ANNUAL REPORT 1998-99

The plant is in advanced stage of implementation and commercial production is expected to commence in September, 1999.

Dividend:

With a view to conserve resources for the new project under impementation your Directors recommend to maintain the dividend at the same rate as last year at Rs.2/- per share of Rs.10/- each.

Finance:

The financial liquidity of the company was much better during the year out of the profit and cash generations from the normal operations of the Company.

The Company's borrowings by way of fixed deposits is within limits prescribed by the Companies (Acceptance of Deposits) Rules, 1975. 35 deposits amounting to Rs.1.67 lacs have remained unclaimed as on 31.3.1999 of which two deposits aggregating to Rs.0.06 lacs have since been renewed or repaid.

Insurance:

The Company's buildings, plant and machinery, stores and stocks have been adequately insured. Loss of profit and standing charges in respect of Camphor Division have also been adequately insured.
