LETTER TO THE SHAREHOLDERS

Dear Shareholder,

It gives me immense pleasure to introduce NRB Industrial Bearings' 5th Annual Report.

India clocked in 7.6% growth during the 2015-16 and continued to be the 'star performer', outpacing China as the world's fastest growing major economy. The global economy, however, continued to be volatile during this period with three of the BRICS economies; China, Brazil and Russia facing a slowdown. The US Federal Reserve increased interest rates owing to growth in employment for forty one straight weeks (and therefore a drop in unemployment claims) and low inflation. This depreciated the rupee and even though this made India more competitive in exports; India could not take advantage owing to the weak global economic scenario. In a more local context, the government's "Make-In-India" initiative is starting to show results with many investments being made and in the pipeline.

During the course of the year, NRB Industrial Bearings continued to focus towards building a stronger organization. This ranges from a series of initiatives like hiring highly qualified personnel and expanding its dealer network to introducing new products and working towards lean manufacturing which are further highlighted in this report. These activities will help us achieve our goals and take on the opportunities that lie ahead in both; Indian and global markets. In addition to our own product range, we have also continued to strengthen our alliances with our European partners, leading us to have to a wider gamut of products for the Indian manufacturing sector. This will give us a sustained competitive advantage over Indian bearing manufacturers.

Looking ahead, we appear to have a promising year in the next fiscal. With new developments, we hope to penetrate new segments, using "Make-In-India" to our advantage. While the bearing industry is poised to get further competitive, I am confident that NRB Industrial Bearings will emerge as a promising player in this market.

We thank you for your support and look forward to the same in 2016-17.

Best Regards,

Sd/-

Devesh Singh Sahney
Managing Director
