PRIYADARSHINI SPINNING MILLS LTD.

Item No.8

The Information as required under Regulation 73 of the SEBI (ICDR) Regulations, 2009 for Preferential Issues are as under:

a) Object of the issue:

To convert the unsecured loans brought by the promoters and their entities as a part of stipulation by the bankers of the Company.

b) Intention of Promoters / Directors / Management personnel to subscribe to the offer:

Shri C.K. Rao, Executive Vice Chairman, Shri Harish Cherukuri, Managing Director and Shri Srinivas Kodali, Executive Director are the main Promoters. As a part of condition of bankers the promoters brought Unsecured Loans to the tune of Rs. 600 Lakhs through their entities. As the banks are insisting to convert those loans into Equity Share Capital, the promoters are proposing to convert their loans to the extent of Rs.600 Lakhs as convertible debentures keeping in view the SEBI (ICDR) Regulations, 2009.

c) Shareholding before and after the issue of shares:

* this may differ based on the actual allotment at a price determines as per the regulations as on relevant date and the maximum shares will be as stated above.

PRIYADARSHINI SPINNING MILLS LTD.

- d) The Company will complete the allotment of Convertible Debentures within a period of 15 days from the date of passing of the resolutions by the shareholders or when the allotment on preferential basis requires any approval by any regulatory authority like Stock Exchanges or Central Government, the allotment of Convertible Debentures will be completed within 15 days from the date of such approvals.
- e) Identity of allottees with percentage of expanded capital to be held by them. The proposed allottees (and / or their nominees, associates or affiliates) are:

Sl. No	Name of the Proposed Allottees	Present Holding	% of Present Holding	Present Holding (Considering Maximum Shares)	% Of Post Issue
1	Sravanti Agencies Private Limited	NIL	NIL	11,97,000	9.75%

f) Lock In Requirements:

The shares to be allotted on preferential basis shall be subject to lock-in as per applicable Chapter VII SEBI (ICDR) Regulations, 2009 in this regard.

g) Auditors' Certificate

M/s.P.Srinivasan & Co., Chartered Accountants, the Statutory Auditors of the Company have certified that the preferential issue is being made in accordance with the requirements contained in SEBI (ICDR) Regulations, 2009. A copy of the certificate is kept for inspection at the Registered Office of the Company during the business hours.

h) Relevant Date:

Relevant Date for the purpose is the date 30 days prior to the date on which the holders of the convertible debentures entailed to apply for the conversion into equity shares.

- i) Undertaking to re-compute the price: The Company and Promoters undertake that they shall re-compute the price of the specified securities in terms of the provision of the Chapter VII of SEBI (ICDR) Regulations, 2009 if it is required to do so.
- j) Undertaking to put under lock-in till the re-computed price is paid: The Company and Promoters undertake that if the amount payable on account of re-computation of price is not paid.

There will neither be any change in the composition of the Board nor any change in the control of the company on account of the proposed preferential allotment. However, there will be corresponding change in the shareholding pattern as well as voting rights consequent on conversion of equity shares from Convertible Debentures issued on preferential allotment basis.

Section 81 of the Companies Act, 1956 provides inter alia, that when it is proposed to increase the issued capital of a Company by allotment of further shares, etc., such further shares shall be offered to the existing shareholders of the Company in the manner laid down in Section 81 unless the shareholders in general meeting decide otherwise by passing a special resolution. Therefore, consent of the shareholders by way of Special Resolution is being sought pursuant to the provisions of Section 81 and all other applicable provisions of the Companies Act, 1956 and in terms of the provisions of Chapter VII of the SEBI (ICDR) Regulations 2009 and the listing agreements executed by the Company with the Stock Exchanges where the Company's shares are listed.

The members are, therefore, requested to accord their approval authorising the Board to go for the proposed private placement and / or preferential issue as set out in the resolution.

Shri C.K. Rao, Executive Chairman, Shri Harish Cherukuri, Managing Director and Shri Srinivas Kodali, Executive Director Directors of the company are being considered as interested in the resolution as the allottee are part of the Promoters' Group.

10. Profit and Loss A/c Balance	1831.79	958.57
1. Surplus carried forward to Balance Sheet	1831.79	958.57

REVIEW OF OPERATIONS:

During the year under review, company has achieved a turnover of Rs. 26109.33 lakhs as against Rs.19263.78 lakhs in the previous year, registering a growth of 35.53%.earned a profit of Rs.83 lakh as against the profit of Rs. 1.00 lakhs in the previous year. Though there was increase in turnover it was not reflected in the profitability on account of the increase in the cost of raw materials Cotton and Polyster from the Second half of the year not compensating increase in sale price has pulled down the margin. But for the external factors the operating results could have been better.

The textile industry entered demand contraction in the Month of April 2011 and normalcy is yet to be restored. The impact of this has affected the cotton yarn division at Ongole more. The Ongole Unit was incurring losses from the second half of the year. The company proposes to sell off the Ongole Unit and pre pay loans thus reducing the interest cost

and repayment commitment to improve the cash flows and invest in the working capital to improve the operational efficiency and cost reduction.

The company proposed a Corporate Debt Restructuring to the bankers seeking certain concessions with promoters contribution and sale of the Ongole Unit and Gas Turbine. The same is under discussion stage, all these efforts shall yield to have better performance in the next financial year.

TEXTILE INDUSTRY:

Textiles and clothing constitutes the largest manufacturing industry in the country accounting for 4 per cent of GDP, 14 per cent of industrial production and around 12 per cent of the country's total exports. The industry directly provides employment to 35 million workers and provides indirect employment to another 47 million workers. 2010-11 was a good year for the sector in terms of turnover, sales, profit and growth in investments.

The spinning sector has invested over Rs. 40,000 crore in modernization and capacity expansion and its current installed capacity has risen from 38 million spindles in 2001 to 45 million spindles in 2011, i.e., within a 10 year period. The government has been encouraging yarn exports and the domestic consumers never had short supply of yarn. Almost all the global leading players in textiles and clothing manufacturing in countries like European Union, USA, far-east countries including Japan, Bangladesh, have been depending on Indian cotton yarn over decades.

When the cotton prices became highly volatile and speculative during the last year, the yarn price increased steeply though it never matched the abnormal increase in cotton price. Because of persistent demand of value added segments, the government fixed a cap of 720 million kg for exports during the year 2010-11 as against industry demand for 1100 million kg, brought controls on yarn exports and suspended exports for almost three months (Jan-Mar. 2011). In the process, the Indian spinners lost their credibility in the international market as a reliable supplier and lost very valuable customers with whom they had over two decades of business relationship. In addition, the government also withdrew all export benefits including the DEPB/DBK.

The demand for cotton yarn domestically declined substantially and the closure of nearly 1000 dyeing units in Tamil Nadu due to pollution issue (by the High Court) added fuel to the situation. All this resulted in accumulation of stock with Spinning Mills. As on 31st March 2011, the closing stock exceeded 300 million kgs and by May it exceeded 500 million kgs due to sudden glut in the international and domestic markets.

THE IMPACT OF COTTON POLICY

During the year 2010-11, the world witnessed a global shortage of cotton as it was assessed by International Cotton Advisory Committee (ICAC) that the crop of raw cotton will be lower by 10%. The international prices of cotton increased from US \$ 0.84 per pound in October, 2010 to a record level of US \$ 2.30 per pound in April, 2011, within a period of 6 months, which was unprecedented and a record price in cotton history. The cotton price in India moved in tandem with the world

market and also increased from Rs.35,000/- per candy to Rs. 62,500/- per candy during the same period. The premature announcement of cotton exports and lower stock use ratio made cotton prices highly volatile.

ADEQUACY OF INTERNAL CONTROLS:

The Company has a proper and adequate system of internal controls to ensure that all assets are safeguarded, and protected against loss from unauthorized use of disposition, and that transactions are authorized, recorded, and reported correctly. The internal control system is supplemented by an extensive programme of internal audits, review by management and documented policies, guidelines and procedures.

The internal control system is designed to ensure that the financial and other records are liable for preparing financial statements and other data and for maintaining accountability of assets. The audit Committee comprising independent Directors will review the internal control system on quarterly basis.

EXPORTS:

On the export front, your Company's exports has shown impressive performance by achieving export turnover of Rs. 2669 lakhs during the year 2010-2011 as Compared to Rs.2192.51 Lakhs in the previous year thereby registering a growth of 21.73%. The Company expects further growth in the exports in the fiscal year 2011-2012.

WIND MILL:

During the year under review, the 1.8 M.W Wind power Mill has generated 20,50,800 units as against 24, 45,482 units in the previous year.

GAS POWER PROJECT:

The 3 .M.W. Gas based power project of the Company has not generated power due to non-availability of Gas

During the year under review, 3MW Gas based Power Plant was not in operation.

The company proposes to sell this unit during the current year 2011-2012 and the proceeds will be utilized for the purpose strengthening working
