EXPLANATORY STATEMENT

As required under Section-173 of the Companies Act, 1956.

Item: 5

As part of restructuring of the Board in accordance with the Corporate Governance Regulation, the Board, at its meeting held on 24th December, 2002, appointed Shri Asit Javeri in the casual vacancy caused by resignation of Shri Chakor L. Doshi. The Board has felt that it would be in the beneficial interest of the Company to avail of the rich and varied experience of Shri Asit Javeri. Had Shri Chakor L. Doshi continued, he would have retired at this Annual General Meeting.

The Company has received from a member notice with the deposit proposing the candidature of Shri Asit Javeri.

Except Shri Asit Javeri, none of the other directors is concerned or interested in the resolution.

By Order of the Board,

L. Krishnamoorthy

Vice President & Company Secretary

58th Annual Report

CHAIRMAN'S STATEMENT

Dear Shareholders,

The fiscal year 2003-2004 has been positive for the automobile and engineering industries. Buoyed by strong economic fundamentals, abundant low cos consumer finance and a wide array of products, the automobile market has recorded a phenomenal 28% domestic as well as 79% export growth. The latter is a clear sign that Indian vehicles are increasingly being accepted in global markets, which can only lead to further development of this vital sector. Judicious government policies, gradual reduction of tariffs

coupled with liberal import-export policies have spurred quality improvement, sharper competition and product diversity. I hope the government will pursue this pragmatic course permanently forsaking the old discriminatory, protectionist and consumer unfriendly shibboleths of past automotive policies.

Your Company has achieved an operational turn around this year with a modest profit of Rs 69.54 lakhs against a large loss of Rs 731.01 lakhs last year. The past decade has unfortunately been a turbulent and precarious period for your Company. However, the courage, dedication and steadfastness of our management team has enabled us to weather this storm. Particularly difficult has been the unreasonable and crippling income tax demand of Rs 235 crores which was finally fully nullified in appeal resulting in refund of nearly Rs 14 crores this year and the arbitrary order by the Collector, (Mumbai Suburban) demanding 50% of the value of your Company's Kurla land sale as "unearned income", which was eventually quashed, after 2 years, by the State Government in appeal. This situation completely disrupted your Company's day today operations and future plans for nearly 4 years due to an acute liquidity mismatch and paucity of working capital as banks were extremely uneasy to provide finance until these heavy potential contingent liabilities and restraints against your Company's valuable assets were resolved. Although eventually overcome, these problems, particularly the freezing of our land sale inflicted severe damage in this period.

Happily, the storm has since abated and your Company is on the threshold of a fresh beginning aptly symbolized by our new corporate logo to demarcate this break from the past. The future focus will be in our areas of experience and core competency namely: vehicles, machine tools and engineering with currently no plans to diversify into new or unrelated businesses.

Vehicles: Your Company has set up a new assembly line and will continue to expand its automotive operations at its Chinchwad, Pune factory. It continues to have a technical relationship with China Motor Corporation of Taiwan and has commenced commercial production and delivery of its light utility vehicles

The Premier Automobiles Ltd. (

from 22nd April, 2004 onwards. This project is attractive because it targets growing market niches, is nearly 85% indigenous with over 80% of parts outsourced resulting in a very low fixed investment and hence, a low breakeven and low risk.

Machine Tools: Your Company continues to be a leading player in the Indian machine tool market with a strong order book of nearly one year's sales and a dominant market share of nearly 70% in the gear machines segment. With robust industrial growth and companies re-tooling for the future there is a resurgent demand for such machines which will continue to remain in the long term. Your Company's products are competitive against imports (even second hand) and it has resumed exporting machines to Europe. There is a continuous upgradation of technology taking place and the future focus will be on broadening the product range to cater to global markets.

Engineering: Your Company provides services and components to major Indian companies—such as Tata Motors, Bajaj Tempo, TVS Motors, Larsen & Toubro, etc. Although currently small, this business is forecast to grow substantially with excellent profitability and export potential. It is a major thrust area in future.

Henceforth, your Company's industrial activities will be centralized at its Chinchwad, Pune site resulting in a huge improvement in cost saving, efficiency and overall productivity. It is well located between Bombay and Pune, with a highly skilled, cooperative labour force and surrounded by engineering and auto component industries resulting in shortened supply times.

In conclusion, I am optimistic about your Company's future and would like to thank all our employees, partners, suppliers, dealers, bankers and other associates for their patience and súpport during these trying times. Their faith in our ability to overcome the various crises has been borne out and I now look forward to a long term, mutually beneficial working relationship with each one in the future.

Finally and most important, I would like to express my sincere appreciation and gratitude to our shareholders, who have faithfully supported this Company through six decades of good and bad times. I assure you that we will spare no effort to resume providing regular dividends to them at the earliest.

With best wishes Yours sincerely

Vinod L. Doshi

Chairman

REPORT OF THE DIRECTORS & MANAGEMENT DISCUSSION & ANALYSIS

To The Members

The Directors present the fifty-eight annual report of the Company and the audited statement of accounts for the financial year ended on 31st March, 2004. This report includes management discussion and analysis of the Company's operations.

1. OPERATING RESULTS

	THIS YEAR	PREVIOUS YEAR
	(1.4.2003 - 31.3.2004)	(1.1.2002 - 31.3.2003)
Profit/(loss) before depreciation	171.71	[596.84]
Less: Depreciation	102.17	134.17
Profit (Loss) for the year	69.54	[731.01]
Add: Surplus brought forward from last year	•	329.91
Transferred from general reserves		401.10
Surplus available for appropriation	69.54	-
Appropriations : Provision for Income tax	3.80	
Balance carried to balance sheet	65.74	-
(Rs. in lakhs)		

1.2 Operating Highlights

Machine Tool Division:

During the year under report, the division achieved a gross turnover of Rs.37.88 crores in 12 months as against Rs.42.29 crores [annualized] during the corresponding previous period of 15 months. Order position gathered momentum from the second guarter of the financial year. The division could have achieved improved sales turnover had adequate working capital facility been available.

Under 'Business Review', an analysis of Company's business, present and future, has been given.

1.3 Light-utility Vehicle Project:

The implementation of the Project has been progressing smoothly. As the shareholders are aware, this Project is implemented at the Company's machine tool division at Chinchwad, Pune. The Company has already established the assembly line for assembling of the light utility vehicles. On 21st March, 2004, two Vans have been productionized by assembling local made parts and imported body parts at Chinchwad on pilot basis for the purpose of evaluation. The Company proposes to extend its manufacturing facilities at Chinchwad to meet the increased demand for the Van. Civil work for extension of manufacturing facilities has already commenced and would be completed in six months' time.
