CEO Message

Dear stakeholders,

It is a pleasure for me to be a part of Modi Naturals and it is my endeavour to take the company to new heights over the years to come. Whilst addressing you for the first time, I will take you through some of the highlights of the past year and share with you some plans that we have, going forward.

It has been an eventful year in many ways. We have fundamentally reorganised our business to better address market opportunities. The high growth of the Indian economy has opened up new opportunities, rendered investment accessible and created a business climate favourable for expansion and growth.

As you may be aware, until now our focus was only on bulk supply of Rice Bran and Sunflower oils. I will be pleased to inform you that our focus is now on becoming a 360 degree FMCG company over the next 5 years, with innovative brands and products serving consumers in different demographic segments.

Business Restructuring

We have structured our operations into three divisions Branded Business, Bulk Commodities and Value Added Products. The new structure will refocus our efforts, unlock embedded value and result in accelerated growth on all fronts.

Branded Business

In the branded business, **Mr Narendra Ambwani**, **Ex MD Johnson & Johnson India** joined us as a **strategic advisor**. He brings to Modi Naturals his vast experience in the FMCG sector and will help us achieve success from the word go.

Tarai

We launched our first brand of edible oil - Tarai, in the mass prestige category in March with two variants Tarai Shudh and Tarai Tastv+.

Whilst our sales volumes are growing exponentially, our primary focus is on developing a strong distribution network across North India for this brand. By the end of the current fiscal, we will be present in 9 States including UP, Punjab, J&K, Himachal Pradesh, Bihar, Jharkhand, Delhi, Uttarakhand and West Bengal. The idea is to make Tarai a mass, household brand name and leverage our distribution strength to supply more and more products, including non-oil products in the future. This fiscal we are all set to launch another variant of Tarai - Tarai Sun-lite Advance sunflower oil under the same brand umbrella.

In the current fiscal, you will also see the launch of a new brand, which will mark the companies foray into the **health** and wellness category of the FMCG segment serving the higher SECs.

Bulk Commodities

We continue to leverage our strength in bulk commodities by increasing our portfolio of products. By the end of this year we will have started dealing in some imported oils as well.

Value Added Products

This year, we intend to add significant value to one of our by-products. This will help us further strengthen the manufacturing base and help bring down the average inputs costs.

I would like to sincerely thank members of our Board for diligently representing the interests of our shareholders. I also take this opportunity to express my appreciation to all our shareholders for their trust in us.

We work with the attitude to maximise returns on the investments you have made in Modi Naturals Limited. In a world that is hungry for optimism and good news, I am proud to state that we are indeed making a positive difference.

The various growth engines that we have put into motion will gather momentum and deliver returns at a pace we have not witnessed in the past. This will enable us to create wealth and enhance shareholder value exponentially.

Best Regards, sd/-**Akshay Modi** Chief Executive Officer

DIRECTORS' REPORT TO THE MEMBERS

Your Directors have pleasure in presenting the 36th Annual Report of the Company together with the Audited Accounts for the year ended 31st March, 2010.

OPERATING RESULTS

The summarized financial results for the year ended 31st March, 2010 and for the previous year ended 31st March, 2009 are as follows:

		(in Rupees
	2009-10	2008-09
Turnover	11580.85	12091.47
Profit before interest and depreciation	403.45	595.69
Interest	136.73	105.96
Depreciation	107.21	78.13
Profit for the year	159.49	411.60

The turnover of the company has gone down from Rs 120.91 crores to Rs 115.81 crores. However, the company's Rice Bran processing has gone up by 12% i.e. from 70857 tons to 79224 tons. The decrease in turnover is actually on account of increase in stock of Finished Goods (from Rs 9.04 crores to Rs 13.08 crores) and fall in Indian edible oil commodity prices. The main reason for a fall in edible oil prices is excessive dumping of vegetable oil market by cheap imported oils - mainly crude palm oil. This has also resulted in decrease of Net Realizable Value of Refined Rice Bran oil by 13% over last year.

On the other hand, the prices of raw materials i.e. mainly Rice Bran have not gone down as significantly as oil prices, resulting in decrease in Gross Profit margin.

OPERATIONS

In the last 2 years, the company has invested over Rs 10 crores for upgrading its production facilities and also setting up new packaging lines. As a result of this there is an increase in financing (from Rs 1.17 crores to Rs 1.47 crores) and depreciation costs (from Rs 0.78 crores to Rs 1.07 crores). The company's new business division called Branded Business has resulted in increase in personnel (from Rs 2.17 crores to Rs 2.66 crores) & administrative expenses (from Rs 0.49 crores to Rs 0.87 crores) of the company. As a result, the company's profit has gone down in current year. However, the benefits of these investments shall occur in coming years.

FOREIGN INSTITUTIONAL INVESTORS

Pursuant to Foreign Investment Promotion Board (FIPB) approval, 26,40,000 optionally convertible warrants have been issued on preferential basis to three FIIs on 5th August 2010. After the conversion of these warrants into equity shares, the paid up capital of the company shall become Rs 11,11,79,340.

GOING FORWARD

The company has structured its operations into three divisions – Branded Business, Bulk Commodities and Value Added Products. The new structure will refocus your company's efforts, unlock embedded value and result in accelerated growth on all fronts. A detailed report on this is given in the CEO's message.

DIVIDEND

In order to conserve the resources for the growth of the company, the Directors do not recommend any dividend for the year under review.

The company has not been able to provide disclosure of additional information as required under clause 22 of Chapter V of Micro, Small and Medium Enterprises Development Act, 2006 due to non receipt of any intimation from its suppliers regarding their status under The Micro, Small and Medium Enterprises Development Act, 2006 and hence the following information required under the said Act could not be provided by the company:-
