Industry Trend and Development

The Company is engaged in manufacturing of transformers in the capacity range of 100MVA 132KV class. The demand for the Company's product in coming years will increase significantly. The expansion of infrastructure industry and real estate business, extensive rural electrification programme of the Government, development of shopping malls, complexes, etc. demands various type of transformers and the Company in this industry with flexibility will survive and have a bright future.

Opportunities and Threats

The company has taken steps to upgrade its facility for manufacturing of transformers upto 100 MVA 220 KV Class from the present capacity of 100 MVA 132 KV Class.
