Cash Profit / (Loss)	49.62	(101.18)

The Company's operations for the year ended with a profit of Rs.6.88 Cr against loss of Rs.145.38 Cr in the previous year mainly on account of implementation of New Pricing Scheme (NPS)-Stage III amendment by GOI restricting the reduction in fixed cost to 10% for 2009-10. The total accumulated loss as of 31.3.2010 is Rs.787.05 Cr.

REFERENCE TO BIFR

Consequent on total erosion of net worth, the BIFR has registered the Company as Case No. 501/2007. It has declared MFL as a Sick Company under the provision of Sick Industrial Companies (Special Provisions) Act, 1985 (SICA) in its meeting held on 2.4.2009 and appointed State Bank of India (SBI), Commercial Branch, 232 N.S.C Bose

Road, Chennai 600 001 as Operating Agency (OA) to prepare a Draft Rehabilitation Scheme (DRS) for the Company. BIFR held hearings on 15.10.2009, 12.1.2010 and 22.3.2010. GOI Nominee Directors attended the meeting held on 22.3.2010 and expressed the view that DOF is keen on revival of the Company. On the advice of DOF, M/s Project & Development India Ltd (PDIL) was appointed to undertake a study on rehabilitation proposal for the Company. Accordingly, PDIL submitted its report on Viability Proposal on MFL and the same was forwarded to DOF after obtaining approval from Board. The proposal is under active consideration of GOI for revival of your Company. However, BIFR advised the Company to submit its Viability Proposal at the earliest.

CAUSES FOR ACCUMULATED LOSSES

The main reasons for the recurring losses from 2003-04 and the sickness of the Company are due to cost over run during the revamp of Ammonia and Urea Plants, delay in stabilization of revamped Plants due to technology related problems, high energy consumption and changes in the Pricing Policies of DOF.

Introduction of NPS of Urea from 1.4.2003 had a deleterious effect on the Company as there was an inherent under recovery of about Rs 1995 / MT under New Pricing Scheme (NPS) Stage I and II which has increased to Rs 3991/MT during Stage – III (w.e.f. 1.10.2006) due to withdrawal of outlier benefit. Based on Deloitte Report, the DOF has restricted the reduction in fixed cost in respect of Urea to 10% for 2009-10.

Also, the Price Concession Scheme (PCS) for complex fertilizers applicable from 1.4.2002 did not adequately compensate the Company for cost of 'N' in its flagship product NPK 17-17-17.

The Company does not have adequate funds to procure raw materials for production of complex fertilizers. NPK capacity utilization has drastically fallen from 51% in 2003-04 to 40% in 2004-05 to 4% in 2007-08 and "Nil" in 2008-09.

MADRAS FERTILIZERS LIMITED

However, the Company has started manufacture of NPKS 20-20-0-13 for Indian Potash Limited on tolling basis from March 2010 and produced 7,335 MT during the month.

GOING CONCERN CONCEPT

As future operations do not suggest there would be reduction of debts, increase in flow of revenue and improvement in net worth, your Statutory Auditors have qualified that the Company should not have compiled the accounts on Going Concern basis in their Audit Report for 2009-10.

Whereas the Company accounts for the year 2009-10 was audited by C&AG of India and have cleared the Accounts with 'NIL' comments for the fifth consecutive year.

REVISED PROPOSAL FOR RESTRUCTURING

As per the directives of Department of Fertilizers (DOF), PDIL was engaged in July '09 to undertake a project study of the Company and prepare a Viability study report for making the operations sustainable.

The report submitted by PDIL suggesting short term measures, long term measures and financial restructuring are given below:

- Conversion of GOI loan portion of Rs 293.80 Cr as on 31.3.2009 to equity.
- Continuation of special dispensation in pricing mechanism under New Pricing Scheme Stage III (NPS III) beyond 31.3.2010 and up to the conversion of Natural Gas.
- Cash induction of Rs 346.54 Cr by amendment in NPS III from 1.10.2006 to 31.3.2009.
- Waiver of GOI loan interest amounting to Rs 123.09 Cr as on 31.3.2009 along with penal interest.
- Release of Rs 376.84 Cr through Plan Loan for implementation of the Capital Schemes from 2009-10 to 2013-14.
- Initiate proposal for purchase of NICO shares by GOI.

Based on the report of PDIL, DOF is in the process of finalizing the revised restructuring proposal for submission to BRPSE and BIFR to bail out the Company from sickness.

The Company entered into One Time Settlement (OTS) with IFCI Ltd for Rs.44.06 Cr as against Rs.91.57 Cr of Principal and Interest as of March 31, 2010.
