MANAGING DIRECTOR'S MESSAGE

Dear Shareholder,

India is witnessing a paradigm shift, fueled by the central government's various new initiatives. With the objective of creating jobs and business opportunities, the central government has targeted to make India a manufacturing hub through its 'Make in India' drive. This may lead to a significant increase in industrialization. The pipeline is undoubtedly the lifeline for any industry, therefore the demand for pipes is expected to grow. The 'Smart Cities' initiative will be another big opportunity, as it will lead to the demand for better infrastructure which is already witnessing an increased consumption of steel structures. The government has also pushed for City Gas Distribution for 'Smart Cities' which would open new avenues of growth for pipes. With the need for speed in construction, Pre-Engineered Building is fast gaining acceptance across industries.

The global steel industry continues to face headwinds in a largely volatile global economic environment. However, it must be admitted that the industry performance during FY 2016-17 was better with improved realizations and a more disciplined supply side response.

If we consider the current stage of development of the Indian economy and the growth trajectory that it is likely to follow in the coming years, the domestic industry has credible reasons for optimism. India's steel demand is likely to see significant growth, going forward. The Government of India has also outlined its intent for ensuring long-term viability of the sector through the recently announced National Steel Policy 2017.

At PPL, we have demonstrated exceptional foresight and fortitude to emerge stronger, notwithstanding challenges. During the year, we achieved higher operational efficiencies, higher capacity utilizations and optimizing our raw material usage.

Premier Group is an esteemed brand so long applauded for its consistency and reputation, earned across years of hard work, brainstorming innovating ideas and team spirit. Premier Group is a well diversified 20 Year old conglomerate whose operations range from manufacturing of reinforcement steel (TMT Bars, Billets, PVC & Steel Pipes & Precast Concrete) and has recently ventured into Real Estate operations. Premier has recently ramped up its production facility at Bindki Road, Fatehpur (U.P) to produce structural Steel Hollow Section (SHS/RHS/CHS) along with high- end industrial ERW Galvanised /Black Pipes, Tubular Poles and Scaffolding & Formwork System.

Premier Group has more than 5 Manufacturing units situated across Northern India & is growing at an exponential pace across all the verticals to achieve its dominant position within its peer group and markets its product under brand name "PREMIER".

At Premier, we work striving towards excellence in everything we do so as to keep up with our brand reputé as well as to emerge even stronger as a team. We have been entrusted with years of trust from customers and it's our responsibility to deliver only the best, affirming everyone's faith and to stand tall each time as the defending champions in the industry.
