**DIVIDEND**

In view of the inadequate profit for the year & carried forward losses, your directors regret their inability to recommend any dividend for the financial year 2005-06.

**OPERATIONS**

The aggregate turnover of your Company was Rs. 13,094.96 Lacs in the year 2005-06 as compared to Rs. 15,291.50 Lacs in the year 2004-05. The company has earned (profit before tax and after extra ordinary items) of Rs. 83.08 Lacs in 2005-06 as compared to Rs 89.18 Lacs in 2004-05.

The company has not been able to perform better during the year on account of Local sales and exports of Electronic products. The reduction is mainly due to heavy flood on 26<sup>th</sup> July 2005 wherein it took about 2-3 months to stabilize the operations of the company. However we have been able to cut down our costs and therefore the profitability of the company has improved as compared to previous year. Your Company's export business of dyestuffs, bulk pharmaceuticals and intermediates have shown reduction in turnover to Rs. 366 lacs in 2005-06 from Rs. 676 lacs in 2004-05. The reduction is mainly on account of sharp increase in raw material prices, which was caused by the oil and petrochemical price surge. We are exploring the possibility of exporting to other European countries.

However your company has made remarkable progress in European market for export of computer products, which will show a major growth during the current financial year.

In order to increase the business activities, your company is proceeding towards capturing greater market share in the key areas of computer peripherals such as CPUs, Monitors, Mother Boards, while also starting sales of software for Networking.

All the branches are adequately equipped to provide complete support to the customers. Internal Control system has well established and cost consciousness in branch operations leads to improved profitability.

Your Directors are hopeful of better results for the Company in the current year.

Although there was a theft during the year but the amount involved is not very high and not significant. The police is investigating the matter.

**DIRECTORS**

Mr. M.H. Dalal, Director of the company resigned from the Board with effect from 29th June 2006. The Board places on record its appreciation for services rendered by him during his association with the company.

As per the provisions of Section 256 of the Companies Act, 1956, Mr. A. K. Bhuwania, Mr. M. K. Arora, Directors will retire by rotation at the ensuing Annual General Meeting and they, being eligible, offer themselves for re-appointment.

The tenure for reappointment of Mr. Aditya Bhuwania is due for reappointment w.e.f 1/09/2005, as Executive Director of the Company. Keeping in view his experience and expertise and the increased activities of the company, a resolution is proposed in the notice of the Annual General Meeting for the reappointment of Mr. Aditya Bhuwania on terms detailed in the resolution. The proposed tenure of reappointment is for 5 years w.e.f. 1/09/2005.

## AUDITORS

M/s. M. L. Bhuwania & Co., Chartered Accountants who are to retire at the conclusion of the forthcoming Annual General meeting, have offered themselves for re-appointment as Auditors of the Company. A written certificate to the effect that their appointment, if made, would be within the prescribed limits under Section-224(1B) of the Companies Act, 1956, has been obtained by the Company from them. The members are requested to consider their reappointment and fix their remuneration.

## HUMAN RESOURCE

Employees' relations throughout the Company were harmonious. The board wishes to place on record its sincere appreciation of the devoted efforts of all employees in advancing the company's vision and strategy to deliver best quality services to its valued customers.

## REPORT ON CORPORATE GOVERNANCE

The company has, pursuant to Clause 49 of the Stock Exchange Listing Agreement, complied with the requirements of Corporate Governance.

A Management Discussion and Analysis Report, a detailed report on Corporate Governance and a Certificate from the Auditors' regarding the compliance of Corporate Governance conditions are made part of this Annual Report.

## INSURANCE

All insurable assets of the Company including inventories, warehouse premises etc. are adequately insured.

## BANKS

Your Directors wish to place on record their appreciation of the support from Company's bankers, Indian Bank, Bank of India and Union Bank.

## DIRECTORS' RESPONSIBILITY STATEMENT

In terms of Section 217 (2AA) of the Companies Act, 1956, the directors confirm that :

- i) In the preparation of the Annual Accounts, the applicable accounting standards have been followed;
- ii) Appropriate accounting policies have been selected and have applied them consistently and made judgments and estimates that are reasonable and prudent so as to give a true and fair view of the state of affairs of the company at the end of the financial year 2005-06 and of the Profit of the company for that the year ended on 31st March, 2006;
- iii) Proper and sufficient care has been taken for the maintenance of adequate accounting records, in accordance with the provisions of the Companies Act, for safeguarding the assets of the company and for preventing and detecting fraud and other irregularities;
- iv) The annual accounts have been prepared on a going concern basis.

## DEMATERIALIZATION

Your company has tied up with National Securities Depository Ltd. (NSDL) and Central Depository Services (India) Ltd. (CDSL) to enable the shareholders to trade and hold shares in an electronic form. The shareholders' are advised to take benefit of dematerialization.

## LISTING OF SHARES

Your company's shares have been listed with Bombay Stock Exchange Limited, (BSE). The company had applied for de-listing of equity shares from Kolkata Stock Exchange Association Ltd. (CSE) and said de-listing permission is in process. The listing fee for the financial year 2006-2007 was duly paid to BSE.

## CONSERVATION OF ENERGY, TECHNOLOGY ABSORPTION, FOREIGN EXCHANGE EARNINGS AND OUTGO:

### CONSERVATION OF ENERGY :

The scope for conservation of energy is limited in the type of industry in which your company is engaged. However, the company continues to accord high priority to conservation of energy by opting for more power effective replacements of equipment and electrical installations. No specific investment proposals are envisaged.

### FOREIGN EXCHANGE EARNINGS AND OUTGO :

The relevant information in respect of the foreign exchange earnings and outgo has been given in the Notes forming part of the Accounts for the year ended March 31st, 2006.

### PARTICULARS OF EMPLOYEES :

During the year under review, none of the employees of the Company have drawn remuneration as specified under section 217(2A) of the Companies Act, 1956 read with the Companies (Particulars of Employees) Rules, 1975.

### APPRECIATION :

Your Directors wish to place on record their grateful thanks to the Banks and various Government Authorities for their valuable assistance and co-operation and for the trust and confidence reposed in the company by the shareholders.

For and on behalf of the Board

Place : Mumbai  
Date : 29th June, 2006.

A. K. Bhuwania  
Chairman

## MANAGEMENT DISCUSSION AND ANALYSIS REPORT :

The company is engaged in the business of import / trade of electronic products and export of dyestuffs, bulk pharmaceuticals and intermediates.

### 1.1 Industry Structure and developments

**Electronics Division:** As per MAIT, total PC sales in India crossed 4.50 million in 2005-06. The Indian market acted steadily for whole year but the markets have shown positive signs once again after these uncertainties and as per MAIT, it expected to cross 6.00 million in 2006-07. We are hopeful to improve our market share together with increased market volumes. However, share of assembler segment is declining for last two years and has come down from 60% to almost 35-38%.

**Chemical Division:** Due to the sustained high in oil prices, all raw material prices have gone up significantly, while finished goods prices have remain subdued due to slower markets. Besides, due to the abolition of textile quotas under the WTO agreements, there is substantial increase in export of textiles from India and dyeing houses in Europe are facing difficulties. It would take some time before the situation stabilizes in all the markets.

### 1.2 Opportunities and Threats

#### Electronics Division :

We have started pushing for a bigger share in the monitor market with Viewsonic who are one of the leading monitor brands in the world. We have been trying to reduce our distribution time cycle to reduce our cost further.

With our current tie up with VXL instruments Ltd., we have started marketing thin clients in India also and we are sure to get significant volumes from thin clients this year.

We are also moving toward becoming a solution company instead of selling only components and have added Software in our range. In the current year, we have tied up with Ericom for distribution of their enterprise level software in the Indian market. We can add up similar complimentary products within this range.

#### Chemical Division :

The onslaught by the emerging Asian and other smaller countries continues despite the efforts by the west and Indian governments resorting to impose anti-dumping duties. A thorough review of all the products is thus called for to identify only the profit making and sustainable products. Completion of this exercise should help us to re-enter the market with better vision and focus. Exercise is on in this direction, which can also include a review on exports of Speciality Chemicals, pharmaceutical intermediates and Bulk Pharmaceuticals.

### 1.3 Segment-wise or product-wise Performance

**Electronics Division:** There was a lower turn over this year as compared to last year with Segment Result, before adjustment for unallocated expenses (net) and provisions for taxation, increasing to profit Rs. 407.31 Lacs as compared to Rs. 344.14 lakhs in the previous year.

**Chemical Division:** There is severe drop in the turnover by 45%, and the margin too has to be squeezed due to tough competition from china. The heavy slashing of incentives by our Government too has forced us to work on very lower margin in order to sustain in the international market.

### 1.4 Future Outlook

**Electronics Division:** The future trend, in the IT industry is looking brighter. As per Manufacturers' Association for Information Technology (MAIT) / International Data Corporation (IDC), IT industry will grow in the Year 2006-07 by 30% to 40% in India. We are also aiming to capture the major share of this growth for all the product ranges. However, branded systems are gaining a bigger share in the market due to their much better financial and marketing muscle.

We would be concentrating more on thin clients , network software ( viz Ericom ) . We are also building a very strong support group so that we can provide technical supports for all kind of networking solutions.

### Chemical Division :

Though the newer product ranges introduced by us, have received good response, they are unlikely to contribute significantly to our sales in the current year. The users are limited and it takes considerable time for them to change from their existing long term suppliers. A good pick-up is seen in the Stains and Indicators range and we hope to have some better volumes in the coming years.

### Risk and concerns

#### Electronics Division :

The fast obsolesce of IT products and changing technology remains primary concern. The company has to move faster with changing times and ensure that it does not get stuck with products of old technology. With import duties on IT products abolished, more multinational companies would be trying to get a better share of the market here resulting lower margins. The company would have to improve its market research and also improve relations at more grass root levels.

For solution business, we have to build up very strong support system to the enterprise segment.

#### Chemical Division :

Due to unstable and high oil prices, all raw materials costs are still increasing at present. At this juncture the company cannot take long position on any its product range and have to work more on back to back orders. The situation is likely to improve by end of the year, when all prices will have better stability.

### 1.5 Internal control systems and their adequacy

The company has adequate internal control systems/procedures in place covering all facets of business. The internal control systems/procedures are reviewed periodically and updated/modified on need basis. The company has an effective information technology system support in various important operational and financial areas to facilitate control systems.

The Internal control systems/procedures are commensurate with the size and nature of the business of the company.

### 1.6 Discussion on financial performance with respect to operational performance

The company has achieved a sales turnover of Rs 13,094.96 Lacs in the year 2005-06 as compared to Rs. 15,291.50 Lacs in 2004-2005, reflecting stagnancy. The company has earned a profit (before tax and extra ordinary items) of Rs 83.08 Lacs as compared to a profit (before tax and extra ordinary items) of Rs. 89.48 Lacs in the previous year.

### 1.7 Material Developments in Human Resources/Industrial Relations front, including number of people employed

**Human Resources:** Human Resources Development activities predominantly comprised of training and development of employees. Apart from the normal training programs for the employees, the Company has carried out various organizational development processes, primarily to bring about transformation process within the organization.

There is a system in place for the development of Human Resource in the company. The Developmental activities are taken up by the company from time to time, comprising of Training and Development of all of its employees and are commensurate with the size and nature of the business of the company.

**Industrial Relations:** Industrial Relations through out the year continued to remain very cordial and satisfactory.

Statements in "Management Discussion and Analysis" describing the Company's objective, objectives and assessments etc. may be forward looking within the meaning of applicable laws and regulation. Actual results may differ from the statements expressed therein. Important factors that could influence the Company's operations include demand and supply conditions affecting selling prices of finished goods, availability of inputs and their prices, change in Government policy, legislation and tax rates; political defense and economic development within and outside the country and other factors such as litigation and industrial relations.
