NOTICE OF 25th ANNUAL GENERAL MEETING

III Other information:

(1)	Reasons of loss or inadequate profits	<p>Modern Dairies Limited was affected by external factors like foreign currency turmoil, World economy slowdown and blanket ban imposed by the Govt. of India on export of Casein for which the new unit of the Company was set up.</p> <p>The product prices of Milk Powders, Casein and other dairy commodities had a sharp decline. On the other hand, the major input cost i.e. Milk prices stood to its ground and did not soften up in tandem with the markets.</p> <p>The Company suffered losses and accordingly the debts of the Company were restructured / reworked on the CDR platform in 2009 and 2011.</p> <p>In spite of all odds, till 2012-13 the Company performed as per CDR projections. There after primarily on account of the following two reasons, the Company has fallen short of that projections; (i) working capital short fall (ii) On account of drastic decline in international prices of Casein.</p> <p>In terms of the CDR rework package the lenders were supposed to release the Need Based Working Capital (NBWC) to the Company. The NBWC was assessed by Punjab National Bank being the Lead Bank, for the year 2013-14, but the same was not released by a few of the Lenders, resulting into a situation of the tight liquidity and working capital shortfall. This resulted into low capacity utilization which consequently landed the Company in losses.</p> <p>In the JLF/Monitoring Committee meeting held on 16th June, 2015, the CAP/request for financial assistance was discussed and it was decided in principle to process the Company's request for financial assistance by the lenders. Subsequently the lenders decided that the CAP/request for financial assistance should be got vetted by TEV study from an outside agency i.e. Dun & Bradstreet.</p> <p>Dun & Bradstreet study was received in January 2016 which is positive. Still the additional financial assistance is not been released by the lenders to the Company in addition to non-release of working capital.</p> <p>In spite of the losses the company kept paying interest and installments to the lenders resulting into shortfall in NWC. The Company submitted rehabilitation proposal to all the lenders.</p>
(2)	Steps taken or proposed to be taken for improvement	<p>The Company has already given mandate to the renowned advisory M/s. Ernst & Young (E&Y) for finding out an investor for the funds requirement in the Company. E&Y is actively engaged on this mandate. They have advised that looking to the business model of the Company and the interest shown by the investors in the dairy sector, the Company has good chance of getting an investor</p> <p>The Company is doing all its best to get the funds inducted into the Company by the investor and as soon as the funds are available , the company is hopeful of turning around.</p> <p>The Company has started focusing more on the fresh dairy / sales under its own brand, which shall give better margins and shall reduce its dependence on the international market which is more volatile.</p>
(3)	Expected increase in productivity and profits in measurable terms.	<p>The management has adopted focused and aggressive business strategies in all spheres of functions to improve the sales and profitability of the Company. Considering the present business scenario, the Company is expecting increase in revenue and profitability. The Management is confident of achieving a higher growth in the period to come.</p>
