Founder's Vision and Message:

Dear Shareholders,

10 years ago, a vision was formed of becoming a company of Brilliance, equivalent to the best in the industry with our leadership quality, passion, innovation, entrepreneurship and management. We started with a vision to create a Corporate which would integrate multiple disciplines including Supply of Fruits and Vegetables, Warehousing & Manpower services, Pack house & cold storage along with Supply Chain Management services in due course. The journey so far has been challenging. However, we strongly believe that in every challenge lies an opportunity and we have used every opportunity to make it more purposeful and result oriented towards the overall success of the company and its stakeholders while preserving the business ethics. The past has been so far remunerative in terms of value addition, satisfaction and confidence amongst all stakeholders particularly employees, customers, suppliers, Banks and society at large including the government due to our huge contribution by way of distribution of revenues to all these partners.

On Customer and Service Front: We continue to remain engaged in building portfolio of scalable businesses leveraging enterprise strengths, new locations and existing clients. There has been an immense internal drive and focus to carefully nurture competencies. As the business opportunities are expanding and we are in constant search of exploring the new ones, there is burning desire to make most of them count. Over the years there has been increase in the type of services i.e. from Fruits & Vegetables aggregation to distribution, cold chain facilities of few products to numerous products, warehousing and C & F Services, manpower handling and management services, packaging services, sorting & grading services. Over the coming years, we are planning to add many more services relating to agro and other allied products and products in which the company has core competency or in which the company is developing the new competency. **Overall customer satisfaction and there through strong customer base over long term and continued business expansion is the basic strategy.**

On Supply Chain and Continued & Timely Supply-Source Front: The continued, timely and reliable supply is one of the pillars of our business and with this conscious thinking we are constantly improving the raw material supply sources. We persistently are putting Efforts towards tapping the right source of materials through direct farm visits across the country, owning/ leasing farms, assisting farmers financially or through technical guidance related to basic infrastructure facilities, providing scientific inputs and educating farmers for improving yield and cultivation area, direct sourcing the materials from the market and such other measures. We have been tying up with many farmer groups, NGOs and FPOs for the long-term association to ensure our raw material supply.

On Infrastructure Facilities Front: At Prime, we are putting relentless efforts to adapt the state-of-the-art technology available to improve and expand our services levels and the equivalent will continue in the future as well. Our resilient connect with APMC, farmers, exporters, whole sellers, retailers and food processor shall help us to reach new altitudes over the coming years. It is indeed satisfying to witness a fulfilling journey of an enterprise that is so deeply motivated by its commitments to create value for all stake holders and society at large.

Believing in the power of our vision, we at Prime chose to persevere on this journey and on our commitment with confidence, driven by values of trusteeship and vitality powered by a dedicated team.

I am glad to conclude, Prime is a company of leaders that puts people at the center of the winning solutions.
