EXPLANATORY STATEMENT
[Pursuant to Section 173(2) of the Companies Act, 1956]

In conformity with the provisions of Section 173(2) of the Companies Act, 1956, the following explanatory statement sets out all material facts relating to the Special Business mentioned in the accompanying Notice and should be taken as forming part of the Notice.

Item No. 5:

Shri. T.S. Bhattacharya was appointed as an Additional Director of the Company with effect from February 6, 2013 pursuant to Section 260 of the Companies Act, 1956 read with Article 134 of the Articles of Association of the Company. Shri. T.S. Bhattacharya holds office upto the date of Annual General Meeting of the Company.

None of the Directors of the Company other than Shri. T.S. Bhattacharya is interested or concerned in the resolution.

The Board accordingly recommends the resolution as set out in Item No. 5 of the Notice for the approval of the members.

Item No. 6:

The present Authorised Share Capital of the Company is Rs. 50,00,00,000/- divided into 5,00,00,000 Equity Shares of Rs. 10/- each. In order to meet the eventualities such as augmenting resources, issue of shares, etc., it is proposed to increase the Authorised Share Capital to Rs. 1,50,00,00,000/- divided into 1,50,00,00,000 Equity Shares of Rs. 10/- each.

This requires amendment of Capital Clause V of Memorandum of Association with the approval of shareholders by way of Ordinary Resolution. Hence, the proposals are placed for your approval.

None of the Directors of the Company is interested in the said resolution, save and except as shareholder and to the extent of their shareholding in the Company.

The Board accordingly recommends the resolution as set out in Item No. 6 of the Notice for the approval of the members.

Item No. 7:

In the last few years, the denim market has grown up to be a rather competitive market. Historically, at the time when the Company started its operations, the Company's major activities included trading in fabrics in domestic and international markets. In the last ten years, Nandan Exim Limited has extensively increased its scope and has expanded its business operations beyond import-export and is emerging as a leading player in the denim market.

The Company is having its own spinning, weaving and finishing units and has recently entered the readymade garment sector. Thus, the scope of its activities is no more limited to import & export. With this integration of activities and growth plans, a change of name represents a logical step in the Company's transformation. There is a need to develop a very strong branding and marketing presence in domestic and international markets. In today's context, the Company's name reflects only one of its business activity and does not capture the array of other activities carried on, in India and worldwide.

The word 'Nandan' has been associated with the Company since years and is considerably more familiar to customers, stakeholders and people connected with the Company. The Company is recognized by the word 'Nandan'. Thus, the word 'Nandan' is an integral part of the Company which reflects its identity. Based on the exercise conducted by the management on alternative names for the Company, the name 'NANDAN DENIM LIMITED' seemed most appropriate.

In this regard, Form 1A has already been filed by the Company with the Registrar of Companies, Gujarat and they have confirmed the availability of the new name vide their letter dated July 3, 2013. Subject to the resolution being passed, an application will be made to the Registrar of Companies for approval to the change of name under section 21 of the Companies Act, 1956.

If the change of name is approved, share certificates already issued will not be called in only for the purpose of exchange into certificates bearing the new name but will be so exchanged as and when the existing share certificates come into the possession of the Company and in the mean time the existing certificates will continue to be accepted for all purposes, as indicating entitlement to shares of the Company.

None of the Directors of the Company are interested in the said resolution, save and except as shareholder and to the extent of their shareholding in the Company.

The Board accordingly recommends the resolution as set out in Item No. 7 of the Notice for the approval of the members.

ANNEXURE TO THE DIRECTORS' REPORT

ANNEXURE – 1

Particulars pursuant to Section 217(1)(e) of the Companies Act, 1956 read with Companies (Disclosure of particulars in the Report of Board of Directors) Rules, 1988 and forming part of the Report of the Directors.

A. CONSERVATION OF ENERGY:**(a) ENERGY CONSERVATION:**

1. Interlocking of all hood fan with machine operation. When machine is stopped hood fan will also stop. Energy saving of 50 units per day.
2. Interlocking of singeing machine exhaust air blower with machine running. Energy saving of 25 Units per day.
3. We have started eff -1 type motor to use in place of eff-2 type motor.
4. VFD for motors where star delta starter were used in H plants motor, as per application apply fan as well as return fan.
5. Using lighting transformer for plant lights, by this transformer output voltage is maintained 220 volt, so life of tube rod & ballast is increased and energy saving due to reduced supply voltage.
6. In packing & folding department previously DC motor were used , now we have started to use AC motors. AC motors are having very less maintenance expense & failure is zero as compare to DC motors.
7. We are using high efficient pump in place of standard pumps.
8. Installation of automatic light controller for street light.
9. In godown areas, transparent sheets are used, due to this in day time, no lights are needed.
10. Now energy efficient bearings are used in looms motor.
11. All over head water tank are controlled by level controller.
12. Regular checking of surface temp of hot & cold insulation, if heat losses is observed , repaired or attended.

(b) WATER CONSERVATION

1. Recycling of treated effluent water in dyeing and sizing machine no 1, 2, 5, 7 and 8.
2. Recycling of water of finishing department to merceriser machine.
3. Reuse of RO reject water in dyeing sizing machine no 3, 4 and 6.

B. ADDITIONAL INVESTMENTS AND PROPOSALS-

1. We have planned to recover flash steam from condensate. This flash steam will be used to heat water and hot water will be used in size kitchen.
2. Given compressed air audit work to Forbes Marshall to audit air leakage and misuse of Compressed air in plant.
3. We are installing valve on Looms to monitor compressed air usage on individual loom. Regular monitoring of compressed air on loom will help us to optimize the air consumption on air jet looms.

C. Impact of measures at (a) and (b) above for reduction of energy consumption and consequent impact on the cost of production of goods:

1. By recovering flash steam we will be reducing steam consumption and saving approximately Rs 20 Lacs per annum. Pay back for the capital expenditure is approximately six months.
2. By optimizing compressed air on loom and reduced air leakages we will be saving Rs 30 Lacs per annum.
