**ANNEXURE TO THE NOTICE :****EXPLANATORY STATEMENT PURSUANT TO SECTION 173 (2) OF THE COMPANIES ACT, 1956 :****ITEM NO. 5 :**

Your Company is at present engaged in the manufacture and sale of Sugar and Industrial Alcohol. Co-generation of Power by using Bagasse, which is a bye-product of Sugar and distribution of Power now has become thrust area of Sugar Industry. The Government is also encouraging to go for Co-generation Power Plant based on renewable energy sources.

In future, entering into co-generation of power will be in the interest of the Company. Amendments proposed by way of addition to the Object Clause in the Memorandum of Association as set out in the Resolution are to facilitate diversification and to enable the Company to enlarge its area of operations in co-generation of power. Hence it is necessary to alter the Memorandum of Association of the Company by inserting a new sub-clause for generation of power.

The Board seeks your approval under Section 17 of the Companies Act, 1956 for alteration of the Object Clause 3 of the Memorandum of Association of the Company.

None of the Directors of the Company is concerned or interested in the Resolution.

**ITEM NO. 6 :**

The Companies (Amendment) Act, 2000 has inserted a new Section viz. Section 192A providing for a regulatory frame work for adopting a resolution by a Postal Ballot. It is, therefore, proposed to incorporate an Article viz. Article No. 62A in the articles of Association of the Company to enable the Company to adopt any resolution by a Postal Ballot.

None of the Directors of the Company is concerned or interested in the Resolution, except to the extent of their respective shareholding, if any, in the Company.

The Articles of Association of the Company referred to in Item No. 6, together with the proposed alterations incorporated therein is available for inspection by the Members of the Company at the Registered Office of the Company between 11.00 A.M. and 1.00 P.M. on all working days of the Company upto and including the day of the Meeting.

(h) Balance brought forward from last year	171.81	43.38
(i) Balance carried to Balance Sheet	334.62	171.81

**DIVIDEND :**

Considering the conservative scenario in the Sugar Industry, your Directors do not recommend payment of Dividend.

**OPERATIONAL RESULTS :****SUGAR DIVISION :**

The comparative figures of Cane Crush, Sugar Recovery and duration for the seasons/years 2000-01 and 1999-2000 of your Sugar Factory vis-a-vis the State of Bihar as a whole are given below :-

	Financial Year		Season		Bihar (Season)	
	2000-01	1999-2000	2000-01	1999-2000	2000-01	1999-2000
1. Duration of crushing (Gross Days)	159	130	148	158	110	144
2. Cane crushed (Lac Qtls.)	37.45	25.72	35.52	31.30	316.07	399.42
3. Recovery (%)	9.20	9.16	9.35	9.00	9.11	9.20
4. Production (Lac Qtls)	3.46	2.32	3.32	2.82	28.78	36.76

During the financial year 2000-01 the Company installed various Balancing Equipments to stabilise the Plant for crushing at 3500 TCD which has resulted in improved working.

Due to excessive production of sugar in the country there was huge mismatch between demand and supply. There was also slow export movements. These factors have resulted in depressed market conditions and the average All India Free Sugar sale realisation remained almost static since three years, rather it has gone down during this year.

**SUGAR & CANE POLICY :**

- \* As a beginning to implement the "Mahajan Committee" recommendations, the Government of India had revised the Levy : Free ratio from 30 : 70 to 15 : 85, with effect from 1st February, 2001, a step towards Decontrol. Simultaneously, it has been decided that Sugar under Public Distribution System (PDS) will only be available to those who live 'Below Poverty Line' (BPL) with an increased per capita monthly quota of 500 Grams instead of 425 Grams distributed earlier. The issue price of Sugar under PDS has also been slightly increased by the Central Government from Rs. 13/- per Kg. to Rs. 13.25 per Kg.
- \* The Statutory Minimum Cane Price (SMP) for the season 2000-2001 was fixed by the Central Government at Rs. 59.50 per Qtl. linked with a basic recovery of 8.5% against Rs. 56.10 per Qtl. for the previous season 1999-2000. The SMP in case of the Sugar Mill of your Company was Rs. 64.40 per Qtl. against Rs. 59.40 per Qtl. in the previous season, but the Bihar Sugar Factories had to pay a price of Rs. 86.00 per Qtl. during the season 2000-2001 (against previous season's Rs. 82.50 per Qtl.), (consisting of SMP and advance against Clause 5A under 'Bhargav Formula').
- \* Sugar was put under OGL and the Government have removed quantity restriction of 10 Lac Tons for current year. The international prices though improved to some extent are not adequate to boost exports to the desired level. The incentives being offered by the Government presently for boosting exports of sugar are not sufficient and the Industry have made representation to the Government for further incentive considering the following to give impetus to Sugar Exports :
  - (1) The facility of advance release to exporting units for a period of 12 months be increased to 18 months.
  - (2) The State Governments be prevailed upon to remit Purchase Tax on Sugarcane prorata of sugar exported.
  - (3) Subsidisation of transportation cost of sugar to the ports in a manner compatible with the WTO provision.
- \* With a view to achieve stability in sugar prices, go towards globalisation and deregulation, the Government in principle have agreed for Forward and Future Trading in Sugar and for which Future Trading Exchange are under formation in the country. It will allow the Traders and Industry to operate in international market too.
- \* The Levy Sugar price of North Bihar Zone under which your Sugar Factory falls has been revised by the Central Government from Rs. 1085.43 to Rs. 1165.24 per Qtl. However, still the same is much lower than the actual cost of production.
 

The North Bihar Factories being aggrieved by the gross injustice done to them in regard to fixation of levy sugar price have appealed to the Hon'ble Patna High Court for relief. We are glad to state that the Hon'ble High Court have since passed an Order directing the concerned Ministry to look into the costing and if required revise the levy sugar price to a reasonable level.
- \* The Government have, in principle, decided that SDF soft term loan would be made available to the Sugar Factories for setting up co-generation projects also.

**SUGAR SCENARIO :**

The Sugar year 2000-2001 opened with a stock of 100 Lac M/T against 69 Lac M/T in the previous year. The current year's production is estimated at an all time record high of 185 Lac M/T against 182 Lac M/T in the previous year. This again makes India the largest producer of Sugar in the world.

**RIGA SUGAR COMPANY LIMITED**

After a long delay the Government, with an intention to stop imports of sugar to the country took various measures and increased Import Duty to 60% (although it is around 130% in other countries) and brought imported sugar under Levy and released mechanism. As a result the undesired imports of sugar to the country had been stopped.

Though the sugar export is not economical, some exports are taking place and it is expected that the sugar export will touch the figure of 11 Lac Tonnes during the current year.

Sugar Exports are possible only by the factories which are nearer either to the Ports or the Wagah Border. However, for the factories like yours which are situated far away from the Ports and main line, export of sugar becomes further more uneconomical.

Domestic consumption of Sugar is expected to be around 158 Lac M/T, and thus the Carry Forward stock of Sugar will further increase from 100 Lac Tonnes to 116 Lac Tonnes, an increase by 16 Lac Tonnes.

**FUTURE PROSPECTS :**

With continuous impetus to extensive Cane Development Programmes under the guidance of Vasantdada Sugar Institute coupled with normal monsoon and natural climatic conditions, it is expected that crushing and recovery at your Factory will continue to improve in coming seasons and all out efforts are being taken to maintain the upward trend.

Presently your Company is mainly concentrating in the following areas so as to achieve higher cane potential to take care of the increasing demand of Cane :

- (1) Sub-soiler cultivation.
- (2) Preparation of sand-bore.
- (3) Trash burning.
- (4) Foliar application of soluble Fertiliser (NPK + Micro Nutrients)
- (5) Paired Row Plantation.
- (6) Application of modified fertilizer dose.
- (7) Increase in area under irrigation by Bore/Dug-wells.
- (8) Replacement of Cane varieties.
- (9) Pest Control.

Your Company have installed Wireless communication system for connecting the Cane Centres and Areas with the Sugar Factory so as to have smooth communication with the Cane Growers.

**DISTILLERY DIVISION :**

The Distillery Unit of your Company produced 74.96 Lac B.L. of Industrial Alcohol during the year under review against 67.26 Lac B.L. during the previous year.

The Industrial Alcohol prices have continued on lower side during the year, thereby affecting profitability of the Company. However, your Company had been able to cut the cost especially in regard to Power and Fuel.

With the international market of Molasses and Industrial Alcohol looking up, some exports of these products from India have taken. Thus indigenous prices of Alcohol have improved.

The Central Government have in principle accepted that Ethanol can be admixed with Diesel and Petrol for increasing efficiency of the vehicles and reducing atmospheric pollution. Three Pilot Plants for the purpose have since been installed in the country. It is very likely that in near future Industrial Alcohol with little more refining will be admixed with Petrol and Diesel in our country as being done in all other developed countries. It is expected that this measure will increase the demand of Alcohol in the country and hence higher capacity utilisation of Indian Distilleries.

**FIXED DEPOSITS :**

The Fixed Deposits accepted/renewed have been repaid on due dates. There is no overdue Fixed Deposit or interest thereon at the end of the year.

**AUDITORS' REPORT :**

The Notes on the Statement of Accounts referred to in the Report of the Auditors have been suitably explained by way of 'Notes on Accounts'.

**COST AUDIT :**

Cost Audit of Accounts of the Company for the year ended 31st March, 2001 is being conducted by M/s. Mani & Co., Cost Accountants, Kolkata, and necessary Report will be submitted to the Department of Company Affairs, Government of India.

**DIRECTORS :**

Mr. Vivek Saraogi and Mr. J. M. Tandon, Directors of the Company, retire by rotation and being eligible, offer themselves for re-appointment.

**DIRECTORS' RESPONSIBILITY STATEMENT :**

Pursuant to the provisions of Sections 217 (2AA) of the Companies Act, 1956 as amended, with respect to the Directors' Responsibility Statements, it is hereby confirmed :

- (i) That in preparation of accounts for the financial year ended 31st March 2001, the applicable accounting standards have been followed along with proper explanation relating to the material departures;
- (ii) That the Directors of the Company have selected such accounting policies and applied them consistently and made judgments and estimates that are reasonable and prudent so as to give a true and fair view of the state of affairs of the Company as at 31st March, 2001 and of the profit of the Company for the year ended 31st March, 2001;
- (iii) That the Directors of the Company have taken proper and sufficient care for the maintenance of adequate accounting records in accordance with the provisions of the Companies Act, 1956 for safeguarding the assets of the Company and for preventing and detecting fraud and other irregularities;
- (iv) That the Directors of the Company have prepared the accounts of the Company for the financial year ended 31st March, 2001 on going concern basis.

**PERSONNEL :**

There was no employee of the Company getting remuneration so as to attract the provisions of Section 217(2A) of the Companies Act, 1956 read with The Companies (Particulars of Employees) Rules, 1975 as amended as on date.
