DIVIDEND

In view of the loss incurred during the year, your Directors have not recommended any dividend for the year 1998-99.

OPERATIONS

During the year under review, your Company had produced 996 Tonnes of Monocrotophos Technical and 292 Tonnes of Acephate Technical. The Plant was shut down for two months during December 98 to January 99 to carry out annual maintenance. Modifications were carried out in utilities and process plants to minimise energy consumption and maximise productivity. As a result of these changes, the operating efficiencies of the plant have improved since February, 1999. The process improvements have resulted in better raw material consumption norms and also savings in energy cost. In order to enable forward integration and to improve operating margins, facilities have been set up for retail packing of formulations of Monocrotophos and Acephate. Sales of Monocrotophos and Acephate formulation in retail packs have commenced during the current season.

MARKET

The gross sales at Rs. 3620 lakhs were marginally higher than the last year. Your Company had sold

725 Tonnes of Monocrotophos Technical and 174 Tonnes of Acephate Technical. Bulk Formulation sales were 439 KL of Monocrotophos and 194 MT of Acephate. During the year under review, the per unit sales realisation continued to be under downward pressure. The average sale value realised per unit were less than the previous year. Your Company has started marketing formulated products of Monocrotophos and Acephate in retail packs. During the year under review your Company had exported 77 Tonnes of Acephate Technical valued at Rs. 239 lakhs and is making every effort to increase its exports during the current financial year.

FUTURE OUTLOOK

While the Pesticide Industry as a whole is facing difficulty, the performance of your Company is expected to be better during the year 1999-2000 as compared to the year under review on account of various steps taken by the Company to reduce the cost of production and improve the profitability. While there has been a considerable reduction in cost of production, a part of it has been offset by the reduction in the sales realisation. Your Company has also taken steps to introduce new products. In this direction, three new products, viz., DDVP, Atrazine and Profenofos have been identified. Production of Atrazine and Profenofos is expected to be commenced towards the end of the current financial year. Introduction of new products, improvement in productivity and reduction in cost of production are expected to result in improving the performance of the company during the current financial year and reverse the downward trend faced by the Company during the last two years.

ENVIRONMENT PROTECTION

Your Company continues to nurture and expand the vast green belt around the factory for environmental protection and it has taken every step to ensure improvement of the environment in and around its factory.

CONSERVATION OF ENERGY, TECHNOLOGY ABSORPTION AND FOREIGN EXCHANGE

The requisite information on conservation of energy, technology absorption and foreign exchange outgo and earning, in terms of the Companies (Disclosure of particulars in the report of the Board of Directors) Rules, 1988 is set out in a separate statement attached hereto and forms part of this report.

DIRECTORS

During the year under review, Mr. S.P. Sen Gupta resigned from the Board on personal grounds. Your

Nagarjuna Agrichem Limited

Directors place on record their appreciation of the services rendered by Mr. S.P. Sen Gupta during his tenure as Director of your Company.

Mr. P.K. Mallik, Mr. D. Ranga Raju and Mr. S. Koteswara Rao, Directors, retire by rotation at the forthcoming Annual General Meeting and being eligible offer themselves for re-appointment.

AUDITORS

M/s. M Bhaskara Rao & Co., Chartered Accountants, Hyderabad, the Company's Auditors, retire at the conclusion of the ensuing Annual General Meeting. They have signified their willingness to accept re-appointment and have further confirmed their eligibility under Section 224(1-B) of the Companies Act, 1956.

PERSONNEL

The industrial relations at the factory and at Head Office continued to be cordial. Mr. W.V. B. Ramalingam, who joined the Company in December 1996 as President has retired from the services of the Company on 30th June, 1999.

A statement giving information and particulars of the employees as required under Section 217 (2A) of the

Companies Act, 1956 is annexed and it forms part of this report.

Y2K COMPLIANCE

All computer hard ware in the Company have been made Y2K compliant. Necessary work on remediation of the software used by the Company is in progress and the same is expected to be completed in due course.

ACKNOWLEDGEMENT

Your Directors wish to place on record their appreciation of the support, co-operation and assistance extended by the State Government, Industrial Development Bank of India, Bank of Baroda, State Bank of Mysore, Indian Overseas Bank and other Banks, Investors, Suppliers and employees of your Company and all others who continue to help and support the Company.
