## CHAIRPERSON SPEECH

Dear Shareholders,

On behalf of the Board of Directors, I welcome you all at the 23rd Annual General Meeting of the Company. I am delighted to share my views with the esteemed shareholders on this occasion.

A host of domestic and global factors have combined in adversely impacting business performance of the companies in the steel and mining sectors. Steel Sector was badly hit due to overcapacity and slowdown in China, which led to enormous strain on the Indian Steel. Despite these challenges, your company has come out stronger from the second successive challenging year.

### Financial Performance

The turnover for the year 2015-16 was Rs.4880 Million, a little lower than in the previous year. This is partly due to the lower prices of pig iron in comparison to the prices in the previous year.

However in terms of profitability, your company was able to show a better performance in the year under review. Profit Before Tax (PBT), was up from Rs. 41.41 Million to Rs. 116.89 Million in the year. I strongly believe that as soon as the business cycles turns up, your company is well placed to outperform and create enhanced value for its shareholders.

### Operational Results

In this period of turmoil, your company adopted prudent and cautious approach with a focus on retaining profitable operations.

The capital expenditure on the steel plant during the year was at Rs. 184.91 Million. Major work on complete revamp of one blast furnace was completed during the year. The other blast furnace was revamped last year. Due to falling prices of pig iron, the full advantage of this major capital expenditure on blast furnaces in terms of production could not be achieved during the year. Increased volatility in the prices of steel including pig iron constrained production at the plant. Work on wagon tippler was also taken up during the year.

### Expansion Plans

Your company has taken both the inorganic and organic routes to expansion of capacities for achieving growth in the topline and the bottom line. I am very pleased to inform that due to the strong financials of your company, several opportunities for inorganic growth are on the table. As you are aware, last year your company completed the acquisition of Maithan Ispat Ltd. This was the first major acquisition of a steel plant by your company enhancing its capabilities to manufacture billet, sponge iron and heavy sections. In the current year, equity contribution of Rs. 563.90 Million was made in the newly acquired company as per the terms of the acquisition and revamp and modernization of this plant is also being taken up.

Given the inherent advantages of land, location and ready supportive infrastructure at the steel plant, your company is poised for a major brown-field expansion to raise the capacity to 3.50 MTPA in phases from the current capacity of 0.59 MTPA.

### Corporate Social Responsibility

Welfare of the communities living in the periphery areas of your company has been integral to the philosophy of Mesco over the decades. In affirmation of our good work your company has bagged Gold Award under CSR category for running anti-malaria and anti-dengue campaigns in its project sites in Barbil and Jajpur.

Your company has contributed significantly in the areas of education, infrastructure, women's empowerment, sports and culture, drinking water and environment. During the year your company has spent Rs.31.06 Million on a range of CSR programs. The expenditure is well above the minimum required. We would continue to work for the welfare and development of our local communities.
