Your Directors report that the Company has shown encouraging performance during the financial year ended 31st March, 2008. The financial results of the Company for the financial year ended 31st March, 2008 are summarised below :-

	(Rs. in crores)		
•	2007-08	2006-07	
Sales Turnover & Other Income	235.40	238.33	
Total Expenditure excluding Finance Charges and Depreciation	204.02	209.80	
Profit before Finance Charges and Depreciation	31.38	28.53	
Finance Charges	11.40	12.58

Members would be happy to note that your Company has posted a Net Profit (before tax) of Rs.7.19 crores in the financial year 2007-08 as against preceding financial year's Net Profit (before tax) of Rs.2.36 crores, mainly due to increase in the combined average realisation from Rs.24,600 per Electro-Chemical Unit (ECU) in the financial year 2006-07 to Rs.25,300 per ECU in the financial year 2007-08. The Sales Turnover of your Company during the financial year under review was Rs.235.40 crores. The Profit before Finance Charges and Depreciation at Rs.31.38 crores was higher as compared to Rs.26.53 crores in the preceding financial year. During the financial year under review, the Net Profit (after tax) was Rs.3.94 crores as against Rs.0.99 crore in the financial year 2006-07.

Your Directors believe that the results would have been better but for increase in cost of raw materials.

In view of the accumulated losses of the Company, the Directors regret their inability to recommend any dividend for the financial year 2007-08.

Finance and Corporate Debt Restructuring

The Revised Restructuring Package sanctioned for the Company by the Corporate Debt Restructuring (CDR) Empowered Group of CDR Cell, under which the debt liabilities of the Company had been restructured, had resulted in reduction in rate of interest and reschedulement of repayment of debts.

During the financial year under review, the liquidity continued to remain under strain due to Net Loss in the First Quarter of the financial year 2007-08 and increase in power tariff by the Punjab State Electricity Board (PSEB) w.e.f. 1st September, 2007. The said hike in power tariff was subsequently rolled back by PSEB in April, 2008 with the additional payments made to PSEB being adjustable in 12 monthly installments in their monthly bills from April, 2008.

During the financial year under review, the Company did not raise funds by way of fixed deposits.

Current Operations and Outlook

Your Company has done extremely well in the First Quarter ended 30th June, 2008 of the financial year 2008-09. The average capacity utilisation of the Plant in the Quarter ended 30th June, 2008 was 95% as compared to 91% in the corresponding period in the preceding financial year. The combined average realisation during this period increased to Rs.30,800 per ECU – an increase of Rs.5,500 per ECU over the combined average realisation during the financial year 2007-08. These resulted in a Net Profit (before Tax) of Rs.10.52 crores on a Sales Turnover of Rs. 69.08 crores against a Net Loss of Rs.1.63 crores on a Sales Turnover of Rs.7.19 crores on a Turnover of Rs. 235.40 crores in the financial year 2007-08. These results would have been still better but for an upward revision in power tariff by 7% w.e.f. 1st April, 2008 by the Punjab State Electricity Board. The annual impact of this increase on the Company's profitability would be to the tune of approx. Rs.7.50 crores on 100% production basis. However, inspite of this increase in power cost, your Company hopes to post an excellent performance in the financial year 2008-09.
