Managing Director's Speech

Dear Shareholders,

In spite of tough global steel scenario, the domestic industry continued to enjoy a big support from the government. Today, India has become the third largest steel producer globally contributing about two per cent of the country's GDP with production of 91.9 MT and a capacity of 122 MT in FY16. The overall steel production in the country crossed the 100 million tonnes mark in FY17.

The introduction of the Minimum import price (MIP) on steel by the government during the FY16-17 supported the industry's margins. The industry's losses reduced during April-December 2016 compared to the corresponding period last year. Sales of the 111 steel companies improved during Apr-Dec 2016 where the industry's revenues grew by 9.3% on a y-o-y basis during the period backed by an increase in prices and production. However, the net margins still remained negative despite higher sales.

The government has also announced a policy for providing preference to domestically manufactured iron and steel products in government procurement. The policy mandates preference to domestically Manufactured Iron & Steel Products (DMI&SP) in Government Procurement. The DMI&SP policy provides a minimum value addition of 15% in notified steel products which are covered under preferential procurement (Ministry to review specified steel products and the minimum value addition criterion).

The policy is being considered as a positive measure taken by the government to increase the off take of domestic production while not putting restrictions on the imports. The government plans to domestically meet entire demand of high grade automotive steel, electrical steel, special steels and alloys for strategic applications. The policy is envisaged to promote growth and development of domestic steel Industry and reduce the

inclination to use, low quality low cost imported steel in Government funded projects. These two measures should give a fillip to the steel industry in the coming years and should be viewed positively.

The industry continued to get strong support from the government. The Union Cabinet has given its approval for National Steel Policy (NSP) 2017. The policy represents the long term vision of the government to give required momentum to the steel sector. It seeks to enhance domestic steel consumption and ensure high quality steel production and create a technologically advanced and globally competitive steel industry.

The new steel policy, 2017 has the following aspirations to achieve 300 MT of steel-making capacity by 2030. The policy calls for an additional investment of Rs. 10 lac crores by 2030-31. The policy plans increase steel consumption on the back of growth in infrastructure, automobiles and housing. Its aim is to increase per capita steel consumption to the level of 160 Kg. by 2030 from existing level of around 60 Kg.

Further, the policy aims at adoption of energy efficient technologies in the MSME steel sector and facilitate R&D in the sector through the establishment of Steel Research and Technology Mission of India (SRTMI).

Meanwhile, your company has posted Profit Before Tax at Rs. 390.41 Lacs against loss of Rs. 1,197.96 Lacs in the previous year and Company's Profit After Tax stood at Rs. 332.42 Lacs against loss of Rs. 1,525.36 Lacs in the previous year, thereby representing a good profit during the year under review.

With the current market scenario set to improve, the company has already improved our production quantity wise so that we can capture the opportunity which can directly affect our profit ratio. We are glad to inform that in the first five months of the current financial year (FY-2017-18), the company has already booked new orders of Rs 12,500 lacs.

Further we are looking at various options to utilise the freehold land of about 112 acres in Raipur like either into renewable energy segment or low cost housing with joint development option. Various options are being contemplated but thing has been finalised as of now.

I extend my sincere thanks to the Board of Directors, Management and each & every person of Mahamaya Group.

To Shareholders, on behalf of Board I thank you for your continued support and look forward to a positive 2017-18 and beyond.

With best regards:

Rajesh Agrawal

Managing Director
