CHAIRMAN'S STATEMENT
TO THE SHAREHOLDERS

Dear Shareholders,

It gives me great pleasure to welcome you to your Company's 35th Annual General Meeting.

OUTLOOK

You are aware that there was a considerable slow-down of economies all over the world, India, being no exception. Lately, however, the Indian Economy is showing signs of regaining normalcy, which is a very welcome development. Infrastructure Development is always taken up on large scale, wherever a nation's economy shows signs of a slow-down. Mega structures like the Hoover Dam, were undertaken and completed during the Great Recession because their capacity to generate employment. In India, however, no such exercise was undertaken. Fortunately, Indian Economy is mainly dependent on Agriculture, which in itself engages manual labour on a large scale, and as such did not call for finding alternative sources of employment. Even Industrial growth is now showing healthy signs of revival. There is thus no reason why we should not expect happier times in the year to come.

Large infrastructure projects of highways are being undertaken by the NHAI and various State Governments. The new trend is to take up these projects as BOT Projects. However, the criteria for pre-qualifications are being made so rigid that I am afraid it will be virtually impossible for middle level companies to even pre-qualify to bid for any of these projects. They will be left with no alternative but working as EPC Contractors for other major companies. I feel this move will result in considerably reducing competition which in the long run will not be in the interest of Government, apart from being against the future of smaller or even middle level companies. This issue will have to be urgently taken up with the Central and State Governments for redressal of our grievances.

YEAR UNDER REVIEW

I am happy to inform you that your company has completed its first BOT Project, namely Aurangabad Jalna Road in Joint Venture with M/s Sadbhav Engineering company and has in fact commenced collection of toll on 27th July, 2009. The project was completed ahead of schedule thanks to the herculean efforts taken by all concerned.

PBA INFRASTRUCTURE LIMITED

ISO 9001:2000

I am also happy that your company has completed the Srinagar By-Pass Project in spite of heavy odds and working in very difficult conditions.

Your Company achieved a turnover of Rs.364.30 crores during the last year as against the turnover of Rs.370.17 crores during the previous year. There was a slight fall in the turnover of the Company because of slow down of the economy as stated above. Another reason for this shortfall was that the previous year turnover included toll collection of Rs. 62.14 crores whereas this year's turnover is only from construction. The operating profit also slightly went down to Rs.14.79 crores as against Rs.20.94 crores during the previous year. This mainly happened because of considerable increase in the cost of materials and operating costs. In spite of this, your Directors have recommended payment of dividend at 20% with a view to sharing profit with its share holders.

Maintaining the turnover was made possible because of dedication, sincerity and hard work by employees of your company, for which they deserve to be highly praised.

Your Company has projects in hand amounting to about Rs. 900 crores in various parts of the country. The works are progressing satisfactorily. The Company carries out most of its works Departmentally with a view to achieving maximum possible economy.

FUTURE PROSPECTS

Central and State Government are undertaking very ambitious programmes of highway construction during the coming years. Your Company hopes to bag a number of contracts including skywalks during the coming year and expects to increase its turnover by 30%. In addition, the Company also proposes to diversify its activities and enter to the field of mining, irrigation and real estate developments in years to come. We need your good wishes in our endeavours.

I take this opportunity to sincerely thank our Banks, Financial Institutions, Clients and Suppliers for their constant support in the progress of the Company. I also thank you, share holders, for your constant support in the welfare and growth of the Company.

I would also place on record my deep appreciation to management team of the Company and its staff for their constant endeavor to help the Company in seeking and achieving higher goals.

With Best Wishes

Ramlal Wadhawan
Chairman & Managing Director

PERFORMANCE REVIEW

During the year under review Income from Operations decreased marginally to Rs.36429.86 lacs from Rs.37019.47 lacs in the previous year. The company achieved operating profit of Rs 1479.09 lacs against Rs.2094.52 lacs in the previous year. The pressure on margins was primarily due to the impact of Loss in Derivatives and Foreign Exchange Loss of Rs. 446.04 lacs during the year.

The net profit after charging interest, depreciation and deferred tax liability stood at Rs 1047.35 lacs.

DIVIDEND

The Board of Directors has recommend to pay a dividend of Rs. 2/- per Equity Shares on 13500562 fully paid Equity Shares of Rs.10/- each for the financial year ended 31st March, 2009 subject to the approval of the members.

OPERATIONAL PERFORMANCE

There has been renewed emphasis on the need of Planned expenditure on the Infrastructure Development in

the country coupled with the need to lead the country out of the Global recessionary trend.

The importance of infrastructure for sustained economic development is well recognized. The efficacy of private sector participation in infrastructure development would be contingent upon the capability to commercialize these projects whereby recovery of investments would be through a system of user charges. There is a potential for public private partnerships (PPPs) to contribute more and help bridge the infrastructure gap in India and the same is recognized by the Authorities.

Your company has capitalized the expertise in specialization on Road Construction and has successfully completed a BOT project named Aurangabad Jalna Project as a Joint Venture with Sadbhav Engineering Ltd.

The company has a healthy order book position of about Rs.900 crores including orders in hand to be executed along with other Joint Venture Partners.

CREDIT RATING

CRISIL has assigned: BBB-/Stable Rating to the Company which was valid upto July 25, 2009. Renewal for credit limit is under process.
