PERFORMANCE OF THE COMPANY:

The year under review was a year of tremendous challenges and difficulties for the Company. It was one of the most challenging years for the Company, due to various external and internal factors.

During the year under review, the economic conditions across the globe spiraled downwards, as the entire world had to deal with the implications of the global recession which took its toll on various leading global financial giants. However, your Company managed to survive through this tumultuous period, even as the economic downturn claimed major casualties even in India, but, we were forced to act decisively to ward off the effects of the sustained economic downturn by shutting down certain non-performing areas of our business and had to reduce our headcount and presence in certain areas.

However even amidst the economic downturn during the year under review, the Company has firmly established itself as the leading Shari'ah compliant financial services provider in the country. The Company during the year under review signed a Shari'ah services agreement with Tata-AIG Life Insurance Company (TALIC), to provide them with Shari'ah services for some of their equity fund schemes. This has been a very successful tie-up and has been renewed for FY 2009-10 as well.

But, during the year under review, the Securities Exchange Board of India (SEBI) had passed an interim order against the Company on 20 February 2009, restraining the Company from acquiring any new clients in either its broking business or its Demat business. The interim order further restrained the Company, Mr. Zafar Sareshwala and Mr. Uves Sareshwala, the Managing Director and the Joint Managing Director respectively of the Company from accessing the securities market till further order.

The Company and your Directors feel highly aggrieved and wronged against by this Order. This Order has certainly hampered the growth of the Company by restraining it from acquiring any new clients. The Company has applied for Consent Order against this order and the matter is currently sub-judice so your Directors will not be able to discuss the facts and merits of the case in favour of the Company in this report, but we are hopeful that justice will be served and the Consent proceedings will be successfully resolved.

Further, when we had begun the exercise of expanding the product portfolio, services and the geographical reach of the Company in 2005-06, we had undertaken major marketing, advertisement and expansion initiatives, which paid fruits, in establishing the Company as a recognized player in the financial services sector and the leading player in the nascent but fast growing Shari'ah compliant financial services segment. However, as a result of the expansion, the Company had accumulated certain debts which were deemed bad or doubtful for recovery, over the course of the years since 2005-06 and these bad debts got further accentuated during the year under review due to the economic downturn and prolonged recessionary trend. The issue of long standing over due debts was under consideration of Board since long. With a view to clean up the Balance sheet and in view of advice given by Statutory Auditors, the Board has resolved to write off the debts which are bad and doubtful amounting to Rs. 28.97 crores.

Your Company has also converted the Fully Convertible Debentures (FCD's) issued to M/s Baader Wertpapierhandelsbank AG and M/s Oman Commercial Services LLC at a Price of Rs. 272/- per share and accordingly has issued 10,48,417 Equity shares of RS 10 each at premium of Rs. 262/- per share to M/s Baader Wertpapierhandelsbank AG and 53,810 equity shares of Rs.10/-each at premium of Rs. 262/- per share to M/s Oman Commercial Services LLC as fully paid up share. The conversion price of Rs. 272 (Rupees Two Hundred and Seventy Two only), was unanimously approved by the Board of Directors at its Board Meeting on 2nd November 2009, in the presence of the Debenture Holder. Further, the conversion price is higher than the price arrived at by using SEBI's pricing method. This has added Rs. 29.98 crores to the Share Capital of the Company.

Your Company will pursue its efforts to recover all possible dues which have been written off. However, for the year under review, the write-offs have majorly impacted the bottom line of the Company along with lower revenues in its core business due to the economic downturn but the Company is confident that as the economic conditions keep improving so will its core businesses and therefore the Company is fairly certain that it will bounce back into the black very soon. Also certain cost cutting exercises initiated by the Company will start showing its effects in the next few quarters, aiding the Company to make a return to being profitable.

CORPORATE GOVERNANCE REPORT:

Pursuant to Clause 49 of the Listing Agreement with Stock Exchange, a compliance report on Corporate Governance has been annexed hereto as part of the Annual Report. The Company is in compliance with the requirements and disclosures that have to be made in this regard. The Auditors' Certificate on compliance with Corporate Governance requirements by the Company forms part of said report.

DIVIDEND:

During the year under review Company has incurred the Loss, Your Directors does not recommended any dividend in this financial Year.
