OPERATIONS

During the last two years the global recession was at its peak which seriously affected certain sectors, exports not being an exception. Mayur Leather Products Limited being a predominantly export oriented unit has also suffered serious negative consequences of the recession in Europe over the last two years which in turn has severely effected our export turn over. During the year 2008 – 09, it declined by 30% and during the year 2009 – 10 it further declined by 12%. But in current year we have achieved the increment of 26% in turnover. Incipit of this increment our profit margin comes down because of inflation effect on price of raw material.

MAYUR LEATHER PRODUCTS LIMITED

The table below shows the declining turnover of the Company due to global recession:

Financial year	Export Turnover
2008 - 09	Rs. 1644.62 Lacs
2009 - 10	Rs. 1445.25 Lacs
2010 - 11	Rs. 1820.08 Lacs

In order to increase our market share to offset the decline in export, the Company has taken various steps, major of them are follows:

a.	In collaboration with M/s UVEX our German buyers: Over 50 Styles are being worked on, which would ensure that we increase our market share to offset the Global recession.
b.	We undertook project implementation to start Vulka Shoe production for Company Heckel Securite, France This would help to further supplement the reduction in exports to Europe over the last 2 years.
c.	We are undertaking various activities to develop local Indian market: Our presence in the local market was negligible in the year 2006 - 07. We have started activities during the year 2007-08 & by 2008-09 our local marketing was approx. 29429 Pairs and in year 2009-10 it was 49737 pairs. This year we have increased this to 50103 Pairs valued at approx. Rs. 2.40 Crores which is 70.25% increase as compare to 2008-09 and .73% increase as compare to previous year and we expect this to increase during the next year to approx. 60000 Pairs, approx. value Rs. 3.00 Crores another 20% increase.

With reference to the above steps taken by the Company, the Company is confident of recovering the lost ground due to the world wide recession.

However, there is one uncertainty in export business and that is the status of the EURO. At the moment, it is very volatile and has decreased as compared with US Dollar from 1.45 to 1.20. Exchange rate is difficult to predict, but it is a global phenomena and both the exporters and the importers in Europe will have to find a solution to it.

We have also gone in for diversification. The idea is to expand business areas and for the purpose of the same the Company entered into business related to hotels, restaurants by altering the Object Clause of Memorandum of Association of the Company.

Our first foray into hospitality has been setting up of two restaurants and a Banquet hall in the Centre of the City. Although this would have initially resulted a capital expenditure and additional revenue expenditure. In the long run, we intend to also diversify into this line in a big way.

There has been very good response from the general public towards our restaurant 'STREETS' and our Banquet hall at the same premises. Our second restaurant 'SPICES N SAUCES' is just about ready to take off.

**RESERVES**

For the period under review the Board proposes to transfer Rs.1.00 lacs to General Reserve Account of the Company.

Together with the interim Dividend of Rs.0.50 per Equity share paid on 12/03/2011. The total outgo on account of dividend payment, including dividend tax, is Rs. 42.29 Lacs.
