MESSAGE FROM THE MANAGING DIRECTOR

Dear Shareholders,

This tremendous journey we have been involved with during the past four decades. We are all the more geared to take a closer look at the opportunities and challenges lying ahead.

We always believed that the prime reason behind all activities is to achieve Complete Customer Satisfaction in all the projects we deliver to our clients.

Infrastructure sector is a key driver for the Indian economy. The “Make in India” concept is expected to provide infrastructure developments and your Company would seek such opportunities to tie-up with such foreign companies for providing construction services for their projects.

Though investment momentum has not reached in some of the sectors in which your Company is functioning, the positives are expected to emerge considering the subsidy reduction, inflation containment, GST initiatives and various fiscal measures which will increase the investment in infrastructure sectors.

Your Company is providing very specialized Turnkey / Composite construction solutions for Civil, Mechanical, Electrical, Instrumentation, Insulation, Refractory and commissioning services under one Company in the areas of Power, Cement, Refinery / Oil & Gas, Fertilizer & Petrochemical, Steel Plants and other process plants.

Since crude oil prices have remained low, India's crude oil refinery output declined by 2.3% to 18.71 mt in 2017 over 2016. However, the Government of India's initiatives on Climate change, the investment in clean fuel project is likely to give opportunity in Oil Refinery Sectors.

With the introduction of various new reforms and policies along with a tax and regulatory friendly environment, the Make in India initiative can be expected to create the necessary fertile ground to foster the growth of manufacturing sector and uplifting the Indian economy. There is also possibility of capacity additions in existing Fertilizer Plants as the demand from Agriculture Sector is expected to grow.

Quality & Safety will continue to be our key priority and we will constantly provide safe & best services to our prestigious clients. We will strictly adhere to Integrated Management System with applicable International Standards.

Moving ahead, we are fully committed to carry out the same work ethics and policies to ensure that our deliverances are always above and beyond our clients' expectations. And their belief in us keeps growing even bigger, as we go about delivering their projects with professionalism and expertise.

I would like to thank my fellow Board Members for their guidance & commitment. I would also like to thank the employees at all levels, involved either directly or indirectly with the projects.

I am thankful to all our bankers for their support. Finally, I would like to thank all our stakeholders, customers, suppliers and vendors for the support extended to us in such challenging times and I hope to continue to receive your support in the future as well.

Best wishes,

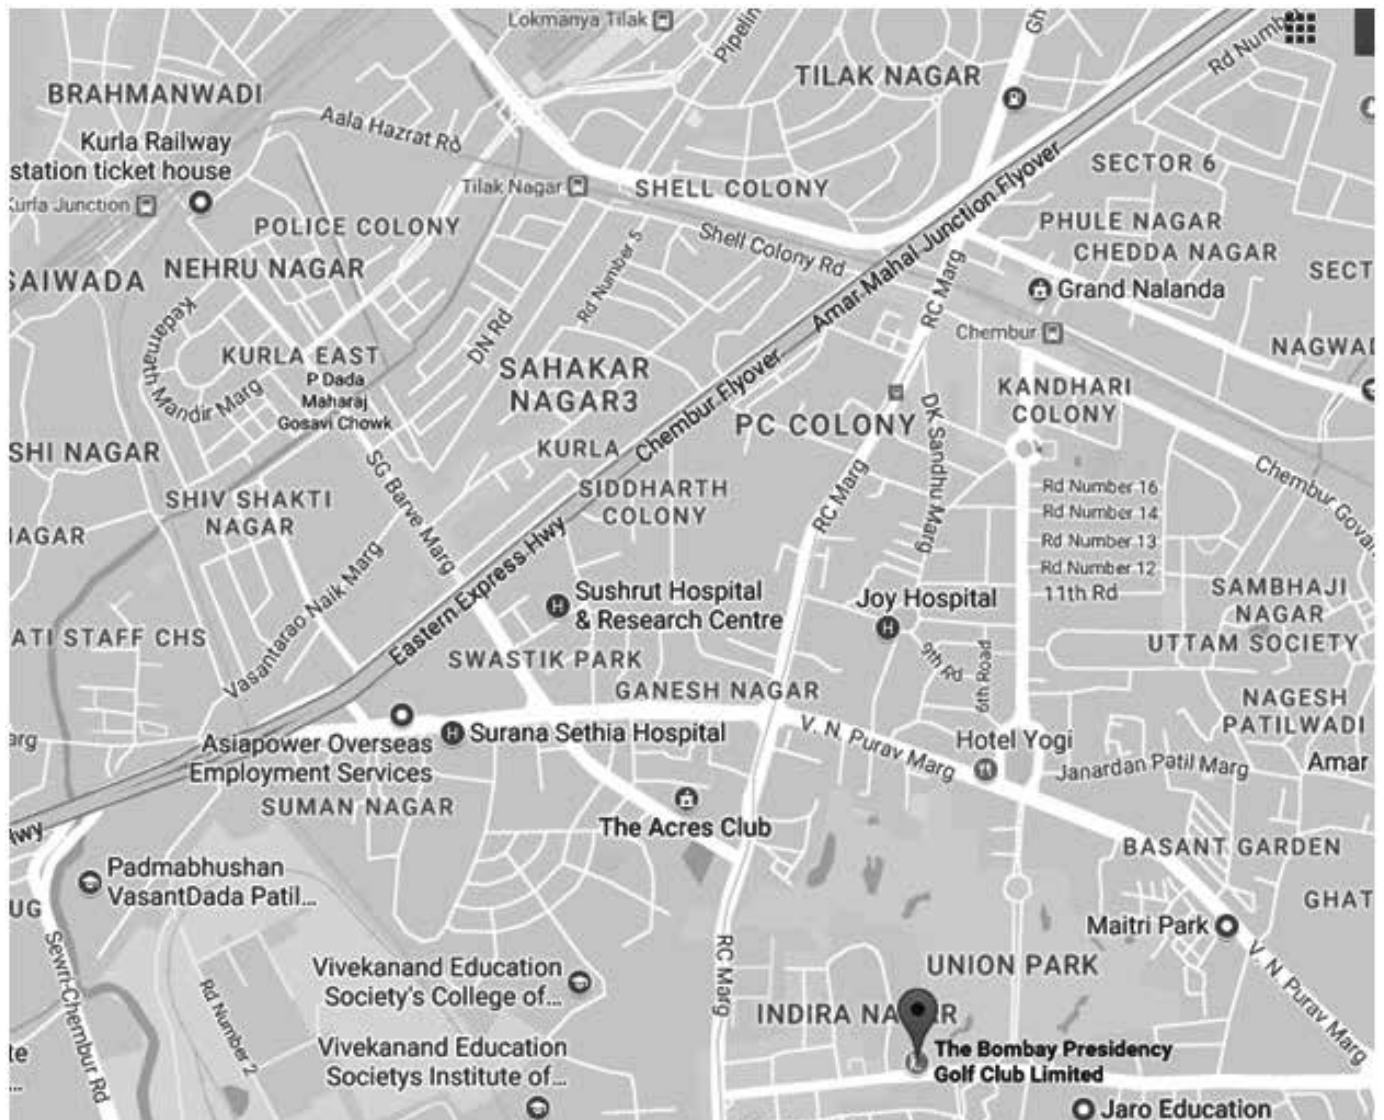

Ajay Hans
