“A customer is the most important visitor on our premises. He is not dependent on us. We are dependent on him. He is not an interruption in our work. He is the purpose of it. He is not an outsider to our business. He is a part of it. We are not doing him any favour by serving him. He is doing us a favour by giving us an opportunity to do so.””

Mefcom History

- 1983** Acquired membership of The Delhi Stock Exchange
- 1984** Started rendering services for distribution of financial products - mainly IPOs and company fixed-deposits.

Shareholders include institutions like Allahabad Bank, Catholic Syrian Bank, Mutual Funds of Punjab National Bank, Bank of India and about 200 NRIs from all-over the world.

Dear Shareholders

Year 2004-05 was another year of growth in the Indian stock markets which was mainly due to the inflow of foreign funds duly aided by participation of Indian investors. Till Aug. 2005, foreigners have pumped US\$ 7.45 billion into Indian equities - up 61% as compared to previous financial year. The BSE Sensex touched a record high of 7921 on 18th August, 2005 whereas NSE Nifty touched a high of 2427, a growth of 51% & 47% respectively over last year.

Indian economy has, on an average, grown 6% a year during the past decade and RBI expects it to grow over 7% during 2005-06. The present Indian Government continues to follow policies of economic liberalization. The open hand welcome of foreign direct investment (FDI) as well as portfolio investment into our country has enhanced the growth process. Accordingly, our country's economic growth outlook for the next two to three years appears to be attractive and the Indian equity markets offer enough depth and breadth for investors to capitalize on this growth in the coming years. However, the unabated rise in crude oil prices, terrorism activities across the globe and increase in interest rates are the negative factors which may slow down the world economy.

Operations & Future Outlook

As you are aware, activities of your companies are directly related with the growth of capital markets.

In-view of the continued buoyancy on the bourses, **Mefcom Capital Markets Ltd. (MCM)** has been showing improved results for the last two years. For the year under review, MCM has earned a gross income of Rs. 144.49 lacs as compared to Rs. 72.23 lacs in the earlier year ended 31st March, 2004. Despite increase in gross income, the net profit figure is lower which is mainly due to change in the accounting policy for valuation of stock made/investments.

For the first quarter ended 30th June, 2005 MCM has earned a total income of Rs. 55.13 lacs as compared to the total income of Rs. 5.95 lacs in the comparable quarter ended 30 June, 2004. Similarly, the profit before tax for the current quarter is Rs. 34.88 lacs as against a loss of Rs. 24.26 lacs for the comparable quarter of previous year. On annualized basis, the total income has grown by 157% and EPS has grown by about 8% for the ongoing year 2005-06 as compared to the year 2004-05. Your management is confident of presenting better results for 2005-06 as compared to the year under review.

The above mentioned results only relate to the holding company i.e. Mefcom Capital Markets Ltd. The subsidiary company **Mefcom Securities Ltd.** has also shown better results and the income has gone up from Rs. 159.23 lacs for 2003-04 to Rs. 171.50 lacs in 2004-05. The second subsidiary **Mefcom Commodity Brokers Ltd.** had just got started by the end of the year under review and has shown profit in the first quarter ended 30th June, 2005.

Mefcom Global Enterprise Ltd.

In view of expected internalization of the Indian markets, Mefcom Capital Markets Ltd. has incorporated a 100% subsidiary in Dubai (UAE) in the name and style of **Mefcom Global Enterprise Limited**. As a first step, this company has taken membership of Dubai Gold & Commodities Exchange (DGCX) and would start business in Commodities Arbitrage & Futures trading in precious metals & oil segments between Indian and International markets. Subsequently, your company may venture into more areas depending upon the opportunities available.

Your management foresees a lot of growth in the business of commodities in the coming years. With the membership of two Indian Stock exchanges and one overseas exchange, we are hopeful of expanding our business in commodity brokerage, arbitrage and futures the results of which should be seen in the coming years.

Client Services

In our ongoing efforts to improve working, a new software package "SHILPI" has been installed in our back office. All client accounts are now mounted on SHILPI website every evening so that they can view their daily account position through internet by accessing website and using the code number given to them.

Your company has also started sending its research based daily newsletter 'STOCKS TODAY' by e-mail giving complete information on the market alongwith stock recommendations. Under the professional expertise of the research cell of your company, a Personal Investment Recommendation Cell (PIRC) has been formed wherein share-recommendations through SMS at an additional commission over & above the normal rate of commission or on a fixed monthly charge will also be provided. Clients can also deal in commodities (Gold, Silver, Oil, Pulses etc.) through Mefcom Commodity Brokers Ltd.

A number of other measures to further improve services and expansion of network are underway and should be completed by 2006. I shall keep you informed of the developments from time to time through separate communications.

Future Plans

Your company has drawn an ambitious plan so as to become an integrated financial services company in the field of capital markets. To achieve this objective, we have to synchronise all related areas in the optimum manner. Your management is working on the same and is hopeful of securing a larger market share in the coming year.

The worst for your company seems to be over. I thank you for your patience and cooperation during bad times and continue to look forward to your good wishes and support.

With kind regards,

(Vijay Mehta)
Chairman

P.S. For faster & frequent communication and to avail reports from our Research Division, I would suggest you to please send us your e-mail address quoting your folio number. You may write to us if you wish to start dealings in stocks, derivatives & commodities at concessional brokerage rates finalised especially for our shareholders. Those of you who wish to become our franchisees may also contact us for further details.
