MANAGEMENT DISCUSSION AND ANALYSIS

Overview and Industry Structure and Developments :-

Due to very low demand of Black & White picture tube in Television industry, it become commercial unviable to run the manufacturing of Black & White picture tubes. Accordingly, the manufacturing operations of the company were closed and all the assets have been disposed off with the requisite approvals.

However, there has been improvement in trading business of imported goods. Your Company is strengthening its trading activities by way of widening of its distribution network on all its territories in India. The Company is also striving to add other items like Olive Oil, Baby Toys etc. in the arena of existing Trading Division. In fact with the development of Indian economy and increasing in the purchasing power of general population in India, the turnover as well as profitability of your Company is expected to increase in the coming years.

OPPORTUNITIES AND THREATS

Opportunities

As the Government of India has provided various fiscal benefits for the import of various products from the country like Thailand and other South East Asian Countries, your Company will get the benefit out of it as the Company has established All India Distribution channels over the years which will be utilized for marketing the products imported from the said Countries.

Threats

In this era of liberalization of Indian Economy, new and strong competitors with the product range similar with the Company can enter into the market with different brands which may put an adverse impact on the sales of the Company.

Segment wise or Product wise performance

The Company's core competence area continues to be trading in FMCG though the Company was primarily engaged in manufacture of Black & White T.V. Picture tubes and CRT tube which was closed on 1st July, 2006 due to commercial unviability. Accordingly, the Company is currently engaged only in trading of FMCG products.

Outlook

Your Company is looking forward to strengthen the operations by way of inducting the new items for trading.

in addition to the existing items. Your Company foresees adequate margins and sufficient scope of increase in turnover in the years to come.

Risks and concerns

The fast and steep appreciation of US dollar against Indian Rupees, increase in the Customs Duty by the Government of India and new competitors with the product range similar with the Company may affect on the operations of the Company.

Internal Control Systems and their adequacy

The company maintains a system of internal control including suitable monitoring procedures. The internal control system is supplemented by an exhaustive program of internal audits and said audits are then reviewed by Audit Committee from time to time.

Development in HR

Your company has laid emphasis on improving the skills of its human resources towards achieving better performance & improving quality.

Financial performance coupled with operational performance

The Company has earned a net profit after tax during the year approx. Rs. 35.94 Lacs as compared to the net profit of Rs. 5.48 lacs (after adjustment of extraordinary items) in the preceding year (Nine Months)

The main reason for increase in profit during the year was increase in the turnover of Trading Division of the Company.

CONSERVATION OF ENERGY, TECHNOLOGY ABSORPTION, FOREIGN EXCHANGE EARNINGS AND OUTGO
