## DIRECTORS' REPORT

**Dear Members,**

Your Directors take pleasure in presenting the 26<sup>th</sup> Annual Report of your Company together with Audited Accounts for the year ended March 31, 2000.

### FINANCIAL REVIEW

Your Company has completed yet another successful year in 1999-2000, despite operating in a highly competitive environment and sluggish fertilizer demand.

### Financial Performance :

	(Rs./Crores)	
	1999-2000	1998-99
Sales Turnover	2452.66	2289.53
Profit before Interest & Depreciation	257.81	306.88
Interest	124.98	150.74
Depreciation	101.90	97.78
Profit before Tax	30.93	58.35
Provision for Taxation	3.25	17.21
Profit available for appropriation	34.89*	41.15
Proposed Dividend	10.47	12.34
Corporate Dividend Tax	2.30	1.23
Transfer to General Reserve	4.42	5.51
Profit carried forward to Balance Sheet	17.69	22.05

\*Includes Income tax refund of earlier year of Rs.7.21 crores.

1999-2000\* was a difficult period for the fertilizer industry as it faced glut situation in the domestic market resulting greater stress on margins. Negative variance in profits is attributable to curtailment of production due to insufficient movement orders because of sluggish demand, ad hoc recovery by FICC on sale of ammonia, increase in freight and marketing expenses.

Your Directors recommend for your approval **a dividend @ 2.13%** on the paid up equity capital as on 31<sup>st</sup> March, 2000 amounting to Rs. 10.47 crores. The company has also made a provision of Rs. 2.30 crores towards dividend tax.

## PRODUCTION REVIEW

Your Company has been able to achieve a good operating performance in a highly competitive business environment and subdued industrial climate in the country particularly in the fertilizer segment. Despite curtailment in production, Company could maintain the tradition of high capacity utilization achieving an overall capacity utilization of 109.96% during 1999-2000 (111.07% previous year). Company produced 31.37 lac MT of Urea against the target of 30.57 lac MT. In terms of nutrients including CAN, the company produced 14.82 lac MT fertilizer nitrogen.

Production Performance of the plants during the Year is as under:-

Unit	<u>Target</u>		<u>Actuals</u>	
	(MT)	Cap.Uti.(%)	(MT)	Cap.Uti.(%)
Nangal	220270	95.21	197225	85.25
Panipat	235290	100.00	245109	104.17
Bhatinda	235290	100.00	249939	106.23
Vijaipur-I	379500	113.64	374048	112.00
Vijaipur-II	389620	116.67	415450	124.40
Industrial N	25690	-	24551	
Total	1485660	108.46	1506322	109.96

During the year Vijaipur II made a record production of 9.03 lac MT of Urea, registering an increase of 4.8% over the last year. The production of Bhatinda Unit increased by 7.9% over the last year.

CAN Production at Nangal was on the lower side mainly on account of its cost viability. Urea production at Nangal, Panipat and Bhatinda had to be curtailed intermittently because of high silo stocks and insufficient movement orders from government resulting in a production loss of 65,804 tonnes of urea. Also the production of Industrial Products was affected on account of increase in the cost of inputs, mainly naphtha and cheap availability via imports.

Notwithstanding the constraints, the percentage share of the company towards production of nitrogenous fertilizer in the country for 1999-2000 is estimated at 13.6%.

## MARKETING REVIEW

There was sluggish market demand and glut situation for urea throughout the year. While strengthening the existing customer base, continuous improvements were made to serve the specific market segments. A concerted effort towards improving the product quality and packaging and effective rapport with the dealers, has helped the company in marketing around 30.16 lac tonnes of urea and 1.85 lac MT of CAN during the year. The sale of Industrial Products is at 89.00 crores .

### **MANPOWER EXPERTISE**

One of the areas identified for diversification is exploiting the potential for marketing of specialized technical services and manpower expertise wherein the company has been able to take up a number of assignments within India and abroad earning lots of appreciation and accolades from the borrowers.

During the year the Company has provided specialized technical services to IOC, Panipat, Hyundai Heavy Engineering & Construction Ltd. for HPCL Refinery Mumbai, Chambal Fertilizers Ltd., Kota in association with TEC, Japan, Haldia Petrochemicals Ltd., West Bengal in association with TEC, Japan, Hyundai Heavy Industries Co. Ltd. for HPCL Refinery Mumbai and Numaligarh Refinery, Assam. In the current year the company has taken up the assignment at Fertilizer Complex, Venezuela, Latin America in association with Snam Progetti, Italy,

### **ICC ARBITRATION PROCEEDINGS**

ICC Award in the arbitration proceedings between NFL and M/s Karsan had been delivered in favour of your company on December, 1998 thereby awarding US \$ 47.044 million inclusive of 5% interest upto 31.3.1999. The amount of Award including interest as at 31.3.2000 stands at Rs.214.77 crores. The counter claims of M/s Karsan were rejected. M/s Karsan have filed a petition with the District Court Amsterdam for setting aside the award. Your Directors have taken all possible steps to defend the Award. Simultaneously, vigorous efforts are being made to enforce the Award against already identified assets lying in various countries in the name of M/s Karsan, their executives and associates with close cooperation of various agencies.
