The Directors of your company have pleasure in presenting their FOURTH ANNUAL REPORT together with the Audited Statements of Accounts for the year ended 31st March, 1998.

Indian economy continued to face recession during the whole of 1997-98. The recession has been more acute in steel industry and telecom industry both of which have direct bearing in the working of your company. This, coupled with overcapacity in the industry kept margins under tremendous pressure throughout the year. However, inspite of these adverse circumstances, the company continued to grow in terms of volume and market share and registered an impressive growth of 50 % in Total Income over the previous year which helped in partially offsetting the decline in margins. The year ended with a marginally lower PAT as compared to 1996-97.

In view of the difficult financial position, the directors feel that it would be in the interest of the company to skip dividend in this second consecutive year too and conserve funds for the smooth running and growth of the company. Therefore, the Directors do not propose to pay dividend for the year 1997-98.
