From the CMD's Desk

Prem Adip Rishi
Chairman & Managing Director

In today's scenario, the importance of the Real Estate Sector, as an engine of the nation's growth can be gauged from the fact that it is the second largest employer next only to agriculture sector and its size is close to US \$ 12 billion and is growing at about 35% per annum. Moreover, five percent of the country's GDP is contributed by the housing sector. In the next 3-4 years this contribution to the GDP is expected to rise to 6%.

To reap the benefits available to real estate sector, the Company has diversified itself into this business and within a period of one year it has created a strong brand value. The real estate projects of the company are marketed under the brand name 'MVL' and it has shown its presence in various segments like Group Housing, IT Parks, Townships, Hotels etc.

Keeping in view the growth prospects, the need to have a separate focused company for the real estate business was felt, and thus it is proposed to de-merge the real estate division into MVL Infrastructure Ltd. This arrangement will enable the present shareholders to participate in the growth of the new listed Real Estate company. The Company is also merging its wholly owned subsidiary namely, Smart Buildwell Pvt. Ltd. into MVL Infrastructure Ltd. and six other companies which are developing Township at Yamuna Nagar shall also be merged with MVL Infrastructure Ltd.

In the coming year, the Company plans to add new products to its existing range of MEDIA offerings. With 51% growth in its sales of Consumer Electronic Division, the Company has demonstrated its commitment to achieve the targets.

Our Mission

"To provide professional services, backed by transparent, ethical practices to our customers across the country through our large range of products that confirm to high quality international standards. And thus enhance the network of our shareholders."

Surging Ahead

At MEDIA VIDEO LIMITED we have always believed in moving forward and not basking in past glories. It's our competitive knack of venturing into unexplored territories and treating our consumers with new surprises every time that has helped us retain our leadership stance since our inception 20 years ago. It is with the same zest that we launched **MVL**, the brand seeking to provide to its consumers the best in real estate solutions.
