Chiripal Group at a glance

Chiripal Group is one of the leading manufacturers and exporters of Textile and BOPP Film products in India with a group turnover of more than Rs. 6000 crore.

We started operations in 1972 with a few power looms, and over the years have evolved into a multifaceted textile conglomerate producing fiber to apparel under one roof. Our extensive experience of over four decades enabled us to create a sustainable business empire spanning across varied fields ranging from Petrochemicals, Chemicals and Infrastructure to Spinning, Weaving,

Knitting, Fabric Processing, BOPP Film manufacturing and Educational Initiatives. Our quest for innovation and excellence enables us to set new benchmarks across operational verticals. Banking on the expertise of our team of devoted employees and our state-of-the-art facilities, we have established a significant presence for our businesses in domestic as well as international markets.

Company Overview

A modern and versatile denim manufacturing company, Nandan Denim is India's largest supplier of denims. With a manufacturing capacity of 110 MMPA, it is also the world's fourth largest integrated denim fabric maker.

Vision

TO
BE
NO.1

Incorporated in 1994, we started off as a textile trading company and forayed into denim manufacturing in 2004. Today, we manufacture and deliver denim fabric, yarn / dyed yarn, cotton fabric and shirting fabric for

some of the most renowned brands in India and abroad. Headquartered in Ahmedabad, we have a strong pan-India network and have expanded our footprints to over 27 countries around the globe.

Nandan's diverse portfolio

Over the years, we have built a robust and diverse portfolio of products to satisfy a growing client base. With a constant focus on delivering unique products, we continue to build capacities, improve operational efficiency and adopt technology to capitalize on emerging opportunities and offer products that are attuned to changing fashion trends.

Denim

Nandan denim is renowned and acclaimed for its exceptional quality and extensive variety. Our state-of-the-art manufacturing facility empowers us to utilize innovative production techniques to design customized products for our global clientele. The advanced facilities make our processes more productive and our people more efficient, enabling us to provide unparalleled products year after year.

Chairman's message

We have implemented adequate fire safety procedures, emergency response systems and trained employees to deal with such accidents, to ensure complete compliance to fire safety norms.”

Dear Shareholders,

The fiscal 2019-20 witnessed significant challenges as the global as well as the Indian economy continued to be affected by several macroeconomic factors. Amidst a challenging environment, your company continues to grow, backed by a robust business model and its strategic ability to navigate through troubled times. To retain our competitive advantage and consistently deliver value to all our stakeholders, we continue to focus on investments for research and development, technological enhancement and quality improvement to sustain profit margins and increase operational efficiency.

Rising trade barriers, increasing geopolitical tensions and the trade war between U.S. and China had a significant impact on global economic growth. Along with this, a sharp deterioration in manufacturing activity and global trade, higher tariffs and prolonged uncertainties around trade policies slowed investment and dampened demand for capital goods. Growth also plummeted due to country-specific factors in several emerging market economies and on account of structural forces such as low productivity and aging demographics in advanced economies.

Its effects trickled down to the Indian economy as well. Various domestic factors like declining consumer demand, slowdown in the Indian manufacturing sector, turbulence in non-banking financial institutions and reduction in investments further aggravated the situation. Adding fuel to the fire, towards the end of March 2020, the COVID-19 pandemic
