EXPLANATORY STATEMENT PURSUANT TO SECTION 173 (2) OF THE COMPANIES ACT, 1956**Item No. 4**

Pursuant to provisions of Section 310 of the Companies Act, 1956, and Article 96 of the Articles of Association of the Company, the Company is debarred from increasing remuneration of the Directors by way of a fee for each meeting of the Board or a committee thereof attended by any such Director exceeding Rs.500/-. The provisions relating to the payment of sitting fees, contained in the Companies Act, 1956 and the rules and regulations made by the Central Government in this respect have been amended from time to time.

Members are aware that as per the revised Clause 49 of the listing agreement the Board of Directors of the Company shall have an optimum combination of executive and non-executive Directors with not less than fifty percent of the Board of Directors comprising of non-executive Directors. Where the Chairman of the Board is a non-executive Director, at least one-third of the Board should comprise of independent Directors and in case he is an executive Director at least half of the Board should comprise of independent Directors.

In view of the increased responsibilities pressed on the Directors of the Company through various enactments and in order to attract more professional for independent Directorship on the Board of the Company, it is desired that the sitting fee payable to the non-executive independent Directors for attending the meeting of the Board and Committee thereof should be in line with the amended provisions of the Companies Act, 1956 and the rules and regulations made by the Central Government in this respect from time to time.

The Board recommends acceptance of the resolution set out in item 4 of the convening Notice.

The Directors (except the Directors in the whole-time employment of the Company) of your Company are interested in this resolution to the extent of remuneration proposed to be paid to them by way of sitting fees for each Board or committee meeting attended by them.

MANAGEMENT DISCUSSION AND ANALYSIS

(a) Overview

In 2005-06, Indian economy has continued its upward movement with further momentum as compared with the previous three years. With the growth rate of 7.9% achieved in first nine months of the year the Indian economy continues to show signs of robustness. In spite of the increase in the international oil and steel prices, the Indian economy boosted by strong growth rates in agriculture, services and manufacturing sectors is expected to grow at a rate of around 8%. The government at the Center has carried forward the efforts to drive economic growth through the second generation of reforms.

The Iron & Steel Rolling Industry plays an important roll in the growth of Iron & Steel Industry in the developing economy like India. The Iron & Steel rolling industry has gone sea changes over a period of time and now it has become an organized one.

The main thrust of the government is on development of infrastructure of the Country. A lot of Project for construction of Flyovers, Dams, Roads, Water Supply and Sewage Pipelines etc. have been taken up. The Stock Markets in the Country have also performed in line with the economy of the Company. All these factors are good for the future of the Company.

The turnover of the re-rolling unit of the Company was affected due to firm iron & steel prices throughout the year. However overall margins increased due to better conversion business. The Stock Markets in the Country have also performed in line with the economy of the Company. Thus the investment segment has also done very well during the year.

(b) Opportunities, Threats & Risks

The robust growth in the economy has accelerated the demand of rolled products by the industry. Thus the increased demand of rolled products by the manufacturing Industry is likely to provide an opportunity to grow the Company in the years to come. The Company has, with long years of experience in running Iron & Steel rolling business, developed strengths and expertise in Rolling of Iron & Steel.

The increased FII investment into the Indian Stock Market is the indicator of their confidence on the growth journey of the Indian economy. Thus it is likely that the Indian Stock Market will continue their upward journey in the times to come.

With the globalisation, the raw material prices have become very volatile further the Iron & Steel Rolling Industry in India has become extremely competitive with the entry of lot of integrated Plants, which offers better products at lower prices. The Stock Markets of the Country are at their lifetime high, correction is imminent.
