CHAIRMAN'S MESSAGE

Dear Fellow Shareholders,

I am pleased to report 19th Annual Performance Report of the Company to all the stakeholders of the Company. It gives me immense pleasure to share with you, another year of impressive performance by Optiemus. Despite of challenges and competition, the foregoing year 2011-12 was the year of record performance when your Company Optiemus Infracom Limited crossed the revenue generation of Rs. 1900 cr., with a growth of 57.87% in revenue, 80.50% in PAT, the progress of Optiemus has something to be proud.

We are moving forward with accelerated energy towards multidimensional expansion. We are confident our sales and operating profits will grow significantly in current fiscal.

As a Company, Optiemus is positioned at an interesting juncture and looking towards a great future. We are following different models towards this. We are working with various agencies, companies, institutions in order to get the solution fastest.

It gives me immense pleasure to convey that your Company has acquired a commercial property situated at Sector 126, Noida (Uttar Pradesh) which is one of the prime locations of NOIDA on Expressway. The said Property is costing approximately Rs. 130 Crores having plot size of 13260 Sq Mtrs along with buildup structure of approximately 4,00,000 Sq ft.

The acquisition of said property is a part of diversification plan and also to create an asset base of the Company, the said property is being developed as a Software and Technology Center. I believe that your Company will receive a striking revenue by setting of such development on the said property.

I am sharing that in a little over a decade of wireless telephone. India has moved from a subscriber base of zero to becoming the second largest market in world after China with around 65% of the Indian population having mobile in their hands as on 2012 which translate the gigantic figure of 765 million subscriber. That is 2.5 times of the total US population and second to the China with 863 million subscribers. It also reports penetration of 85% by the end of 2014. Plus, the number of mobile subscribers in India is growing by a whopping 20 million every month.

We have always believed that our growth is intrinsically linked with the growth of our people. We encourage diversity and a performance driven organizational culture in which people give their best and feel proud to be part of a successful and a caring organization.

I would like to thank each and every one of our employees whose commitments and efforts made 2011-12 yet another successful year for the Optiemus.
