## DIVIDEND:

In view of company's present financial conditions, and carry forward losses, your Directors do not recommend any dividend for the year ended **31<sup>st</sup> March 2011**.

## OPERATIONS AND PROSPECTUS:

During the year under **review**, the Gross income from operations amounted to Rs 904.75 lacs as compared to Rs. **321.99** Lacs for the year **2009-2010**. The increase in the turnover has occurred mainly on account of general economic condition, increase in demand for the Company's Products, and good orders from defence and increase in the prices of copper & brass in international markets, which also affected the **Company's** business growth. After Considering the Provision for Depreciation of Rs. 4.83 lacs, and prior period adjustments thereto, the Net loss for the year under review has amounted to Rs. 43.94 lacs against a profit of Rs. **04.16** lacs for the previous year.

REGISTRATION WITH **HON'BLE BIFR**:

As per the audited **accounts** as on **31.03.2001** the Company's net worth had been fully eroded and the Company **filed** a reference with BIFR **u/s** 15 (1) of the Sick Industrial Companies (Special Provisions ) **Act, 1985**. The Company has been registered with BIFR and Union Bank of **India**, has been appointed as the Operating Agency. Under the directions of BIFR the Company has already **filed** its Draft Rehabilitation Scheme (DRS), which is presently pending with Hon'ble BIFR for final approval.

Barring unforeseen circumstances, your Directors are hopeful of improving the performance of the Company during the current year **as the** company is merging with its group company **Mardia** Tubes Limited (MTL) & **Mardia Samyoung** Capillary Tubes Company Limited (MSL).

## PROPOSAL FOR MERGER OF GROUP COMPANIES:

In order to improve the shareholders value and to augment the strength and achieve the synergy among the group companies, which are all registered with BIFR, **the** Board of Directors, subject to approval of the required authorities, have submitted a rehabilitation scheme to BIFR, including the possible turnaround of the group companies together by way of merger and provide liquidity to the stakeholders at large.

PROPOSAL FOR **DELISTING** OF SHARES FROM AHMEDABAD STOCK EXCHANGE:

The Company's shares are listed with Bombay Stock Exchange Limited (BSE) and Ahmedabad Stock Exchange and considering the trading of shares of the Company have taken place always at BSE and for improving the cost cutting measures; it is proposed to apply for delisting the shares of the Company from Ahmedabad Stock Exchange.

**MANAGEMENT DISCUSSIONS AND ANALYSIS**

The management is pleased to present herewith the Management & Analysis Report as per the provisions of Listing agreement entered into with the Stock Exchanges and the Code of Corporate Governance approved by the Securities & Exchange Board of India broadly touching the following aspects:

1. Industry structure and developments.
2. Material Developments during the year
3. Opportunities and Threats.
4. Segment-wise or product wise performance.
5. Outlook - Risks and concerns.
6. Internal control systems and their adequacy.
7. Discussion on financial performance with respect to operational performance.
8. Material developments in Human Resources / Industrial Relations front, including number of people employed.

This management discussion and analysis report might contain certain forward looking statements which represent the management's vision for the future. The actual results may vary depending on various internal and external factors beyond the control of the management. The views mentioned herein are also subject to change as and when required to suit the future management policies and circumstances in the market or economy.

Statement in the Management Discussion and Analysis describing the Company's objectives, projections, estimates, expectations may be "forward-looking Statements" within the meaning of applicable securities, laws and regulations. Actual results could differ materially from those expressed or implied. Important factors that could make a difference to the Company's operation include economic conditions affecting demand/supply and price conditions in the domestic and overseas markets in which the company operates, changes in the Government regulations, tax laws and other statutes and other incidental factors. Further the discussions following herein reflects the perceptions on major issues as on date, and the opinions expressed here are subject to change without notice.

The company undertakes no obligation to publicly update or revise any of the opinions or forward looking statements expressed in this report, **consequent to** new information, future events or otherwise.

The company has adopted the best and the most sophisticated technology to suit Indian needs. The company as a part of reducing manufacturing **cost** of products as also to strengthen the bottom line, has decided to adopt the policy of becoming **'backbone provider'** to the industry through focusing on various components.

**Industry Structure and Development**

The company's products include Copper, Brass, Stainless Steel and alloys of Copper in form of Bars, Tubes, Wires, Ingots and Profiles. These products have applications in various engineering and electrical industries which manufacturing metal parts and components. Non-Ferrous Metal industries normally manufacture some of the above items and specialize in one of the **items**, however **Mardia Samyoung** Capillary Tubes Company Limited (MSL) produces all the above items and also specializes in irregular shapes and sizes of profiles and sections.

The growth in non-ferrous metal industry is directly related to the growth of industries having engineering and electrical applications like automotive, gas valves, pumps, fans and industrial machinery. High volume segments are catered by domestic manufacturers. MSL primarily caters to Various **Engineering** and Electrical industries in the country.

## Material Developments

During the year 2004-05 **ARCIL** (Asset Reconstruction Company of India Limited) on behalf of **ICICI** the secured creditors had taken the possession of Plant and Machinery and other miscellaneous movable Assets under the Securitisation **Act**, 2002, and had sold these movable assets. The company has now purchased back adequate machinery to continue and improve upon its day to day operations, as seen from the improved performance of the company. The Accounts have been drawn up based on the going **concern** assumption based on the management perception of the future of the company.

## Opportunities and Threats

As mentioned **above**, the growth of metal industry is linked to the growth of the major engineering and electrical **applications** industry, i.e. the Automobile / Engineering / **Railways**. Demand growth in **Non-Ferrous** Metal industries **will** largely depend on growth of the original equipment manufacturers (OEM) in the automobile industry, engineering & electrical segment and opportunities in the international markets. The demand for MSL's growth will heavily depend on the growth in served industrial Engineering and Electrical industries business both in domestic and international markets.

The growth in demand for Non-Ferrous Metals will depend on the growth of **Industrial** and **infrastructural** activities. Liberalization of industrial policy, **WTO** driven reductions in duty structure, growth in demand in export **markets**, and increasing demand for industrial products may result in an increase in demand for large Non-Ferrous Metals.

## Segment wise performance

The Management reviewed the disclosure requirement of segment wise reporting and is of the view that since the Company manufactures Non-Ferrous Metals and related products which is a single business segment in terms of **AS-17**, a separate disclosure on reporting by business segments is not required.

The geographical segments however, have been determined on the basis of location of major customers of the Company. **During 2006-07, 100% of the Company's** turnover was to customers located in India. However the company is now poised to export some of its products to European countries.

## Outlook - Risks and Concern

**MSL**, being **one** of the leading **manufacturer** and part of **Urge Surendra Mardia** Group, enjoys several advantages which **will** become **increasingly** important in view of a globalizing Indian economy:

- The **possibility** to export to other **countries** represents a good **growth** potential for MSL and **provides** a **possibility** to partially **compensate** variation in demand on the domestic Indian market.
- **With increase in growth of industrial and infrastructural activities** the demand for **non-ferrous** metals is **Body to imp rove**.
- **MSL enjoys the locational advantages** as **Major consumers are located in this region** of the country. It is **centrally located with easy geographical access** to rest of the country.
- **The Company has plans to improve the productivity, efficiency at all levels and mange expenses effectively.**
