\* These include the result of Operations of Concepta Cables Ltd. for a part of the year.

**PERFORMANCE**

The results of the year were severely impacted due to depressed market conditions in the Telecom industry and the tight cash flow position of the Company. These were further impacted on account of provisions made for impairment of assets, deferred revenue expenditure, accruals for leave entitlement and de-recognition of revenue in line with well-established accounting principles. Cumulatively, these factors have caused complete erosion in the net worth of the Company.

**DIVIDEND**

Your Directors regret their inability to recommend payment of dividend for the year under review in view of the losses incurred.

**OPERATIONS****Telecom Cables**

In the Jelly Filled Telecom Cables segment of the business, there has been no significant improvement in the price realization, as a result of which your Company was unable to accept any orders, resulting in large losses. The Company

has taken further initiatives to substantially reduce costs and minimize losses. The Jelly Filled Cable Plants at Mysore and Rae Bareilly were closed for most part of the year. In our Optical Fibre Cable segment too the off-take has reduced substantially in view of the decision of the customers to postpone their expansion plans. Here too, the Company has taken steps to substantially reduce costs by downsizing the operations. Once fully implemented, these initiatives will ensure that your Company does not incur any further losses from this business.

**Power Cables**

While the demand for Power Cables has increased substantially during the year, your Company was not able to take advantage of the market position due to a severe liquidity problem. In view of this, the operating expenses were monitored closely and the rationalizing of the manpower base and other operating costs continued. Emphasis was laid on achieving positive cash flows through an improved collection mechanism.

**Housewiring Cables**

The turnover of this business remained static due to the poor cash flow position of the Company. Initiatives to improve cash flows through a concerted effort in reducing costs has been initiated, which will improve the business outlook in the coming years.

**Telenet Solutions**

This business was commenced two years ago by your Company for undertaking contracts for installation of Telecom Cables & Towers. The business turnover has more than doubled in the last one year and the Company has a good order book position under execution. The first export order was also received during the year, which will improve future prospects.

**FUTURE PROSPECTS****Telecom Cables**

As reported last year the demand for OFC is currently mainly from organizations having 'right of way' and for development of the 'Access' network and therefore remains weak but with some stability in pricing.

The Jelly Filled Telephone Cable business will remain stagnant and with excessive industry capacity, your Company does not see a future in this segment of the business.

**Power Cables**

Based on the ambitious plan unveiled by the Government for the power industry last year, steps have been taken by the private and public sector to step up and improve both generation and distribution. This augurs well for the power cables industry.

In the ensuing years, the export sector is also likely to open up resulting in added demand.

## **RPG CABLES LIMITED**

### **Housewiring Cables**

Having established its presence in different parts of the country, the Company is focusing on improving the margins and realizations through better logistics and, distribution management, and sourcing. At the same time various new products are being developed to cater to the needs of selected customers.

### **Telenet Solutions**

This business has now established a foothold in the domestic and international markets. With the completion of several projects, a large number of new enquiries are being received, and this is expected to improve the performance of the business in the coming years.

### **REFERENCE TO THE BOARD FOR INDUSTRIAL AND FINANCIAL RECONSTRUCTION**

The results depict that the entire net worth of the Company has been eroded because of the losses incurred by the Company in last two years. Therefore, a reference shall have to be filed with the Board for Industrial and Financial Reconstruction (BIFR) constituted under provisions of the Sick Industrial Companies (Special Provisions) Act, 1985 (SICA), for determination of the measures, which have to be adopted with respect to the Company for its rehabilitation.

The Consolidated Financial Statements incorporate the accounts of the said subsidiary. Any shareholder interested in obtaining the stand-alone financial statement of the said subsidiary may write to the Company for the same.

### **DEPOSITS**

The Company has been accepting deposits from the public and shareholders. Total amount of such fixed deposits as at March 31, 2004 is Rs. 26.30 crores. Deposits amounting to Rs. 94.51 lacs from depositors remained unclaimed as at the end of the year. Subsequently, out of the said unclaimed deposits, deposits for Rs. 18.00 lacs have been claimed and repaid.

In view of the very difficult cash flow position of the Company, there have been delays in repayment of deposits since January 2004. The Company is seeking time for repayment of deposits with the Company Law Board.
