## ***Managing Director's Speech***

***Dear Shareholders,***

*Steel Industry plays a vital role in the development of any modern and emerging economy. The per capita consumption of steel is generally accepted as a yardstick to measure the level of socio-economic development and living standards of its countrymen. Steel Industry derives its demand from other important sectors like infrastructure, aviation, engineering, construction, automobile, pipes and tubes etc. Thus its intense integration with other important industries makes it a strategic sector for the Government as well.*

*In India, the Steel Industry is passing through a challenging phase. Domestic consumption is severely affected due to lack of activity in infrastructure, as well as in the manufacturing scope. The biggest challenge facing the domestic steel industry is to have the per capita steel consumption in India at par with the average global company.*

*In this challenging phase your Company have tried best to maintain the level of performance as it was in 2014.*

*To fight with the situation Company has taken effective steps to reduce the production cost by installation of Induction Furnace with capital expenditure of Rs. 3.20 crore (approx), Gasi-Fire, Hot Charging.*

*The Company will definitely avail benefits from the above in the current and coming years.*

*Apart from the above, the Company has developed new products to increase the sale.*

*There are good signs, as we moved into fiscal 2015 - 2016. The new Government at the center has rekindled some positive policy developments. The ambitious infrastructure projects and the thrust in manufacturing through the "Make in India" campaign are steps in the right direction. The plan for smart cities, improved road and rail connectivity by building highways, bridges and dedicated freight and superfast rail corridors have huge potential to spur domestic steel demand.*

*We expect the projects to come that will not only boost the business of present Industries but will also open space for new comers.*

*I strongly believe that we enjoy a robust foundation that will support growth across all our lines of businesses. We have demonstrated our capabilities across products, customer segments and markets. I intend to continue to leverage this solid platform to achieve our aspirations and deliver value to our stakeholders. During the journey of rejuvenation, I look forward to the continuing support of our shareholders, who have reposed their faith in the Board and in the management. The confidence of you, the shareholders, has been a considerable source of strength for us at Mahamaya Steel.*

***"If you can dream it, you can do it"***

*With best regards:*

***Rajesh Agrawal***

*Managing Director*
