DIRECTORS :

Shri Sunder Lal, Shri. Ravi Kumar and Smt. Indu Kumar, Directors of Company retires by rotation at this ensuing Annual General Meeting but being eligible offers themselves for re-appointment.

DIVIDEND :

Pharma Industry needs steady policy framework which can enhance our growth. Small players like us have been badly affected by two, policy-level developments: First is MRP based excise duty payments which earlier was paid on our cost of manufacturing. The second development, and this is far more serious, is the impact of excise-free regimes especially of Himachal Pradesh, Uttaranchal, Kashmir and Sikkim. Units located in such places produce these medicines excise free, income tax free and sales tax free, whereas no such benefit exists for us. The industry associations like IDMA (of which we are members) have been asking for a reduction of excise duty to 8% from the current 16%, however this has so far being rejected by the government. As we are now facing a new product patent regime, which require new production quality stipulations and investments, smaller units like us are at disadvantage vis-à-vis our counterparts in tax free zones. This short sighted approach by the government's pharmaceutical policy has almost threatened to kill the domestic pharma industry in the country. Hence the industry needs a steady and predictable policy framework as an essential input for sustained growth. Due to these reasons, loss was incurred by the company during the financial year 2005 - 2006 and the Directors do not propose any Dividend for the year under review.

EXPANSION & FUTURE OUTLOOK :

The Company, even after facing all the aforementioned challenges, plans to enter in newer markets with newer products and is also planning to stabilize its Sales so as to give better results in the coming years.

NEW PRODUCT LAUNCHES :

The Company is planning new range of antibiotic injections, analgesics and muscular relaxants in coming months which should help to capture new markets. Now the company is also likely to enter new market in different parts of country and also planning to re-consider its market polices to penetrate the markets .
