REVIEW OF OPERATIONS

During the year under review the performance of the company is quite satisfactory. The has achieved the Net Sales of Rs.22775.78 Lacs and booked the net profit revenue of Rs.195 Lacs.

MANAGEMENT REVIEW: 2015-16

INDIAN PAPER INDUSTRY SCENARIO

The Indian paper & paper board industry is estimated to have grown at a CAGR of 7% during last 5 years to approx Rs 147 lakh tons. The segment wise break up and usage of paper & paper products in India is Writing & Printing Paper 31%, Packaging and Paperboard around 49%, Newsprint 18% and Speciality and other paper only 2%.

The Indian paper industry continues to remain fragmented in nature. The average price utilization across all the sectors continued to improve in the last five years. The industry is expecting demand revival for writing and printing paper and paperboard segment in the coming years due to continued focus of the government on education, increased penetration of organised retail in rural sectors, urbanisation and higher growth in the processed food industries, FMCG, Pharmaceutical industry and other related industries.

Newsprint demand is expected to grow at a healthy pace over the next couple of years, driven by demand for vernacular newspapers, increasing literacy in the rural areas and with the increasing government spending on infrastructure the tender advertisement is set to increase in the print media leading to rise in the number of pages per newspaper. The per capita consumption of paper in India is a mere 12 kg in comparison to world average of 57 kg. The growth of paper industry is directly correlated to the growth in the economy, with the Indian economy expected to grow at a healthy pace, the paper industry will perform better in the coming years.

FUTURE OUTLOOK

The passing of GST amendment legislation in the parliament and its implementation in the next financial year is anticipated to have a positive effect on the GDP of the nation; GST is also poised to remove the trade barriers caused by individual state taxation. The growth prospects of paper & paper board industry are closely aligned with that of the economy in

general and the growth in paper industry has historically followed the national GDP growth rate. The company is located centrally and equidistant from major markets. Therefore, the implementation of the GST act may open new frontiers and possibilities for the company.

In keeping with the industry growth trends and share of segments in the paper and paper products industry, the company has focused on increasing the production of packaging and paper board segment. The company has been adopting its product portfolio to compete in emerging market conditions. The packaging paper is the largest segment of the Indian paper and paper products industry and is likely to grow at a CAGR of about 9%, the highest among all the segments. The company is focusing on the production capacity of its Kraft division by smoothening the production process with minimum capex and correspondingly shown the revenue growth in this segment during the past financial year.

The increased focus on education by the government and increase in the general level of literacy and continued demand from print media will further add to the growth prospects of the Newsprint Division. . The Newsprint segment of industry is expected to grow at a CAGR of 5% in the coming years. The company continues to focus on the long term and it continues its drive for sustainable growth.

In the past years industry witnessed overall declining trend in capacity utilization. Many small manufacturing units who were unable to compete have either completely or partially stopped running their capacities. There has been very few new capacity addition in the Newsprint and writing and printing paper segments, only packaging paper and board segment has seen some new capacity addition. But the new capacity addition has also been set off by closure of small manufacturing units. The capacity utilization of the industry is expected to rise in next couple of years with lower capacity addition and increase in demand. The company has withstood the turbulent years and we hope to consolidate our position in the coming years.

INTERNAL CONTROL SYSTEM:

Your Company has adequate internal control procedures commensurate with the size and nature of business. There is a periodical review mechanism for ensuring the sustenance and upgradation of these systems.

THREATS, RISKS AND CONCERNS:

- Availability of raw materials.
- Cyclical nature of the paper industry.
- The import duty structure of Newsprint.
- The increased focus of the Government on environment protection.

OPPORTUNITIES & STRENGTHS:

- Increasing trend in use of environment friendly packaging of all type of goods.
- Increasing trend in organized retail and e-commerce sales casting positive impact on the packaging industry.
- Increasing awareness and education in the rural economy, higher literacy at national level will lead to higher circulation of newspapers.
- The environment protection measures taken by Govt. and promotion of bio degradable packaging is leading to newer avenues for paper packaging, earlier catered to by other industries.
- Decisive Central Government is working on ease of doing business, spending on education and general infrastructure with special focus on Education and healthcare. The growing Indian economy will create more demand for paper.

- Government initiative to make available cheap and reliable electricity, Lower cost of fuel in the world economy with advent of newer source such as shale gas and emphasis on solar power will support the power intensive paper industry.

CORPORATE SOCIAL RESPONSIBILITY:

The Company is not required to constitute CSR Committee as per the provisions of Section 135 (1) of the Companies Act 2013 read with Companies (Corporate Social Responsibility Policy) Rules, 2014. However, Your company has always discharged its social responsibility as a part of its corporate governance philosophy. The company has lend helping hand by taking up health check up camps, drinking water supply, tree plantations in the factory premises and in the vicinity of factory.
