Depreciation	256.72	260.14
Provision for Taxation	0.23	11.82
Net Profit	(-) 173.21	(+) 98.50

### Review of Operations

The mill commenced crushing operation for the season 1999-2000 on 24th Nov., 1999 and closed on 22nd April, 2000. The comparative Operational results for the last two seasons are as follows :-

	Season 1999-2000	Season 1998-1999
Duration	151	158
Sugar Cane Crushed in Qtls.	40,99,844	41,01,400
Recovery (Percent)	9.46%	9%
Sugar Produced in bags	3,89,085	3,71,000

During the year under review the Company has incurred a loss of Rs. 173.21 lakhs. The loss has been incurred due to provision of Rs. 416 lakhs made under sugar Incentive Scheme 1993. The Sugar Production Scheme, 1993 introduced by Govt. of India, Ministry of Food, Directorate of Sugar, Krishi Bhawan, New Delhi dated 10.03.93 is applicable to the Company that is the additional free sale sugar quota has been released and on account of the same excess price than the levy sugar price is to be paid to the Financial Institutions/Commercial Banks against the term loans and hence to that extent i.e. the said price is excess received on such sale being Rs. 416.00 lacs being payments made to Financial Institutions/Commercial Banks has been treated as a capital receipt on the basis of various Hon'able High Courts Judgements under Income Tax Act and not the income of the company. Accordingly the amount of Rs. 416 lacs has been charged to Profit & Loss Account and has been transferred to Capital Receipt under heading of Reserves & Surplus.

This year the statutory minimum price recommended by the State Government was Rs. 110/- against the last year price of Rs. 95/-, has also effected the profitability of the company to a great extent.

Further India has imported huge quantity of sugar from the outside. Such large scale imports have accentuated the glut of sugar coupled with sharp increase in production. Sugar Industry has carried forward a large stock of 6.5 million tonnes as on 1st Oct. 1999 and closing stock at the end of the year 1999-2000 is estimated as much higher figure over 8.5 million tonnes. This has exposed the industry to unremunerative prices of sugar.

**Revision of Annual Accounts for the year 1997-98, 1998-99 & 1999-2000**

The Board of Directors of the Company have revised the Annual Accounts for the year 1997-98, 1998-99 & 1999-2000 in pursuance of the Sugar Production Scheme, 1993 introduced by Govt. of India, Ministry of Food, Directorate of Sugar, Krishi Bhawan, New Delhi dated 10.03.93 is applicable to the Company that is the additional free sale sugar quota has been released and on account of the same excess price than the levy sugar price is to be paid to the Financial Institutions/Commercial Banks against the term loans and hence to that extent i.e. the said price in excess received on such sale being Rs. 416.00 lacs, Rs. 416 & Rs. 312 lacs for the year 1999-2000, 1998-99 & 1997-98 respectively, being payments made to Financial Institutions/Commercial Banks has been treated as a capital receipt on the basis of various Hon'ble Highcourt's Judgements under Income Tax Act and not the income of the company. Copies of the Annual Revised Accounts are enclosed herewith this report.

**Out Look of Future**

The Government of India has raised import duty on sugar to 40% on 29th Dec., 1999 and which was further stepped upto 60% on 9th February 2000. The imported sugar was also effectively brought under the purview of levy obligation of 30% as applicable indigenous sugar industry. These decisions have indeed proved to be in the larger National interest, which includes all the three segments -sugar cane farmers, sugar industry as well as consumers. All these steps have resulted in the curb of unnecessary of sugar imports. Further the prices, which remained depressed during the year, will look up this year.

**Industry Overview**

India has been witnessing a surplus position in one of the largest agro based industry for the last consecutive three years and the sugar production is expected to be 180 lakh tonnes.

In India, shift of demand is taking place from alternative sweeteners, Gur & Khandsari to sugar at a rapid pace. The per capita consumption of sugar which used to be 6kg in early nineties has now gone upto 15 kg, whereas a total consumption of all the three sweeteners taking together has improved only marginally to 23 kg's now as against 20 kg. Secondly the growth of population is another important factor while computing the sugar demand. The above said factors will lead to more demand of sugar and which will ultimately lead to remunerative price of the sugar.

**Expansion Programme**

During the year the company has submitted a proposal for the financial assistance to the Industrial Development Bank of India and Sugar Development Fund for the raising the installed capacity from 2500 TCD to 5000 TCD. The total cost of the scheme is estimated to be Rs. 2698 lacs. IDBI and SDF has already sanctioned term loan of Rs.1290 lacs and Rs.711.22 lacs respectively. The expansion will be in full swing after the disbursement of term loan.

**Directors**

Smt. Raj Rani, Sh. Venod Kumar Sharma and Sh. Kuldip Singh Directors of the company retire(s) by rotation and are eligible for the reappointment. Smt. Raj Rani, Sh. Venod Kumar Sharma and Sh. Kuldip Singh Directors have offered themselves for re-appointment.

**Fixed Deposit**

During the year company has not accepted any fixed deposit u/s 58-A of companies act 1956.

**Particulars of Employees u/s 217(2A) of Companies Act 1956**

No employee/Director has drawn salary in excess of Rs. 50,000/- p.m. If employed for a part of the year and Rs.6,00,000/- p.a for the whole year. Hence particulars of employees as required under section 217(2A) of the Companies Act, 1956 have not been given.
