Depository Participants / Registrar & Share Transfer Agent

## *Managing Director's Speech*

*Dear Shareholders,*

*American motivational speaker, Robert H. Schuller's two famous quotes "Tough times never last, but tough people do." and "Problems are not stop signs, they are guidelines." have lot to guide us in these tough days. Slowing growth in some of the leading global economies impacted currencies. But, there was positive news in terms of faster-than-anticipated economic growth recovery in the United States, which provided momentum for the global economic recovery.*

*Meanwhile India's economy under the leadership of Prime Minister Shri Narendra Modi continues to be midst of a recovery with lower fiscal and current account deficit, lower inflation and weak commodity prices. Our country's growth seems poised to return to a high-growth path. It is in this context that Mahamaya Steel continues its quest for sustained growth.*

*The year also saw steep decline in the demand and pricing of steel product across the board. The financial year 2015-16 saw domestic finished steel production declining by 1.9 per cent as a substantial chunk of the incremental domestic demand was captured by the burgeoning steel imports.*

*With weak international steel prices, domestic manufacturers were reluctant to push exports, which contracted by over 27 per cent during the previous fiscal. On the raw material front, India's iron ore production grew by 23 per cent in the last fiscal, reaching 155 million tonne. It is expected to increase further this year, and prices are unlikely to recover in the near term, which would be beneficial to domestic steel mills.*

*The scenario is expected to change as recent report released in June 2016 by rating agency ICRA says that domestic steel players are likely to enjoy better profitability in the near term due to improved steel prices in the current year, supported by imposition of minimum import price (MIP) by the government. Post the operationalisation of MIP; domestic hot-rolled coil (HRC) prices have witnessed a sharp increase of about 25 per cent*

*from their lows reached in February 2016.*

*According to ICRA's research update report on the steel industry, players can see additional gains due to an increase in sales volumes, as imports are likely to reduce in the current year. Although MIP is scheduled to expire in the second quarter of the fiscal, currently buoyant international prices, along with the extension of safeguard duty (SGD) up to March 2018, will continue to help Indian steel producers.*

*Despite tough environment with the sector, the company achieved a remarkable performance on the operational front. The company has achieved a remarkable 10 per cent increase in the capacity utilisation of both divisions and 30 per cent increase in sales quantity of its main products (billets & blooms by 24 per cent, structures by 35 per cent). However, due to continuous fall in market prices of company's products the revenues from operations grew by 6 per cent. Revenues from operations for the year ended March 31, 2016 stood at Rs. 30926.31 lakhs against Rs. 29145.42 lakhs in the previous year. However due to increase in capacity utilisation by 10 per cent, the company has able to save Rs. 62.72 Lakhs on account of Operational Efficiencies in Contractor Payments and Lower Burning Loss. The year ended with huge challenges on all fronts. The performance of company drew no comfort with a 963.43 lakhs during financial year 2015-16.*

*Meanwhile, the company is replacing its induction melting furnace which will help to reduce on production cost and maintenance cost in our down time the whole work will be completed within 2-3 months this is a new technology furnace. It gives effect in power consumption which will give saving up to Rs. one crore in a year. Going forward, the company is looking to explore opportunities in the renewable energy sector by utilising close to 100 acres of land available close to company's current operations. An expert group within the organisation is being set up explore this opportunity.*

*With the current market scenario set to improve, the company has already improved our production quantity wise so that we can capture the opportunity which can directly affect our profit ratio. We are glad to inform that in the first two months of the current financial year (FY-2016-17), the company has already booked new orders of Rs 1250 lakhs .*

*Further, we also glad to inform our shareholders that our company has been awarded for "up scaling energy efficient production and implementation of energy efficient technology by UNDP.*

*I extend my sincere thanks to the Board of Directors, Management and each & every person of Mahamaya Group.*

*To Shareholders, on behalf of Board I thank you for your continued support and look forward to a positive 2016-17 and beyond.*

*With best regards:*

***Rajesh Agrawal***

***Managing Director***
