CHAIRMAN'S COMMUNIQUÉ

Dear Shareholders,

At Navneet, FY2018-19 was a year of exceptional growth and excellence. While we made great progress in many areas of the business, we also laid the groundwork for what will be a multi-year strategic plan. The plan will center on how to better serve our customers, with a greater emphasis on quality of books. During the year, we have continued to introduce newer products to our portfolio, expand our reach across geographies and ensure greater commitments towards our customers.

The year 2018 witnessed extreme external situations arising out of rising oil prices, trade rivals between major global trading partners and the normalisation of monetary policies in the larger advanced economies have

contributed to a significantly weakened global expansion. Following a notable tightening of financial conditions in late 2018, market sentiment rebounded in early 2019. As a result, the global growth is now projected to be at 3.6% in 2020. The outlook for emerging market and developed economies is expected to remain favourable. In 2018-19, the Indian government has taken several initiatives to improve the education and infrastructure sector. According to the latest UN report, Indian economy will grow to 7.1% in 2019-20 and it continues to remain the fastest growing economies of the world.

I would like to highlight that the company's financial performance for this year was a remarkable one. The company ended the year with a total revenue of ₹ 1,37,992 Lakhs; a growth

of 19% and Profit after tax at ₹ 17,742 Lakhs.

The segments highlights are as under:

- Publication Revenues increased by 13.1% to ₹ 71,076 Lakhs.
- Stationery Revenues increased by 29.4% to ₹ 64,812 Lakhs.

We aim to strategically explore into new potentials, seizing new opportunities, implementation of emerging trends, synergising strengths and chasing perfection endlessly. The opportunities that lie ahead are significantly vast to ensure sustainable value creation for each of our stakeholders. Over the last six decades, your company has become the pioneers in the industry as we have worked hard to revitalise the company

By 2030, India should stand as the third-largest economy in the world and aspires to become a high-middle level country.

as a promising and robust brand in the Educational content and Scholastic stationery sectors.

During the year, our exports contribution to our total revenues have increased exponentially as compared to previous years. With reduced competition from China and NEL being the preferred vendor overseas our products have witnessed steadfast growth in the scholastic stationery segment.

As a new age company, NEL focuses on enriching and providing an effective learning experience digitally. Indiannica Learning Pvt. Ltd. and eSense Learning Pvt. Ltd., aid your company to broaden its content business segment. In the year under review, the revenue from operations stood at ₹ 6,447 Lakhs and ₹ 2,330 Lakhs, respectively of these

companies. The e-learning segments continues to scale up as more students are inclined towards digitized learning rather than the conventional form of learning. Internet penetration among the rural masses is set to increase in the coming years gearing up the performance of this segment.

We have always believed that healthy business can be built through consistent cash flows from the Company's core operations, and in the year 2018-19 this thought has strengthened amongst us and we have also successfully maintained our stability through our visions and strength.

Moving forward, we continue to nurture our relationships with customers and employees. There is enthusiasm among the team to provide quality products to

students at affordable prices.

As we continue our journey, we believe in creating better milestones by aligning ourselves with our core values and the preferences to be a part of building new India and create enduring value for our stakeholders.

Thank You,
Kamlesh S. Vikamsey
 Chairman
