MANAGEMENT DISCUSSION AND ANALYSIS STATEMENT

INDUSTRIAL STRUCTURE AND DEVELOPMENT:

The main product of the company is Polyisobutene (PIB), an industrial chemical used in the manufacture of lubricant oil, jelly filled cables, imulsions as well as in formulation of engine oil for two strokes engines. Other application of PIB are in the manufacturing of adhesives, caulking and sealing compounds, leather finishing, engineering, plastics, insecticide etc.

There are four indigenous manufacturing units for this product in India. Overall company's product demand has good potential worldwide. Due to cost structure there are no possibilities of coming up with new capacity in companies product (PIB). However, the demand of our product is increasing due to newer application in chemical industry and speciality chemicals are being found like replacing some of the additives in lubricant industry with PIB. Sales have improved considerably during the current fiscal year. There has been consistent demand worldwide due to which the exports have grown.

OPPORTUNITIES AND THREAT:

The company enjoys good reputation with the institutions and industries. The alternative financial arrangement is planned and implemented.

The company expects better performance in the current year 2010-11 with higher capacity utilization. The Company has been successful in winning orders from Lubrizol India Pvt. Ltd. Bharat Petroleum Corporation Ltd, Indian Oil Corporation Ltd, Hindustan Petroleum Corporation Ltd. and other big players in the Industry. Further, the company is exploring opportunities to increase the quantum of exports of its products in various countries to increase its capacity utilization.

Liquidity position remained critical during the year due to low market offtakes due to general slowdown in demand and hence plant operation were affected during the period.

SEGMENTATION OR PRODUCT WISE PERFORMANCE:

The company manufactures and sells single product Polyisobutene (PIB).

OUTLOOK, RISK AND CONCERNS:

The international market and realization for PIB has been buoyant during the year. The demand in the country has been steady, the outlook for the realization and demand in the coming years is bright and your company is planning to take advantage of the opportunities in domestic as well as in international market.

INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY:

The internal control system is well structured and ensures optimum use of resources and safeguards the assets .The company follows pre-defined rules and procedure and the same commensurate with the size and the nature of the company. The company has an efficient system of internal audit, accounting and administrative controls to ensure safety of company's assets and interests.

The company has well structured organization hierarchy with clear authority and responsibility. The information flow system is efficient and the reporting system is strong.

FINANCIAL PERFORMANCE WITH RESPECT TO OPERATIONAL PERFORMANCE:

During the year the company has carried its operation to the best of the available resources and manpower so the financial performance with respect to operational has increased considerably.

DEVELOPMENT IN HUMAN RESOURCE / INDUSTRIAL RELATION FRONT:

The industrial relations with the worker during the year were satisfactorily. The Directors place on record their appreciation for the sincere and efficient services rendered by the executive, staff and workmen of the company and are confident that they will contribute to the company's prosperity and growth.
