FROM THE DESK OF THE CHAIRMAN

Dear Stakeholders,

The world has changed drastically with the coronavirus pandemic. This is an extreme event – one for which there is no precedence. Rane Brake Lining Limited (RBL) started experiencing the adverse impact of the pandemic from March 2020 with the Government announcing lockdown to contain the spread of coronavirus. This came after six quarters of decline in the automotive market which created an even more challenging business environment. Even with the lockdown eased in various parts of the country, it will take considerable time before normalcy returns.

I would like to share details around the Company's performance in FY2020 and the outlook for the business in these unprecedented times.

The global economy grew at a slower pace in 2019 compared to 2018. There was increased uncertainty driven by rapid shifts in trade policies and resulted in deteriorating business confidence and dampened investment growth across most regions. The Indian GDP growth dipped to 4.2% in FY20 significantly slower than 6.8% in FY19. This slowdown is attributable to credit squeeze negatively impacting consumption, investments and exports. The manufacturing sector remained flat in FY20. The Indian automobile industry faced major headwinds caused by global factors and rapid policy changes which made transition very difficult. An example was limited time given for transitioning to BS6. During the fiscal year the demand environment remained severely impacted by slowdown in the economy.

Despite adverse market condition, RBL was able to reduce the impact of sales drop with the initiatives in the aftermarket segment. RBL focused on new product launches and range expansion across Brake Linings, Disc pads including Two Wheeler products. The Company worked on energy conservation, revamped R&D testing facilities and developed new grades to address future vehicle technologies. Total Quality Management (TQM) principles continued to rule as a basic mantra and enhanced 'Business Excellence Model' helping the company win several accolades.

RBL's sales declined by 8.4% due to drop in demand from Indian OE customers. EBITDA declined 5.2% and the cost savings initiatives of RBL protected the operating margin despite the adverse movement on material and employee cost.

Covid-19 is significantly impacting the performance of FY21 and the Company is working on various cost savings initiatives to reduce the impact. These measures are targeted at improving productivity, optimizing manufacturing cost and includes management staff taking salary reductions ranging from 10% to 35% from Junior to Senior levels.

An excellent, dedicated and professional team of employees continue to drive forward the Company's efforts on winning new orders and improving the operational performance. Our inherent resilience to market fluctuations and prudent conservatism will help the company tide over this critical period and put us in stronger footing when the market recovers.

On behalf of the entire Board of Rane Brake Lining Limited, I would like to thank all our stakeholders – Customers, Employees, Vendors, Investors, Bankers, Government and most importantly our shareholders, who have conferred immense confidence in us, throughout this long journey.

Yours Sincerely,

L Ganesh
Chairman
