PERFORMANCE AND REVIEW

The company suffered heavy losses in FY 2008-09 due to global economic crisis and non-hedging of import bills resulting in heavy losses on account of exchange rate fluctuations which mounted up year after year. Besides, the working capital dried up and the company could not pull on its day to day operations, therefore, it shut down its plant in the mid of the year to conserve on recurring losses. The turnover of company further declined to Rs.14.28 Crores as compared to Rs.99.12 Crores in the last year and the accumulated losses mount up to Rs.16.72 crores at the end of year as compared to Rs.11.97 crores at the end of last year.

FUTURE PROSPECTS

The shareholders are aware that for the last more than two years the Company is incurring losses and is now totally out of operations and is unable to meet its working capital requirements. However to overcome the present turmoil, the management has considered various options in the shape of amalgamation, joint venture with the prospective parties, overseas as well as local. But due to present state of affairs of the edible oil industry in the country nothing succeeded. The capacity utilization is merely 30% and the profit margins are squeezed to great extent. Now the industry has concentrated near port area and has gone into the hands of few big players who due to no or lesser transportation costs enjoy an edge by operating at low cost and selling the product at more competitive rates than the units like us.

Therefore, in order to pay the dues of the Bank which are presently classified as NPA, the management is considering various alternatives including distress selling by scraping the plant and that too selling in parts to different buyers i.e. land and building separately and plant and machinery separately. The land and building can only be sold when it is vacant not otherwise. Further, the disposal will be effected in parts that too at different times in one or more tranches. As the unit is not operating, there is negligible workforce.

The sale/transfer of the unit upon completion of necessary formalities would be at a consideration to be determined by the Board of Directors in the best interest of the company and its members. The company had already obtained the approval of the shareholders under section 293(1)(a) of the Companies Act, 1956 for disposal by way of sale, transfer or otherwise of whole or substantially the whole of undertaking of the company at a time or at different times in one or more tranches pursuant to the Postal Ballot Notice dated 18.04.2011 sent under section 192A of the Companies Act, 1956 read with the Companies (Passing of the Resolution by Postal Ballot) Rules 2001. The Board is under way to realize the assets of the company and pay off the liabilities however pursuant to the prior approval, sanction and consent by its banker to release the assets mortgaged to it. The company is trying hard to get rid off this line of activity and may start another venture in the future to come. But all this is very un-predictable.

DIVIDEND

Keeping in view the present constraints, Your Directors express their inability to recommend any dividend for the year under review.

PUBLIC DEPOSITS

During the year under review, the Company has not accepted any public deposits falling within the purview of Section 58A of the Companies Act, 1956 and the rules made there-under and however it had complied with the provisions of section 58A of the Companies Act, 1956 read with the Companies (Acceptance of Deposits) Rules, 1975 with regard to the deposits already accepted from the public in earlier years.

DIRECTORS

Dr. S K Suri demised during the year whereas Mr. Sahil Bansal resigned from the Board on 11.10.2010. The board expresses its deep concern over the sudden demise of Dr. Suri and the departure of Mr. Sahil Bansal from the Board.

Sh R C Singal is retiring by rotation at the ensuing Annual General Meeting and being eligible offer themselves for re-appointment. The information pursuant to clause 49 of the Listing Agreement regarding the director seeking re-appointment on retirement by rotation has been attached to the Notice convening the annual general meeting.

AUDITORS' REPORT

The Auditors Report on the Accounts of the Company is self-explanatory and the Auditors' in his audit report has

commented upon the fact that the company's losses are more than its net worth, the accounts of the company had been classified as NPA and the going concern nature of the company is in danger.

The shareholders are aware that for the last more than two years the Company is incurring losses, its working capital got eroded due to which its products lost its competitive edge in the market. However to overcome the turmoil, the management has considered various options in the shape of amalgamation, joint venture with the prospective parties, overseas as well as local. But due to present state of affairs of the oil industry in the country nothing succeeded. The capacity utilization in the industry is merely 30% and the profit margins are squeezed to great extent. Now the industry has concentrated near pan area and has gone into the hands of few big players who due to no or lesser transportation costs enjoy an edge by operating at low cost and selling the product at more competitive rates than the units like us. All these circumstance lead to the classification of company accounts as NPA.

The shareholders are well aware about the fact that the losses are mounting up year after year since 2009 as reported through annual reports, quarterly results and the Notice of Postal Ballot dated 18.04.2001.

Further, as the bank accounts remained over-due, therefore, the company banker namely State Bank of India has classified its accounts as NPA on 30.09.2010 and issued a Notice dated 15.12.2010 under section 13(2) of the Securitization and Reconstruction of Financial Assets and Enforcement of Security Interest Act, 2002, for recovery of outstanding dues to the tune of Rs.34,89,75,652.74 (inclusive of interest up-to 15.12.2010). The bank has also asked for payment of future interest at contractual rate on the said amount together with incidental expenses, cost, charges, etc. However to pay-off the bank dues and to realize the assets of the company, the Board had sought the approval of the shareholders through the Postal Ballot process and the shareholders provided its consent under section 293(1)(a) of the Companies Act, 1956 to dispose of all or any assets/undertaking of the company however pursuant to prior approval of the bankers. The shareholders authorised the Board of Directors in terms of Special Resolution passed through said Postal Ballot. The board has forwarded a deliberate and considered One Time Settlement Scheme to the State Bank of India who is working upon it. The bank management has appointed M/s North India Technical Consultancy Organisation Ltd. (Nitcon), SCO 131-132, Sector 17C, Chandigarh for the valuation purposes. The said Agency is yet to undertake the valuation. The liquidation of the assets of the company may be at scrap to get rid off present turmoil. Hence all these circumstances signify that there is every possibility that the company may loose its going concern status.

Besides as in the One Time Settlement (OTS) Scheme applied to the bank; the company has also requested for waiver of the interest amount, therefore, the interest accruing after the classification of accounts as NPA as on 30.09.2010 has not been booked in the company accounts.
