The dividend will be paid to members whose name appear in the Register of Members as on **1<sup>st</sup> August, 2017** in respect of shares held in dematerialized form, it will be paid to members whose names are furnished by National Securities Depository Limited and Central Depository Services (India) Limited as beneficial owners as on that date.

**8. LISTING OF SHARES AND DEMATERIALIZATION**

The Company's shares are listed and traded at Bombay Stock Exchange (BSE) and its scrip code is **508875** and ISIN No. **INE861H01012**

**9. RISK MANAGEMENT**

During the year, the company has developed and implemented Risk Management Policy consistent with the provisions of the Act and the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 to identify the elements of risk which may threaten the existence of the Company and possible solutions to mitigate the risk involved.

**10. FIXED DEPOSITS**

During the year under review, the Company did not raise funds by way of fixed deposits and, as such, no amount of principal or interest was outstanding as on the balance sheet date.

**11. MATERIAL CHANGES AND COMMITMENTS AFFECTING FINANCIAL POSITION BETWEEN THE END OF THE FINANCIAL YEAR AND DATE OF THE REPORT**

Your Company had entered into a Scheme of Arrangement (the Scheme) between Rajshila Construction Private Limited (earlier known as Nitin Castings Private Limited) and their Respective Shareholders for the demerger of Castings Business from Rajshila Construction Private Limited into the Company and the same was approved by the Hon'ble High Court on 13<sup>th</sup> October, 2016. The abovementioned Scheme was made effective on 15<sup>th</sup> December, 2016.

Pursuant to the Scheme, your Company was required to issue and allot equity shares to the shareholders, appearing in the books of Rajshila Construction Private Limited as on the Record Date fixed by the Board of Directors of both the companies i.e. 4<sup>th</sup> February 2017, in the ratio prescribed in the Scheme. The relevant clause indicating the swap ratio is reproduced below:

**Consideration payable to Equity Shareholders:**

“10 (Ten) fully paid up New Equity Share of ₹10 (Rupees Ten) each of Nitin Castings Limited (Formerly known as Nitin Alloys Global Limited) shall be issued and allotted for every 27 (Twenty Seven) fully paid up equity shares of ₹10/- (Rupees Ten) each held in Rajshila Construction Private Limited (earlier known as Nitin Castings Private Limited)”

The Board of Directors of your Company at its meeting held on **4<sup>th</sup> February, 2017** issued and allotted 11,66,667 equity shares of face value ₹10/- each to the shareholders of Rajshila Construction Private Limited.

Further, in order to give effect to the allotment, your Company filed Form PAS-3 (Return of allotment) on **7<sup>th</sup> February, 2017**. Accordingly, the Paid up Equity Share Capital of the Company was increased from ₹1,40,40,000/- to ₹2,57,06,670/-.

Post the ROC filings, your Company made an application to BSE Limited for listing of these shares, i.e. **11,66,667** equity shares. Since the Scheme provided that fractional entitlement if any had to be ignored for the purpose of issue and allotment of shares, BSE granted approval for listing of only **11,66,665** equity shares. **2 (two)** shares were issued and allotted erroneously due to rounding off in the excel file (without any formula for rounding off being put by NCL).

Post submissions made to BSE, approval was granted to list only **11,66,665** shares on the stock exchange. Accordingly, the paid-up capital on BSE website would be reflected as ₹2,57,06,650/-.

Due to the above rounding off error, amount equivalent to 2 (two) equity shares i.e. ₹343/- (Rupees Three Hundred and Forty Three only) is proposed to be adjusted against the Goodwill Account created pursuant to the accounting treatment provided in the Scheme.

Hence the Paid up Share Capital of your Company stands as on date ₹2,57,06,650/- divided into **25,70,665** equity shares of ₹10/- each.

**12. DIRECTORS' RESPONSIBILITY STATEMENT**

In pursuance of section 134 (5) of the Companies Act, 2013, the Directors hereby confirm that:

- (a) in the preparation of the annual accounts, the applicable accounting standards had been followed along with proper explanation relating to material departures;
- (b) the Directors have selected such accounting policies and applied them consistently and made judgments and estimates that are reasonable and prudent so as to give a true and fair view of the state of affairs of the company at the end of the financial year and of the profit and loss of the company for that period;

DIN: 00347757**

**Management Discussions and Analysis forming part of  
Directors' Report for the year ended 31<sup>st</sup> March, 2017**

**Industry Structure and Development**

Steel Castings Industry is considered to be the backbone of engineering industry serving Automotive, Agriculture, Mining and Earthmoving Equipment Industry and almost all downstream engineering industry. The FY 2016-17 was challenging with lower growth in industrial production mainly due to continuing high rate of inflation and depreciation of the rupee. These factors had an adverse impact on the economy resulting in lower GDP growth rate. Rising input costs, slow pace of industrial production, infrastructure development and the impact of global slowdown constrained the performance of the industry. In spite of such deficiencies, your company has done well business & earned good profit during the year.

**Opportunities & threats**

The global economy is reviving from slowdown and would offer better business opportunities in near future. Further, stable government placed in India would indicate positive growth signal for an Indian Industry though in near term some short term challenges. Likely increase in the Government spending towards various infrastructure sectors would create a rise in the demand in several sectors of the economy, of which the company would be a beneficiary. Planning Commission, Government of India, has also emphasized on infrastructure development to achieve GDP growth and this would open new opportunities for the business. The Company has incurred major capital expenditure during previous financial years and enhanced new business in investment castings. This would cater demand raised in future.

The higher inflation rate resulting in higher interest rate and hike in commodity prices may adversely affect your Company's financial performance. The Company does not foresee any other threat, as Company is working with modern technology and continues on development of quality products as per the need of market to adverse the risk of slow down.

**Outlook**

India's growth story was, till recently, quite attractive in comparison with many other developed and developing economies. However, the nation's adverse fiscal deficit and negative current account balance call for some bold rectification measures from the Government. The Government would be focusing on consolidation of the economic recovery through expeditious clearance of existing projects, selective disinvestment and accelerated foreign direct investment through policy reforms. Also, Government's emphasis on infrastructure projects would raise demand from Construction & Mining Equipment Industry in the domestic market. Reforms in global economy indicate positive signal for overseas market. Overall, the market seems to be going on the sluggish pace for the next few months and would have positive note thereafter.

**Risk and Concerns**

The factors like slowdown in the infrastructure investment can lead to lower order intake. The other factor like power shortages and its cost; increase in labour cost and transportation cost due to petrol/diesel price increase etc. could contribute to inflation. The Company considers good corporate governance as a pre-requisite for meeting the needs and aspiration of its shareholders. The main risk to the Company which may arise is mainly due to Government policies and decisions, Fluctuations in prices of Raw materials, Exchange rate fluctuations, Industry demand etc.

**Segment or Product wise Performance**

The Company is operating in one segment known as Alloys Steel Castings in the range of static and centrifugal. The product wise comparison is not possible as every product is specific as per order and to the size, shape and alloy mix. Therefore, performance of the Company has to be seen in overall manner and
