of the Company is concerned or interested in the resolution.

The above may be regarded as an abstract of terms of re-appointment of the Executive Chairman and memorandum of interest under Section 302 of the Companies Act, 1956.

CONSERVATION OF ENERGY

A) Energy conservation measures taken:

Energy conservation devices have been installed and the equipments are maintained properly to reduce energy consumption. The new system is being devised to reduce electric power, fuel and water consumption. Industrial lighting in the plant area has been optimized.

B) Additional investment and proposals for reduction of consumption of energy:

By relocating/ modifying the available equipments, energy conservation measures are being implemented

C) Total energy consumption and energy consumption per unit production:

PARTICULARS	2012-13	2011-12
POWER AND FUEL CONSUMPTION :

DISCLOSURE OF PARTICULARS WITH RESPECT TO TECHNOLOGY ABSORPTION Research & Development (R&D)

- The R&D unit of your Company is carrying out the following activities to support the business goals of your Company:
 - Development of new products and processes related to extrusion.
 - Upgradation of products and processes to reduce environment and safety concerns.
 - Development of characterization techniques, analytical test methods and application techniques essential for product development, quality improvement, Cost benefits, supply chain flexibility and crisis management.
 - Value engineering and improving formulation efficiency of existing products.
- Benefits derived:
 - Process improvements being continued for improving productivity and energy efficiencies.
 - Improvement in quality and environment:

- Future plan of action:
 - To enhance technical capabilities to sustain its competitive position in the market:
 - To reduce process loss.
- Expenditure on Research and development:
 - Research & development is an integrated and ongoing business activity for which no separate business expenditure is allocated and identified.

MANAGEMENT'S DISCUSSION AND ANALYSIS

MACRO-ECONOMIC SCENARIO AND OPPORTUNITIES

India is fifth largest producer of aluminium in the world and Aluminium is the biggest non-ferrous industry in the world economy and one of the significant industries in Indian economy. The Indian industry is likely to see double digit growth over next few years owing to consistently growing demand from architectural, building, construction and automobile sectors. The per capita consumption of aluminium metal in developed countries is about 20 to 30 Kgs. However, in India, the per capita consumption of aluminium is only 1.3 Kgs. Thus there is a vast scope for the industry to develop under the current scenario.

Aluminium being lightweight, durable and anti-corrosive is the metal of choice for leading designers, architects, engineers, all of whom are looking for a material which combines functionality and cost-effectiveness with forward looking form and design potential.

THREATS

The aluminium industry continues to be affected to a large extent by the volatility in the aluminium raw material prices, foreign exchange fluctuations and low quality aluminium products being dumped by neighboring countries.

BUSINESS REVIEW

The new press installed during 2012-13 has augmented the production levels. During 2012-13, the Company has achieved production of 5003 MT as compared to 3166 MT during the previous year. Considering the installed capacity of 9000 MT, we have significant spare capacity to increase production and sales level. Accordingly Company has geared-up marketing activities and production, so as to achieve Production and sale of 9000 MT in 2 years time.

FUTURE OUTLOOK

The future for Aluminium and Aluminium extrusion in India looks promising with the low per capita consumption in the country coupled with high and good quality reserves of Bauxite. Awareness of the utility of aluminium in various industrial sectors is growing and it provides a lower cost option as to use of various metals in different sectors.

RISK AND CONCERN

The Company identifies all type of risk at an early stage which helps it to control them better. The risks are normally perceived from Price fluctuation, government policies, market competition and retention of manpower.

QUALITY CONTROL

Your Company continues to focus on sustained quality control and has build a strong Brand image among competition. The Company's manufacturing facility is accredited with the prestigious ISO-9001:2008 certification endorsing its strong quality systems.

REVIEW OF COMPANY'S OPERATION

The turnover during the year was Rs. 10105.59 Lacs as compared to Rs. 12061.67 Lacs in the previous year which was due to lower trading sales. The net profit after tax is Rs. 39.69 Lacs as compared to Rs. 40.23 Lacs in the previous year.

INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

The Company has internal control system commensurate with its size and nature of business, to ensure that all assets are safeguarded and protected against unauthorized use and that all transactions are authorized, recorded and correctly reported. The internal risks are identified which in turn are allocated to respective designated owners to manage and control the risks. Assets are fully insured against all threats to mitigate risks against unforeseen events.
